### Laboratory Guidelines for Reporting Notifiable Diseases and Conditions in Florida Revised November 20, 2006

#### To all Florida State Licensed Laboratories and Blood Banks

Dear Colleagues:

Substantial effort on the part of public health epidemiologists and laboratorians was put into developing this guide. Unfortunately, we missed a few items in our editing phase. Please take this opportunity to make the corrections listed below to your new guide. We hope you will find this guide a useful aid to improve notifiable diseases or conditions reporting, prevention, and control in the state of Florida. Thank you for your partnership.
