Call to Order	Call to order by Alan Skavroneck. Introduction of members present and new EMS members.		
Legislative Items	May 3 <sup>rd</sup> legislative session ended.  1884 bills filed. 284 passed  Texting and driving bill passed and effective October 1 <sup>st</sup>	FYI	
New Business	Rule development process reduced. Process more difficult as draft need to be reviewed by legal staff for determination of whether the request for change is acceptable. e.g. List of medication, line items.  Focus is on consolations of words in chapter 64J-1. Currently need to go to rule development workshop: Drug shortage Medical director Educations/training Paramedic & Impaired practitioners MQA Chapter 456 review look at between the paramedic and other professional CEU requirements		
Open Discussion	Discussion on the way the EMT is taking the exam. First need to pass the Florida and then the national exam.  Community paramedic, develop language to respect Many different ways to provide this service and try new things to meet the need of the community.  Do we need to make changes in statute or language,. It is too early to determine at this time. Need to have a 20/20 vision.
