The exposure period that should be assessed is the **14 days before onset of symptoms**:  
Onset date:  
Exposure period start:  
Exposure period start

### Drinking Water

1. During the 14 days before illness, what was the patient's source of drinking water at home (check all that apply)?

   See Appendix #1 for values.

   (please specify):

2. During the 14 days before illness, what was the patient's source of drinking water at work/school (check all that apply)?
3. During the 14 days before illness, did the patient drink water from a source that experienced an interruption in service, change in color, taste, smell, or was under a drinking water advisory?
   - Yes  
   - No  
   - Unknown

4. During the 14 days before illness, did the patient swim or wade in any recreational water?
   - Yes  
   - No  
   - Unknown

   Ocean:
   - Yes  
   - No  
   - Unknown

   Any natural water (lake, river, pond, stream):
   - Yes  
   - No  
   - Unknown

   Hot tub/spa/jacuzzi:
   - Yes  
   - No  
   - Unknown

   Water park:
   - Yes  
   - No  
   - Unknown

   Natural hot/cold spring:
   - Yes  
   - No  
   - Unknown

   Swimming pool:
   - Yes  
   - No  
   - Unknown
Splash pad/park:
- Yes
- No
- Unknown

Fountain/interactive water feature:
- Yes
- No
- Unknown

Fill-and-drain pool:
- Yes
- No
- Unknown

Other recreational water:
- Yes
- No
- Unknown

For each exposure, please complete location of water source, date of exposure, and type of activity (swimming, drinking, boating, etc.). Each exposure should be recorded separately.

Animal Exposure

6. During the 14 days before illness, did the patient visit or live on a farm?  
   ○ Yes  ○ No  ○ Unknown

7. During the 14 days before illness, did the patient visit any animal exhibits (petting zoo, county fair, etc.)?  
   ○ Yes  ○ No  ○ Unknown

8. During the 14 days before illness, did the patient have any contact with animal manure, pet feces, or compost?  
   ○ Yes  ○ No  ○ Unknown

9. During the 14 days before illness, did the patient have contact with livestock?  
   ○ Yes  ○ No  ○ Unknown

   If yes, specify (check all that apply):

   See Appendix #3 for values.
(please specify):

Food History

10. During the 14 days before illness, did the patient drink unpasteurized (raw) milk?
   - Yes
   - No
   - Unknown

11. During the 14 days before illness, did the patient consume other unpasteurized (raw) milk products (Queso fresco, ice cream, etc.)?
   - Yes
   - No
   - Unknown

12. During the 14 days before illness, did the patient consume unpasteurized juice or cider?
   - Yes
   - No
   - Unknown

Person-to-Person

13. During the 14 days before illness, did the patient have contact with children in a childcare setting?
   - Yes
   - No
   - Unknown

14. During the 14 days before illness, did the patient have contact with a diapered person (child or adult)?
   - Yes
   - No
   - Unknown

Ill Contacts

15. Did the patient have contact with anyone who had similar symptoms or was diagnosed with cryptosporidiosis?
   - Yes
   - No
   - Unknown

*If yes, please interview and enter into Merlin as an epi-linked case.*

Additional Information

16. Are there any events, activities, or other sources the patient can think of where they may have contracted the disease that are not covered above?
