

TB Physician's Consultation Network

Florida Tuberculosis Physician's Consultation Network Call 1-800-4TB-INFO

Mission: To provide Florida county health departments and community health care providers with accessible, expert and cost effective TB clinical consultation and services. To assure that expert TB consultation is available to every Florida citizen regardless where they reside.

Goals: To provide on-site TB clinical services to county health departments that require them; to promote uniformity of TB clinical services statewide; to recruit qualified TB physicians into the public health system to meet future needs.
