

Rick Scott
Governor

INTEROFFICE MEMORANDUM

DATE: March 12, 2011

TO: County Health Department Directors/Administrators

FROM: Shairi R. Turner, M.D., M.P.H.
Deputy Secretary for Health
Signature on file

SUBJECT: Bureau of Immunization Assessments Ranking Report for 2010-2011

INFORMATION ONLY

Please review the enclosed *Bureau of Immunization (BOI) Assessments Ranking Report for 2010-2011*. This report is a compilation of several previously published BOI reports, which include:

- *Kindergarten and Seventh Grade Immunization Status Report 2010-2011*
- *Vaccine Accountability January 1, 2010 – December 31, 2010 (Cumulative)*,
- *Assessment of County Health Department Immunization Coverage Levels (2011)*
(aka CHD Annual Assessment)
- *Survey of Immunization Levels in Two-Year-Old Children (2010)*

Congratulations to those counties that met or surpassed the goals cited in the above reports. All reports have a double underline drawn at a specific point. These lines are a convenient tool for evaluating your county's accomplishments. Counties shown above the line achieved the state goal for the individual assessment. All 67 CHDs achieved the goal for the Vaccines for Children (VFC) Program category "Unaccounted For," as shown in the *Vaccine Accountability Report for 2010*. Of the 20 counties included in the *Survey of Immunization Levels in Two-Year-Old Children (2010)*, only Dade achieved the state goal.

If you or your staff have questions or need assistance in improving these goals, please contact your BOI field staff area representative.

¹County Health Department.

²Percentage of kindergarten students fully immunized per Section 1003.22, Florida Statutes and Section 64D-3.011, Florida Administrative Code.

³Percentage of seventh grade students fully immunized per Section 1003.22, Florida Statutes and Section 64D-3.011, Florida Administrative Code.

⁴Percentage of specific Vaccine For Children Program, "Unaccounted For" vaccine.

⁵Percentage of children, who by 24 months of age, completed the 4:3:1:3:3:1 (4 or more doses of any diphtheria and tetanus toxoids and pertussis vaccines (DTaP/DTP/DT); 3 or more doses of any poliovirus vaccine; 1 or more doses of measles, mumps, and rubella (MMR) vaccine; 3 or more doses of *Haemophilus influenzae* type b (Hib) vaccine; 3 or more doses of hepatitis B vaccine, and one or more doses of varicella vaccine) immunization series.

⁶Counties above the double underlines reached the state goal for that assessment.

⁷County specific data not included due to total "Clients Sampled" being ≤ 10 .

⁸Weighted average based on the number of births in each county.
