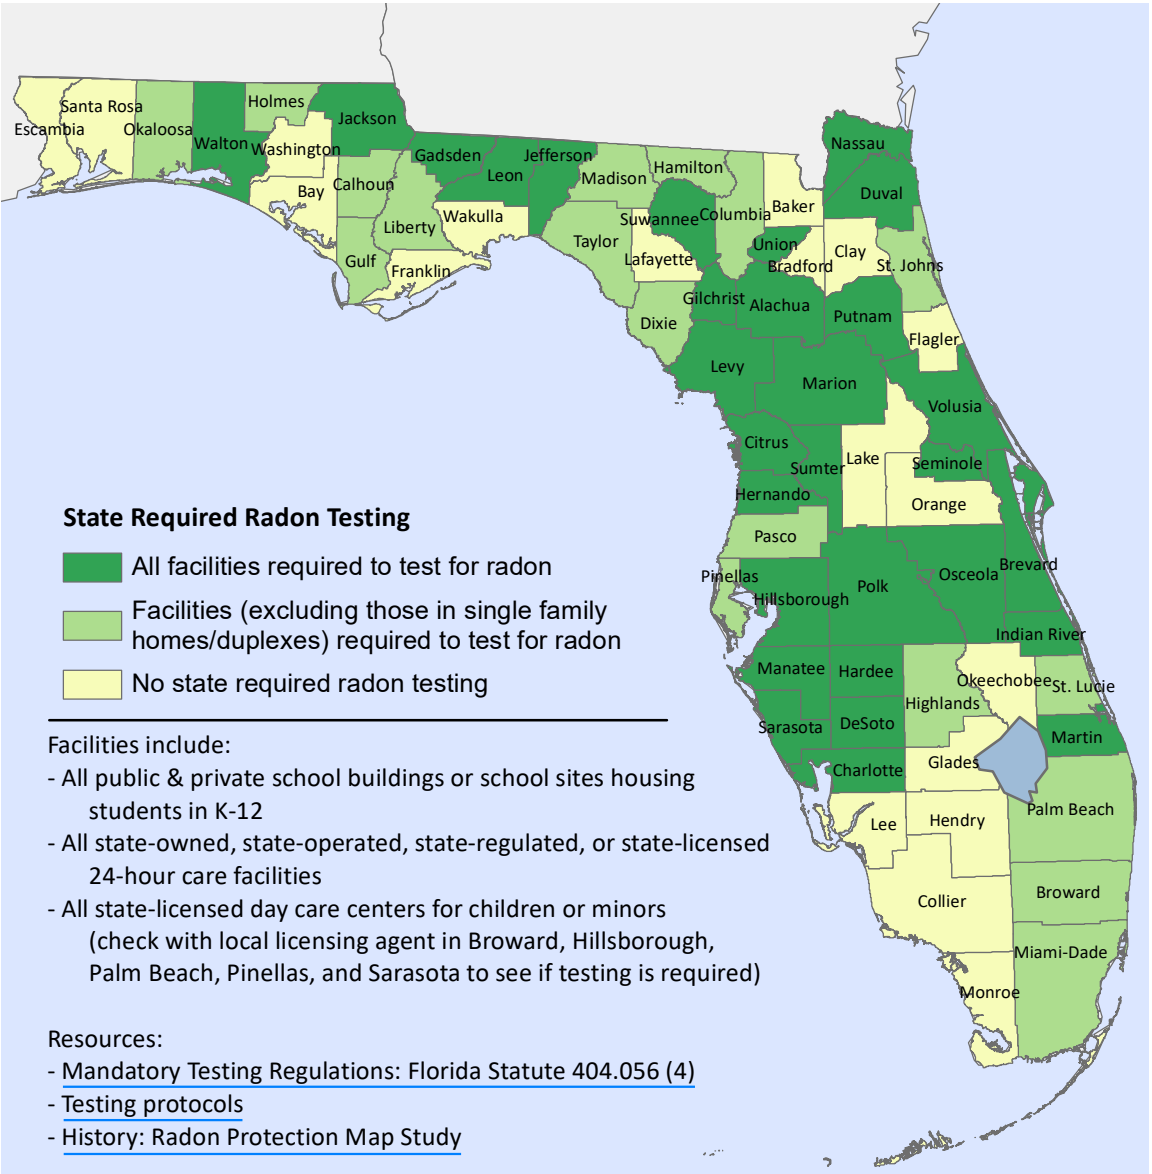
Florida Radon Testing Requirements



Facilities include:

- All public & private school buildings or school sites housing students in K-12
- All state-owned, state-operated, state-regulated, or state-licensed 24-hour care facilities
- All state-licensed day care centers for children or minors (check with local licensing agent in Broward, Hillsborough, Palm Beach, Pinellas, and Sarasota to see if testing is required)

Resources:

- Mandatory Testing Regulations: Florida Statute 404.056 (4)
- Testing protocols
