

44th Civil Support Team Civil Support Team Medical Focused Brief

44th CST Civil Support Team Medical Briefing

March 6, 2013
2:00-3:15 PM EST

Purpose

On Order, the 44th CST located Camp Blanding in Starke deploys to support civil authorities at domestic Chemical, Biological, Radiological, and Nuclear (CBRN) incident sites to identify CBRN agents/ substances, assess current and projected consequences, advise on response measures, and assist with appropriate request for follow on support. The unit is composed of 6 officers and 16 enlisted Army and National Guard personnel and functions in Title 32 Status certified by the Secretary of Defense. The unit includes medical staff and individuals specializing in 14 different response classifications.

This program provides an overview of the civil support unit and their role in event response within the state of Florida. Information on the function and capabilities of the unit is provided by two medical personnel assigned to the unit.

Learner Objectives

Upon completion of the program, the participant will be able to:

- Understand the function and role of the Civil Support Unit
- State conditions for utilization of the unit
- Understand who can activate the CST
- State the capabilities of the unit
- Understand how the unit assists in patient care needs for local healthcare in an event.

44th Civil Support Team Civil Support Team Medical Focused Brief

- Explain the process for activation of the unit
- Explain patient care resources provided by the unit
