

Public Health and Medical Integration with Florida Fusion Center Standard Operating Guidelines

November 12, 2012

The Public Health and Medical Integration with Florida Fusion Center Standard Operating Guidelines is an Unclassified/For Official Use Only (U/FOUO) document. It is posted on Florida Department of Health Emergency Notification System (FDENS), DHS Homeland Security Intelligence Network/Health Security Intelligence Enterprise (HSIN/HSIE), and the Florida Fusion Center Network (FFCN).

Purpose: The purpose of this document is to provide guidance of the purpose, authorities, duration, and details of the preferred method for performing the functions of the public health intelligence liaison officers (ILO) in the Florida Fusion Center (FFC).

Limitations: This is a living document that at a minimum will be reviewed and updated bi-annually.

Scope: This is a state level guidance document to provide direction for Florida Department of Health's (FDOH) headquarter personnel involved in the Florida Fusion Center.

For assistance regarding this document, please contact Jennifer_Williams@doh.state.fl.us, Bob_Smith@doh.state.fl.us or John_Bixler@doh.state.fl.us.
