## SECTION 1.0 INTRODUCTION

### **1.1 STATEMENT OF PURPOSE**

The WIC Smile 4 U Project is a dental health early prevention program funded by the Maternal and Child Grant Title V grant to increase dental care, both preventive and treatment for Women, Infant and Children in Hillsborough County. The program will assess the needs and barriers of the minority population, identify gaps in services and bring together community service organizations to develop strategies to reduce oral health disparities in the community and increase access to preventive dental care and treatment.

### **1.2 FUNDING SOURCE**

The project is funded by the Maternal Child Health Title V grant, legislation that provided funds within Florida counties to stimulate the development of community-based and neighborhood-based projects to improve the health outcomes of maternal and child health

### **1.3 FUNDING AVAILABILITY**

The HCHD has an estimated \$116,000.00 available for contract funding. The number of contract awards will depend upon the amount of funds available and the number and quality of the applications received. In order to assure the state will be able to fulfill current and future needs, the department reserves the right to award contracts to multiple applicants and to reallocate funds to established priority areas and populations. Subject to future availability of funds, the department reserves the right to renew or continue any contracts resulting from this Request for Applications (RFA). The applicants will be funded by contract and should expect the department to be substantially involved with how the activities are carried out, much like a cooperative agreement.

### **1.4 FUNDING PERIOD**

The initial term of the contracts resulting from this RFA shall be for a project period of 1 year, beginning on or about September 1, 2011 through September 30, 2012.

### **1.5 ELIGIBLE APPLICANTS**

Eligible applicants include community-based organizations or other entities able to provide activities as defined in Section 2.6, Scope of Activities.

### **1.7 FUNDING REQUESTS**

As with any part of the application, the proposed budget is subject to review and modification by the department.

### **1.9 CONTINUATION OR PROJECT RENEWALS**

If funding is available, contracts awarded under this RFA may be renewed or continued, in whole or in part, by the department for three (3) additional one-year funding cycle. Continuation or renewal of contracts is not guaranteed and shall be based upon successful performance of the provider, as determined solely by the department, and the availability of funds. The department may request an annual continuation application allowing the provider to improve or modify objectives and activities or the completion of outcome measures.

### **1.10 NOTICE AND DISCLAIMER**

Contract awards will be determined by the Department of Health at its sole discretion based on the availability of funds. The department reserves the rights to offer multiple contract awards and to offer contract awards for less than the amounts requested by applicants as it deems in the best interest of the State of Florida and the department. Additionally, the department reserves the right to negotiate budgetary changes with providers prior to and after the execution of the contract. Providers may decline the reduced or modified contract award amount and may request a commensurate modification or reduction in the scope of the project. Grant awards are not purchases of services or commodities governed by chapter 287, Florida Statutes.

If, during the contract funding period, the authorized funds are reduced or eliminated by the federal grantor agency, the department may immediately reduce or terminate the contract award by written notice to the provider. No such termination or reduction, however, shall apply to allowable costs already incurred by the provider to the extent that funds are available for payment of such costs.

NOTE: The receipt of applications in response to this publication does not imply or guarantee that any one or all qualified applicants will be awarded a grant or result in a contract with the Department of Health.

To ensure that funding received under this contract in excess of expenditures is remitted to the Department within 45 days of the earlier of the expiration of, or termination of, this contract.

#### **E. Monitoring by the Department**

To permit persons duly authorized by the department to inspect any records, papers, documents, facilities, goods, and services of the provider, which are relevant to this contract, and interview any clients and employees of the provider to assure the department of satisfactory performance of the terms and conditions of this contract. Following such evaluation the department will deliver to the provider a written report of its findings and will include written recommendations with regard to the provider's performance of the terms and conditions of this contract. The provider will correct all noted deficiencies identified by the department within the specified period of time set forth in the recommendations. The provider's failure to correct noted deficiencies may, at the sole and exclusive discretion of

07/11

the department, result in any one or any combination of the following: (1) the provider being deemed in breach or default of this contract; (2) the withholding of payments to the provider by the department; and (3) the termination of this contract for cause.

#### **F. Indemnification**

NOTE: Paragraph I.F.1. and I.F.2. are not applicable to contracts executed between state agencies or subdivisions, as defined in §768.28, FS.

1. The provider shall be liable for and shall indemnify, defend, and hold harmless the department and all of its officers, agents, and employees from all claims, suits, judgments, or damages, consequential or otherwise and including attorneys' fees and costs, arising out of any act, actions, neglect, or omissions by the provider, its agents, or employees during the performance or operation of this contract or any subsequent modifications thereof, whether direct or indirect, and whether to any person or tangible or intangible property.
2. The provider's inability to evaluate liability or its evaluation of liability shall not excuse the provider's duty to defend and indemnify within seven (7) days after such notice by the department is given by certified mail. Only adjudication or judgment after highest appeal is exhausted specifically finding the provider not liable shall excuse performance of this provision. The provider shall pay all costs and fees related to this obligation and its enforcement by the department. The department's failure to notify the provider of a claim shall not release the provider of the above duty to defend.

#### **G. Insurance**

To provide adequate liability insurance coverage on a comprehensive basis and to hold such liability insurance at all times during the existence of this contract and any renewal(s) and extension(s) of it. Upon execution of this contract, unless it is a state agency or subdivision as defined by §768.28, FS, the provider accepts full responsibility for identifying and determining the type(s) and extent of liability insurance necessary to provide reasonable financial protections for the provider and the clients to be served under this contract. The limits of coverage under each policy maintained by the provider do not limit the provider's liability and obligations under this contract. Upon the execution of this contract, the provider shall furnish the department written verification supporting both the determination and existence of such insurance coverage. Such coverage may be provided by a self-insurance program established and operating under the laws of the State of Florida. The department reserves the right to require additional insurance as specified in Attachment I where appropriate.

#### **I. Assignments and Subcontracts**

1. To neither assign the responsibility of this contract to another party nor subcontract for any of the work contemplated under this contract without prior written approval of the department, which shall not be unreasonably withheld. Any sub-license, assignment, or transfer otherwise occurring shall be null and void.
2. The provider shall be responsible for all work performed and all expenses incurred with the project. If the department permits the provider to subcontract all or part of the work contemplated under this contract, including entering into subcontracts with vendors for services and commodities, it is understood by the provider that the department shall not be liable to the subcontractor for any expenses or liabilities incurred under the subcontract and the provider shall be solely liable to the subcontractor for all expenses and liabilities incurred under the subcontract. The provider, at its expense, will defend the department against such claims.
3. The State of Florida shall at all times be entitled to assign or transfer, in whole or part, its rights, duties, or obligations under this contract to another governmental agency in the State of Florida, upon giving prior written notice to the provider. In the event the State of Florida approves transfer of the provider's obligations, the provider remains responsible for all work performed and all expenses incurred in connection with the contract. In addition, this contract shall bind the successors, assigns, and legal representatives of the provider and of any legal entity that succeeds to the obligations of the State of Florida.
4. The contractor shall provide a monthly Minority Business Enterprise report summarizing the participation of certified and non-certified minority subcontractors/material suppliers for the current month, and project to date. The report shall include the names, addresses, and dollar amount of each certified and non-certified MBE participant, and a copy must be forwarded to the Contract Manager of the Department of Health. The Office of Supplier Diversity (850-487-0915) will assist in furnishing names of qualified minorities. The Department of Health, Minority Coordinator (850-245-4199) will assist with questions and answers.
5. Unless otherwise stated in the contract between the provider and subcontractor, payments made by the provider to the subcontractor must be within seven (7) working days after receipt of full or partial payments from the department in accordance with §§287.0585, FS. Failure to pay within seven (7) working days will result in a penalty charged against the provider and paid by the provider to the subcontractor in the amount of one-half of one (1) percent of the amount due per day from the expiration of the period allowed herein for payment. Such penalty shall be in addition to actual payments owed and shall not exceed fifteen (15) percent of the outstanding balance due.

#### **J. Return of Funds**

To return to the department any overpayments due to unearned funds or funds disallowed and any interest attributable to such funds pursuant to the terms of this contract that were disbursed to the provider by the department. In the event that the provider or its independent auditor discovers that overpayment has been made, the provider shall repay said overpayment within 40 calendar days without prior notification from the department. In the event that the department first discovers an overpayment has been made, the department will notify the provider by letter of such a finding. Should repayment not be made in a timely manner, the department will charge interest of one (1) percent per month compounded on the outstanding balance after 40 calendar days after the date of notification or discovery.

#### **K. Incident Reporting**

**In compliance with Chapter 415, FS, an employee of the provider who knows or has reasonable cause to suspect that a child, aged person, or disabled adult is or has been abused, neglected, or exploited shall immediately report such knowledge or suspicion to the Florida Abuse Hotline on the single statewide toll-free telephone number (1-800-96ABUSE).**

(PRIDE) identified under Chapter 946, FS, in the same manner and under the procedures set forth in §§946.515(2) and (4), FS. For purposes of this contract, the provider shall be deemed to be substituted for the department insofar as dealings with PRIDE. This clause is not applicable to subcontractors unless otherwise required by law. An abbreviated list of products/services available from PRIDE may be obtained by contacting PRIDE, 1-800-643-8459.

It is expressly understood and agreed that any products or materials which are the subject of, or are required to carry out this contract shall be procured in accordance with the provisions of §403.7065, and §287.045, FS.
3. MyFloridaMarketPlace Vendor Registration

4. MyFloridaMarketPlace Transaction Fee  
The State of Florida, through the Department of Management Services, has instituted MyFloridaMarketPlace, a statewide eProcurement system. Pursuant to section 287.057(23), Florida Statutes (2008), all payments shall be assessed a Transaction Fee of one percent (1.0%), which the Provider shall pay to the State.

For payments within the State accounting system (FLAIR or its successor), the Transaction Fee shall, when possible, be automatically deducted from payments to the vendor. If automatic deduction is not possible, the vendor shall pay the Transaction Fee pursuant to Rule 60A-1.031(2), F.A.C. By submission of these reports and corresponding payments, vendor certifies their correctness. All such reports and payments shall be subject to audit by the State or its designee.

The Provider shall receive a credit for any Transaction Fee paid by the Provider for the purchase of any item(s) if such item(s) are returned to the Provider through no fault, act, or omission of the Provider. Notwithstanding the foregoing, a Transaction Fee is non-refundable when an item is rejected or returned, or declined, due to the vendor's failure to perform or comply with specifications or requirements of the agreement. Failure to comply with these requirements shall constitute grounds for declaring the vendor in default and recovering procurement costs from the vendor in addition to all outstanding fees. Providers delinquent in paying transaction fees may be excluded from conducting future business with the State.

#### **N. Civil Rights Requirements**

Civil Rights Certification: The provider will comply with applicable provisions of DOH publication, "Methods of Administration, Equal Opportunity in Service Delivery."

2. Except where the provider is a state agency, the provider, its officers, agents, employees, subcontractors, or assignees, in performance of this contract, shall act in the capacity of an independent contractor and not as an officer, employee, or agent of the State of Florida. Nor shall the provider represent to others that it has the authority to bind the department unless specifically authorized to do so.
3. Except where the provider is a state agency, neither the provider, its officers, agents, employees, subcontractors, nor assignees are entitled to state retirement or state leave benefits, or to any other compensation of state employment as a result of performing the duties and obligations of this contract.
4. The provider agrees to take such actions as may be necessary to ensure that each subcontractor of the provider will be deemed to be an independent contractor and will not be considered or permitted to be an agent, servant, joint venturer, or partner of the State of Florida.

The provider further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the Chief Financial Officer (CFO) or Auditor General.

**Audits**

**PART I: FEDERALLY FUNDED**

This part is applicable if the provider is a State or local government or a non-profit organization as defined in OMB Circular A-133, as revised.

1. In the event that the provider expends \$500,000 or more in Federal awards during its fiscal year, the provider must have a single or program-specific audit conducted in accordance with the provisions of OMB Circular A-133, as revised. EXHIBIT 1 to this agreement indicates Federal resources awarded through the Department of Health by this agreement. In determining the Federal awards expended in its fiscal year, the provider shall consider all sources of Federal awards, including Federal resources received from the Department of Health. The determination of amounts of Federal awards expended should be in accordance

with the guidelines established by OMB Circular A-133, as revised. An audit of the provider conducted by the Auditor General in accordance with the provisions of OMB Circular A-133, as revised, will meet the requirements of this part.

2. In connection with the audit requirements addressed in Part I, paragraph 1, the provider shall fulfill the requirements relative to auditee responsibilities as provided in Subpart C of OMB Circular A-133, as revised.
3. If the provider expends less than \$500,000 in Federal awards in its fiscal year, an audit conducted in accordance with the provisions of OMB Circular A-133, as revised, is not required. In the event that the provider expends less than \$500,000 in Federal awards in its fiscal year and elects to have an audit conducted in accordance with the provisions of OMB Circular A-133, as revised, the cost of the audit must be paid from non-Federal resources (i.e., the cost of such audit must be paid from provider resources obtained from other than Federal entities.)

Compliance findings related to agreements with the Department of Health shall be based on the agreement's requirements, including any rules, regulations, or statutes referenced in the agreement. In the event that the provider expends less than \$500,000 in state financial assistance in its fiscal year and elects to have an audit conducted in accordance with the provisions of Section 215.97, Florida Statutes, the cost of the audit must be paid from the nonstate entity's resources (i.e., the cost of such an audit must be paid from the provider resources obtained from other than State entities).
4. An audit conducted in accordance with this part shall cover the entire organization for the organization's fiscal year. Compliance findings related to agreements with the Department of Health shall be based on the agreement's requirements, including any applicable rules, regulations, or statutes. The financial statements shall disclose whether or not the matching requirement was met for each applicable agreement. ### INSTRUCTIONS FOR ELECTRONIC SUBMISSION OF SINGLE AUDIT REPORTS

Effective April 1, 2011, Single Audit reporting packages ("SARP") must be submitted to the Department in an electronic format. This change will eliminate the need to submit multiple copies of the reporting package to the Contract Managers and various sections within the Department and will result in efficiencies and cost savings to the Provider and the Department. Upon receipt, the SARP's will be posted to a secure server and accessible to Department staff.

The electronic copy of the SARP should:

- Be in a Portable Document Format (PDF).
- Include the appropriate letterhead and signatures in the reports and management letters.
- Be a single document. However, if the financial audit is issued separately from the Single Audit reports, the financial audit reporting package may be submitted as a single document and the Single Audit reports may be submitted as a single document. Documents which exceed 8 megabytes (MB) may be stored on a CD and mailed to: Contract Administrative Monitoring Unit, Attention: Single Audit Review, 4052 Bald Cypress Way, Bin B01 (HAFACM), Tallahassee, FL 32399-1729.
- Be an exact copy of the final, signed SARP provided by the Independent Audit firm.
- Not have security settings applied to the electronic file.
- Be named using the following convention: [fiscal year] [name of the audited entity exactly as stated within the audit report].pdf. For example, if the SARP is for the 2009-10 fiscal year for the City of Gainesville, the document should be entitled 2010 City of Gainesville.pdf.
- Be accompanied by the attached "Single Audit Data Collection Form." This document is necessary to ensure that communications related to SARP issues are directed to the appropriate individual(s) and that compliance with Single Audit requirements is properly captured.

Questions regarding electronic submissions may be submitted via e-mail to [SingleAudits@doh.state.fl.us](mailto:SingleAudits@doh.state.fl.us) or by telephone to the Single Audit Review Section at (850) 245-4444 ext. 3071.

## INSTRUCTIONS FOR THE CIVIL RIGHTS COMPLIANCE CHECKLIST

1. Describe the geographic service area such as a county, city or other locality. If the program or facility serves a specific priority population such as adolescents, describe the priority population. Also define the type of service provided such as inpatient health care, refugee assistance, child day care, etc.
2. Enter the percent of the population served by race and sex. The population served includes persons in the geographical area for which services are provided such as a city, county or other area. Population statistics can be obtained from local chambers of commerce, libraries, or any publication from the Census containing Florida population statistics. Include the source of your population statistics. (Other races include Asian/Pacific Islanders and American Indian/Alaskan Natives.)
3. Enter the total number of full-time staff and their percent by race, sex and disabled. Include the effective date of your summary.
4. Enter the total number of clients who are enrolled, registered or currently served by the program or facility, and list their percent by race, sex and disability. Include the date that enrollment was counted.
5. Enter the total number of advisory board members and their percent by race, sex, and disability. If there is no advisory or governing board, leave this section blank.
6. Each recipient of federal financial assistance must have on file an assurance that the program will be conducted in compliance with all nondiscriminatory provisions as required in 45CFR80. This is usually a standard part of the contract language for DOH recipients and their sub-projectees.
7. Are the race, sex and national origin composition of the staff reflective of the general population? For example, if 10% of the population is Hispanic, is there a comparable percentage of Hispanic staff? Although some variance is acceptable, the relative absence of a particular group on staff may tend to exclude full participation of that group in the program/facility. Significant variances must be explained.
8. Where there is a significant variation between the race, sex or ethnic composition of the clients and their availability in the population, the program/facility has the responsibility to determine the reasons for such variation and take whatever action may be necessary to correct any discrimination. Some legitimate disparities may exist when programs are sanctioned to serve priority populations such as elderly or disabled persons.
9. Do eligibility requirements unlawfully exclude persons in protected groups from the provision of services or employment? Evidence of such may be indicated in staff and client representation and also through on-site record analysis of persons who applied but were denied services or employment.
10. Participants or clients must be provided services such as medical, nursing and dental care, laboratory services, physical and recreational therapies, counseling and social services without regard to race, sex, color, national origin, religion, age or disability. Courtesy titles, appointment scheduling and accuracy of record keeping must be applied uniformly and without regard to race, sex, color, national origin, religion, age or disability. Entrances, waiting rooms, reception areas, restrooms and other facilities must also be equally available to all clients.
11. For in-patient services, residents must be assigned to rooms, wards, etc., without regard to race, color, national origin or disability. Also, residents must not be asked whether they are willing to share accommodations with persons of a different race, color, national origin, or disability.
12. The program/facility and all services must be accessible to participants and applicants, including those persons who may not speak English. In geographic areas where a significant population of non-English speaking people live, program accessibility may include the employment of bilingual staff. In other areas, it is sufficient to have a policy or plan for service, such as a current list of names and telephone numbers of bilingual individuals who will assist in the provision of services.
13. Programs/facilities must make information available to their participants, beneficiaries or any other interested parties. This should include information on their right to file a complaint of discrimination with either the Florida Department of Health or the United States Department of Health and Human Services. The information may be supplied verbally or in writing to every individual, or may be supplied through the use of an equal opportunity policy poster displayed in a public area of the facility.
14. The program/facility must be physically accessible to disabled individuals. Physical accessibility includes designated parking areas, curb cuts or level approaches, ramps and adequate widths to entrances. The lobby, public telephone, restroom facilities, water fountains, information and admissions offices should be accessible. Door widths and traffic areas of administrative offices, cafeterias, restrooms, recreation areas, counters and serving lines should be observed for accessibility. Elevators should be observed for door width, and Braille or raised numbers. Switches and controls for light, heat, ventilation, fire alarms, and other essentials should be installed at an appropriate height for mobility impaired individuals.

Accessibility must meet or be equivalent to the standards set by the Americans with Disabilities Act. If the program or facility is not accessible to disabled persons, there must be an equally effective program available in the area where services can be obtained. Alternative service providers must be listed if the program is not accessible.

15. A self-evaluation to identify any accessibility barriers is required. The self-evaluation is a four step process:
  - Evaluate current practices and policies to identify any practices or policies that do not comply with Section 504 of the Rehabilitation Act or the Americans with Disabilities Act.
  - Modify policies and practices that do not meet requirements.
  - Take remedial steps to eliminate any discrimination that has been identified.
  - Maintain a self-evaluation on file.
16. Programs or facilities that employ 15 or more persons must adopt grievance procedures that incorporate appropriate due process standards and provide for the prompt and equitable resolution of complaints alleging any action prohibited.
17. Programs or facilities that employ 15 or more persons must designate at least one person to coordinate efforts to comply with the requirements of Section 504 and the ADA.
18. Continuing steps must be taken to notify employees and the public of the program/facility's policy of nondiscrimination on the basis of disability. This includes recruitment material, notices for hearings, newspaper ads, and other appropriate written communication.
19. Programs/facilities that employ 15 or more persons must provide appropriate auxiliary aids to persons with impaired sensory, manual or speaking skills where necessary. Auxiliary aids may include, but are not limited to, interpreters for hearing impaired individuals, taped or Braille materials, or any alternative resources that can be used to provide equally effective services.
20. Programs/facilities with 50 or more employees and \$50,000 in federal contracts must develop, implement and maintain a written affirmative action compliance program.
