Responsible Business Policy

Protecting Kids and Building Successful Communities

Commitment to Community

_____ is proud to partner with the Walton County Prevention Coalition to help Protect Kids and Build Successful Communities by preventing drug use.

By adopting this policy we are showing our commitment to being a responsible business that helps promote successful kids, strong families, and healthy communities. We recognize that there are numerous health dangers and illegal activities associated with drug use that are detrimental to profitable businesses and successful communities. Our goal is to provide a safe environment for our staff members and customers. Drug use and illegal activities are not allowed on these premises. We understand our responsibility to the members of our community to promote safe, healthy and ethical behaviors while on business property. Our management team and employees are committed to preventing drug use and the negative impact that it has on children, families, and our community. Therefore, we are committed to provide an environment that is free of drug use and illegal activity.
