<span style="color: blue;">●</span> RACCOON	1
<span style="color: yellow;">★</span> SKUNK	1

## Number of Cases by County

TOTAL	Count
<span style="border: 1px solid black; display: inline-block; width: 15px; height: 15px;"></span>	0
<span style="background-color: yellow; display: inline-block; width: 15px; height: 15px;"></span>	1
<span style="background-color: orange; display: inline-block; width: 15px; height: 15px;"></span>	2

Three counties reported a total of 4 animal rabies cases as of April 30, 2015. Raccoons accounted for 1 / 4 cases. Unvaccinated outdoor cats are the domestic animal particularly at risk for developing rabies in Florida.

For more detailed information, please see the 2015 table at:  
<http://www.floridahealth.gov/diseases-and-conditions/rabies/rabiessurveillance.html>

Preliminary data - subject to change  
 Animals are only tested for rabies if they expose a person or pet.
