INFORMED CONSENT FOR GENERAL DENTAL PROCEDURES

You have the right to accept or reject dental treatment recommended by your dentist. This form is intended to provide you with an overview of potential risks and complications. Prior to consenting to treatment, you should carefully consider the anticipated benefits, commonly known risks and complications of the recommended procedure, alternative treatments or the option of no treatment.

It is very important that you provide your dentist with an accurate medical history before, during and after treatment. It is equally important that you follow your dentist's advice and recommendations regarding medication, pre-and post treatment instructions, referrals to other dentists or specialists, and return for scheduled follow up appointments. If you fail to follow the advice of your dentist, you may increase the chances of a poor outcome. Please read the items below and sign at the bottom of the form. Do not sign this form or agree to treatment until you have read, understood and accepted each item carefully. Be certain your dentist has addressed all your concerns to your satisfaction before commencing treatment.

During your course of treatment, the following care may be provided to you:

- **EXAMINATIONS AND X-RAYS** Radiographs are required to complete your examination, diagnosis and treatment plan. A periodic examination will be provided by the dentist at all routine cleanings to evaluate your teeth for decay, gum disease, oral cancer and overall health. The dentist will read and diagnosis any x-rays taken.
- **DENTAL PROPHYLAXIS (CLEANING)** A routine dental prophylaxis involves the removal of plaque and calculus above the gum line and will not address gum infections below the gum line called periodontal disease. This also includes fluoride application, sealants and oral hygiene instructions. Some bleeding after a cleaning can occur, however, should it persist and if it is severe in nature the office should be contacted.
- **PERIODONTAL TREATMENT** Periodontal disease is an infection causing gum inflammation and/or bone loss that can lead to tooth loss. At times when a routine cleaning is schedule the dental hygienist and dentist may discover periodontal disease is present in all or certain areas of your mouth. If you present with an infection during your routine cleaning appointment it may be necessary for more extensive treatment to be performed. The dental hygienist will stop the routine cleaning and explain to your alternative treatment plans including nonsurgical cleaning below the gum line, placement of an antibiotic below the gum line or a gross debridement (two-part cleaning). If further treatment such as gum surgery and/or extractions are necessary, a comprehensive periodontal exam will be scheduled with our periodontist. The success of any periodontal treatment depends in part on your efforts to brush and floss daily, receive regular cleanings as directed, follow a healthy diet, avoid tobacco products and follow any other recommendations. Some bleeding after deep cleanings or scaling under the gum line can occur, however, should it persist and if it is severe in nature the office should be contacted. Untreated periodontal disease may have a future adverse effect on the long-term success of dental restoration work.

• **RESTORATIONS (FILLINGS)** A more extensive restoration than originally diagnosed may be required due to additional decay or unsupported tooth structure that can only be found during preparation of the tooth. This may lead to root canal, crown or both. Sensitivity is a common aftereffect of a newly placed filling. Occasionally after receiving a filling it may feel high and you may need to return to have the bite adjusted.

• **CROWNS, BRIDGES** It is not always possible to match the color of natural teeth exactly with artificial teeth. A temporary crown will be made after the initial preparation appointment. Temporary crowns may come off and you should be careful chewing on them until the permanent crowns are delivered. If a temporary crown should fall off call the office immediately. The final opportunity to make changes on crowns, bridges (including shape, fit, size, placement and color) will be done before permanent cementation. In some cases, crowns and bridges procedures may result in the need for future root canal treatment, which cannot always be predicted or anticipated. After a crown or bridge is permanently cemented sometimes your bite may feel high and you may need to return to have the bite adjusted or fixed. Modification of daily cleaning procedures may be required and if so will be explained to you by your provider.

Changes in Treatment Plan

I understand that during treatment it may be necessary to change or add procedures because of conditions found while working on the teeth that were not discovered during examination. The most common being root canal therapy following routine restorative procedures. I give my permission to the dentist to make any/all changes and additions as necessary.

Allergies/Medication

I have informed the dentist of any known allergies I may have. I understand that antibiotics, analgesics and other medications including Nitrous Oxide can cause allergic reactions causing redness and swelling of tissues; pain, itching, vomiting and/or anaphylactic shock (severe allergic reaction). They may cause drowsiness, lack of awareness and coordination which can be increased using alcohol or other drugs. I understand and fully agree not to operate any vehicle or hazardous device for at least 12 hours or until fully recovered from the effects of the anesthetic or medication that may have been given to me in the office for my care. I understand that failure to take medications prescribed to me as directed may offer risks of continued or aggravated infection, pain or a negative result on the outcome of my treatment. I understand that antibiotics can reduce the effectiveness of oral contraceptives (birth control pills).

Consent

This is to certify that I have read the above information form titled "General Dental Procedures". I authorize and consent to having routine dental treatment as listed above performed on me or my child at the Putnam County Dental Clinic.

INITIATION OF SERVICES

PART I CLIENT-PROVIDER RELATIONSHIP CONSENT

Client Name: _____

Name of Agency: **Florida Department of Health Dental Department**

Agency Address: **2801 Kennedy Street Palatka FL 32177**

I consent to entering into a client-provider relationship. I authorize Department of Health staff and their representatives to render routine health care. I understand routine health care is confidential and voluntary and may involve medical visits including obtaining medical history, assessment, examination, administration of medication, laboratory tests and/or minor procedures. I may discontinue this relationship at any time.

By initialing this line, I acknowledge that I have been provided with a Telehealth Informed Consent Informational Sheet and that I consent to the provision of some services to be provided by means of telehealth. I may withdraw my consent at any time by discontinuing the use of telehealth services without affecting my right to future care or treatment.

PART II DISCLOSURE OF INFORMATION CONSENT (treatment, payment or healthcare operations purposes only)

I consent to the use and disclosure of my health information; including medical, dental, HIV/AIDS, STD, TB, substance abuse prevention, psychiatric/psychological, and case management; for treatment, payment and health care operations. Additionally, I consent to my health information being shared in the Health Information Exchange (HIE), allowing access by participating doctors' offices, hospitals, care coordinators, labs, radiology centers, and other health care providers through secure, electronic means. If you choose not to share your information in the HIE, you may opt out by requesting and signing an HIE Opt-Out form.

PART III MEDICARE PATIENT CERTIFICATION, AUTHORIZATION TO RELEASE, AND PAYMENT REQUEST (Only applies to Medicare Clients)

As Client/Representative signed below, I certify that the information given by me in applying for payment under Title XVIII of the Social Security Act is correct. I authorize the above agency to release my health information to the Social Security Administration or its intermediaries/carriers for this or a related Medicare claim. I request that payment of authorized benefits be made on my behalf. I assign the benefits payable for physician's services to the above-named agency and authorize it to submit a claim to Medicare for payment.

PART IV ASSIGNMENT OF BENEFITS (Only applies to Third Party Payers)

As Client /Representative signed below, I assign to the above-named agency all benefits provided under any health care plan or medical expense policy. The amount of such benefits shall not exceed the medical charges set forth by the approved fee schedule. All payments under this paragraph are to be made to above agency. I am personally responsible for charges not covered by this assignment.

PART V COLLECTION, USE OR RELEASE OF SOCIAL SECURITY NUMBER

(This notice is provided pursuant to Section 119.071(5)(a), Florida Statutes.)

For health care programs, the Florida Department of Health may collect your social security number for identification and billing purposes, as authorized by subsections 119.071(5)(a)2.a. and 119.071(5)(a)6., Florida Statutes. By signing below, I consent to the collection, use or disclosure of my social security number for identification and billing purposes only. It will not be used for any other purpose. I understand that the collection of social security numbers by the Florida Department of Health is imperative for the performance of duties and responsibilities as prescribed by law.

PART VI MY SIGNATURE BELOW VERIFIES THE ABOVE INFORMATION AND RECEIPT OF THE NOTICE OF PRIVACY RIGHTS

State Surgeon General

Vision: To be the Healthiest State in the Nation

BROKEN APPOINTMENT POLICY

To minimize the wait time for our patients and to better provide for your needs, we are implementing a new Broken Appointment Policy. We hope this will help you to complete your child's treatment in a reasonable time.

If you are unable to keep your scheduled dental appointment, please call 386-326-3326 at least 24 hours in advance. Failure to provide 24 hours' notice and/or failure to appear for your appointment will be considered a broken appointment.

During any 12-month period, you will be allowed up to two (2) broken appointments, after which you will be sent a letter stating that your child can be scheduled but there may be a longer wait during the appointment as we will be working them into the schedule. Also, as a courtesy to you, we do try to schedule siblings on the same day for treatment. However, once your children have a broken appointment, the children will be scheduled on separate days for the remainder of the 12- month period.

Please note that if you are late to your appointment (15 minutes or more) you may have to wait or be rescheduled.

Please sign below acknowledging that you understand this policy.
