

## Choose Breakfast Cereals That Are Lower in Added Sugars

As of October 1, 2017, breakfast cereal served in the Child and Adult Care Food Program (CACFP) must contain no more than 6 grams of sugar per dry ounce.

There are many types of cereal that meet this requirement. You can use any cereal that is listed on any State agency's Women, Infants, and Children (WIC)-approved cereal list, found as part of the State's approved food lists at: <https://www.fns.usda.gov/wic/links-state-agency-wic-approved-food-lists>. You can also find cereals that meet the requirement using the Nutrition Facts label and by following the steps below:

**1** Use the Nutrition Facts label to find the **Serving Size**, in grams (g), of the cereal.

**2** Find the **Sugars** line. Look at the number of grams (g) next to Sugars.

**3** Use the serving size identified in Step 1 to find the serving size of your cereal in the table below.

Serving Size*	Sugars
If the serving size is:	Sugars cannot be more than:
12-16 grams	3 grams
26-30 grams	6 grams
31-35 grams	7 grams
45-49 grams	10 grams
55-58 grams	12 grams
59-63 grams	13 grams
74-77 grams	16 grams

**4** In the table, look at the number to the right of the serving size amount, under the "Sugars" column.

**If your cereal has that amount of sugar, or less, your cereal meets the sugar requirement.**

\*Serving sizes here refer to those commonly found for breakfast cereals. For serving size requirements in the CACFP, please visit <https://www.fns.usda.gov/caefp/meals-and-snacks>.

22-25 grams	5 grams	74-77 grams	16 grams
26-30 grams	6 grams	78-82 grams	17 grams
31-35 grams	7 grams	83-87 grams	18 grams
36-40 grams	8 grams	88-91 grams	19 grams
41-44 grams	9 grams	92-96 grams	20 grams
45-49 grams	10 grams	97-100 grams	21 grams

## Cereals To Serve in the CACFP\*

Cereal Brand	Cereal Name	Serving Size	Sugars (g)
Healthy Food Company	Nutty Oats	28 grams	5 grams

\*The amount of sugar in a cereal might change. Even if you always buy the same brands and types of cereal, be sure to check the serving size and amount of sugars on the Nutrition Facts label to make sure they match what you have written in the list above. All cereals served must be whole grain-rich, enriched, or fortified.

**Answer to “Test Yourself” activity on page 1:** *The cereal has 5 grams of sugar per 30 grams. The maximum amount of sugar allowed for 30 grams of cereal is 6 grams. 5 is less than 6, so this cereal meets the sugar requirement.*
