Applicant

STATUTE/RULE CITATION:

64E-6.015, Table V, FAC - Setback to private potable well (25 ft requested, 75 ft required)

RECOMMENDATIONS: Variance Committee: D (SHO-2 CHD-1 DEP-Y STI-N HBI-Y REI-N ENG-Y) Health Officer: D

Failure to satify the department that:

At 25 feet, your proposed onsite sewage treatment and disposal system is too close to a private drinking water well for public health, safety and sanitation.

Connecting the facility to the available municipal sewer system is a reasonable alternative.

Each of the above facts and conclusions, standing alone, is sufficient grounds for denial of your variance request.

The variance proposal would create a likelihood the onsite system discharge may adversely affect the health of the applicant or the public.

Failure to satify the department that:

Each of the above facts and conclusions, standing alone, is sufficient grounds for denial of your variance request.

The variance proposal would create a likelihood that the onsite system discharge may adversely affect the health of the applicant or the public and may significantly degrade the groundwater.
