

Florida
AIDS Drug Assistance Program
Advisory Workgroup Meeting Minutes
February 11, 2008

Present were: Lorraine Wells, Dr. Ernesto Lamadrid, Stephanie Brown, Mike Wallace, Jeff Beal, Elicia Coley, Jim Roth, Joey Wynn, Ken Barger, Jerry Jean-Stambaugh, Allison Nist, Joseph Lennox-Smith, Mike Ehren, Javier Romero

Lorraine Wells opened with welcome and introductions. She reiterated the purpose of the call and continued with discussion of the December 11, 2008, Meeting Minutes. Ken Barger mentioned he had changes and moved to have the meeting minutes approved at the next face-to-face meeting. The motion was seconded by Joseph Lennox-Smith. Lorraine requested that the changes noted by Ken Barger be submitted by e-mail so that they can be reflected in the minutes and updated timely. Javier Romero noted that his name was not on the list of attendees and requested that his name be added.

Next, Dr. Ernesto Lamadrid discussed the newly FDA approved medication, Intelence™ (Etravirine). This NNRTI was approved by the FDA on January 18, 2008. After a brief discussion of the indications, dosage, and usage, Joseph Lennox-Smith moved to add Intelence™ to the ADAP formulary. The motion was seconded by Ken Barger and approved after some general discussion on pricing information.

There was a request that pharmacies be provided the Stock Order Number for Intelence™, so they can place orders as soon as possible. Lorraine noted that there is ongoing dialogue with Central Pharmacy to assure that the medication will be ready upon ordering. Joey Wynn requested that all contraindications for HIV medications be sent out with the Intelence™ formulary addition announcement. Dr. Lamadrid agreed and mentioned that this information always is included on the introductory memo of the drug that is sent by Dr. Eggert.

With all business done, the call was concluded.
