FLORIDA BOARD OF CHIROPRACTIC MEDICINE LAUNCHES NEW WEBSITE

TALLAHASSEE- The Florida Board of Chiropractic Medicine has launched an updated, interactive website aimed at improving communication through enhanced transparency and increased accessibility to web services. The new design helps to simplify the process of applying, renewing, or verifying a license and provides information on how to file a complaint.

The website provides streamlined access to the most frequently used features and also encourages public feedback. The site includes valuable resources for chiropractic physicians, certified chiropractic physician's assistants, registered chiropractic assistants, faculty certificate holders and consumers.

"The new chiropractic website is clean, crisp and easy to navigate. It benefits both consumers and chiropractors in the great state of Florida and is a product of which the Department should be proud," said Board Chair, Kevin Fogarty, D.C.

The Board of Chiropractic Medicine's website is the latest of seventeen health care profession websites to be redesigned. For more information, please visit www.floridaschiropracticmedicine.gov or follow the Board of Chiropractic Medicine on Twitter @FLChiroBoard.
