**FLORIDA BOARD OF NURSING HOME ADMINISTRATORS  
LAUNCHES NEW, INTERACTIVE WEBSITE**

**TALLAHASSEE-** The Florida Board of Nursing Home Administrators announces the launch of an updated, interactive website to improve communication. The website was redesigned to deliver a simplified and more user-friendly experience, with streamlined access to the most frequently used features. The home page also displays a prominent rotating banner that introduces alerts, important news and notifications for nursing home administrators, administrators-in-training, preceptors and consumers.

"The Board of Nursing Home Administrators is extremely pleased with the functionality of the new site," said Board Chair, Henry Gerrity. "The design of the website is well done, easy to navigate, and will benefit both potential applicants and current licensees."

The Board of Nursing Home Administrator's website is the newest of twenty health care profession websites to be redesigned.
