

Mission:
To protect, promote & improve the health
of all people in Florida through integrated
state, county & community efforts.

Rick Scott
Governor

John H. Armstrong, MD, FACS
State Surgeon General & Secretary

Vision: To be the Healthiest State in the Nation

August 15, 2014

Dear Vaccines for Children (VFC) Program Participants:

We are pleased to provide your office with a copy of the updated Florida Vaccines for Children (VFC) Program Provider Handbook. This helpful guide details the policies and procedures relevant to the program and contains copies of appropriate forms and instructions. This new 2014 VFC Provider Handbook replaces the version published in 2009. The Florida VFC Provider Handbook is also available on the Immunization Section website at: www.floridahealth.gov/programs-and-services/immunization/vaccines-for-children/provider-handbook.html

Thank you for your continued commitment to providing immunization services. You are the strength of this program, and the Florida Department of Health recognizes your efforts. If you have any questions or comments concerning this handbook, please contact Beth Cox, VFC Program Manager or your VFC Program representative, at 1-800-483-2543.

Sincerely,

Charles H. Alexander, Administrator
Immunization Section
Bureau of Communicable Disease
Division of Disease Control and Health Protection
Florida Department of Health
