FLORIDA DEPARTMENT OF HEALTH

Florida Department of Health - Bureau of Epidemiology  
 Respiratory Syncytial Virus Surveillance Program  
 Surveillance Data Summary

Recent changes to the Centers for Disease Control and Prevention's National Respiratory and Enteric Virus Surveillance System (NREVSS) has led to a reduction in the number of hospitals participating in NREVSS. Those changes are reflected in the most recently published RSV tables and graphs. The Florida Department of Health is reaching out to hospital laboratories to strengthen Florida's RSV surveillance system.

### RSV Surveillance Data by Month Northwest Region August 28, 2011 — August 28, 2014

**Note:** Small numbers of providers reporting may make data unreliable. Numbers may change as more data become available.
