§ 383.3 Applicability.

(a) The rules in this part apply to every person who operates a commercial motor vehicle (CMV) in interstate, foreign, or intrastate commerce, to all employers of such persons, and to all States.

(b) The exceptions contained in § 390.3(f) of this subchapter do not apply to this part. The employers and drivers identified in § 390.3(f) must comply with the requirements of this part, unless otherwise provided in this section.

(c) *Exception for certain military drivers.* Each State must exempt from the requirements of this part individuals who operate CMVs for military purposes. This exception is applicable to active duty military personnel; members of the military reserves; member of the national guard on active duty, including personnel on full-time national guard duty, personnel on part-time national guard training, and national guard military technicians (civilians who are required to wear military uniforms); and active duty U.S. Coast Guard personnel. This exception is not applicable to U.S. Reserve technicians.

(d) *Exception for farmers, firefighters, emergency response vehicle drivers, and drivers removing snow and ice.* A State may, at its discretion, exempt individuals identified in paragraphs (d)(1), (d)(2), and (d)(3) of this section from the requirements of this part. The use of this waiver is limited to the driver's home State unless there is a reciprocity agreement with adjoining States.

(1) Operators of a farm vehicle which is:

(i) Controlled and operated by a farmer, including operation by employees or family members;

(ii) Used to transport either agricultural products, farm machinery, farm supplies, or both to or from a farm;

(3)(i) A driver, employed by an eligible unit of local government, operating a commercial motor vehicle within the boundaries of that unit for the purpose of removing snow or ice from a roadway by plowing, sanding, or salting, if

(A) The properly licensed employee who ordinarily operates a commercial motor vehicle for these purposes is unable to operate the vehicle; or

(B) The employing governmental entity determines that a snow or ice emergency exists that requires additional assistance.

(ii) This exemption shall not preempt State laws and regulations concerning the safe operation of commercial motor vehicles.

(e) *Restricted commercial drivers license (CDL) for certain drivers in the State of Alaska.* (1) The State of Alaska may, at its discretion, waive only the following requirements of this part and issue a CDL to each driver that meets the conditions set forth in paragraphs (e) (2) and (3) of this section:

(2) A restricted CDL issued pursuant to this paragraph shall meet all the requirements of this part, except subpart H of this part. A restricted CDL issued pursuant to this paragraph shall be accorded the same reciprocity as a CDL meeting all of the requirements of this part. The restrictions imposed upon the issuance of this restricted CDL shall not limit a person's use of the CDL in a non-CMV during either validated or non-validated periods, nor shall the CDL affect a State's power to administer its driver licensing program for operators of vehicles other than CMVs.

(3) A State issuing a CDL under the terms of this paragraph must restrict issuance as follows:

(i) Applicants must have a good driving record as defined in this paragraph. Drivers who have not held any motor vehicle operator's license for at least one year shall not be eligible for this CDL. (E) Has not had *any* conviction for a violation of State or local law relating to motor vehicle traffic control (other than a parking violation) arising in connection with any traffic accident, and has no record of an accident in which he/she was at fault.

(ii) Restricted CDLs shall have the same renewal cycle as unrestricted CDLs, but shall be limited to the seasonal period or periods as defined by the State of licensure, provided that the total number of calendar days in any 12-month period for which the restricted CDL is valid does not exceed 180. If a State elects to provide for more than one seasonal period, the restricted CDL is valid for commercial motor vehicle operation only during the currently approved season, and must be revalidated for each successive season. Only one seasonal period of validity may appear on the license document at a time. The good driving record must be confirmed prior to any renewal or revalidation.

(iii) Restricted CDL holders are limited to operating Group B and C vehicles, as described in subpart F of this part.

(iv) Restricted CDLs shall not be issued with *any* endorsements on the license document. Only the limited tank vehicle and hazardous materials endorsement privileges that the restricted CDL automatically confers and are described in paragraph (f)(3)(v) of this section are permitted.

(v) Restricted CDL holders may not drive vehicles carrying any placardable quantities of hazardous materials, except for diesel fuel in quantities of 3,785 liters (1,000 gallons) or less; liquid fertilizers (i.e., plant nutrients) in vehicles or implements of husbandry in total quantities of 11,355 liters (3,000 gallons) or less; and solid fertilizers (i.e., solid plant nutrients) that are not transported with any organic substance.

(2) A State issuing a CDL under the terms of this paragraph must restrict issuance as follows:

(i) The GVWR of the vehicle to be operated must be less than 4,537 kilograms (10,001 pounds);

(ii) If a State believes, at its discretion, that the training required by §172.704 of this title adequately prepares part-time drivers meeting the other requirements of this paragraph to deal with fireworks and the other potential dangers posed by fireworks transportation and use, the State may waive the hazardous materials knowledge tests of subpart H of this part. The State may impose any requirements it believes is necessary to ensure itself that a driver is properly trained pursuant to §172.704 of this title.

(iii) A restricted CDL document issued pursuant to this paragraph shall have a statement clearly imprinted on the face of the document that is substantially similar as follows: "For use as a CDL only during the period from June 30 through July 6 for purposes of transporting less than 227 kilograms (500 pounds) of fireworks classified as DOT Class 1.3G explosives in a vehicle with a GVWR of less than 4,537 kilograms (10,001 pounds).

(3) A restricted CDL issued pursuant to this paragraph shall meet all the requirements of this part, except those specifically identified. A restricted CDL issued pursuant to this paragraph shall be accorded the same reciprocity as a CDL meeting all of the requirements of this part. The restrictions imposed upon the issuance of this re-

stricted CDL shall not limit a person's use of the CDL in a non-CMV during either validated or non-validated periods, nor shall the CDL affect a State's power to administer its driver licensing program for operators of vehicles other than CMVs.

(4) Restricted CDLs shall have the same renewal cycle as unrestricted CDLs, but shall be limited to the seasonal period of June 30 through July 6 of each year or a lesser period as defined by the State of licensure.

(5) Persons who operate commercial motor vehicles during the period from July 7 through June 29 for purposes of transporting less than 227 kilograms (500 pounds) of fireworks classified as DOT Class 1.3G explosives in a vehicle with a GVWR of less than 4,537 kilograms (10,001 pounds) and who also operate such vehicles for the same purposes during the period June 30 through July 6 shall not be issued a restricted CDL pursuant to this paragraph.

(f) *Non-domiciled CLP and CDL.* (1) A State may only issue a Non-domiciled CLP or CDL to a person who meets one of the circumstances described in §383.71(f)(1).

(2) State procedures for the issuance of a non-domiciled CLP and CDL, for any modifications thereto, and for notifications to the CDLIS must at a minimum be identical to those pertaining to any other CLP or CDL, with the following exceptions:

(i) If the applicant is requesting a transfer of his/her Non-domiciled CDL,

the State must obtain the Non-domiciled CDL currently held by the applicant and issued by another State;

(ii) The State must add the word “non-domiciled” to the face of the CLP or CDL, in accordance with § 383.153(b); and

(iii) The State must have established, prior to issuing any Non-domiciled CLP or CDL, the practical capability of disqualifying the holder of any Non-domiciled CLP or CDL, by withdrawing or disqualifying his/her Non-domiciled CLP or CDL as if the Non-domiciled CLP or CDL were a CLP or CDL issued to a person domiciled in the State.

(3) The State must require compliance with the standards for providing proof of legal presence specified in § 383.71(b)(9) and § 383.71(f)(2)(i).

(g) *Social Security Number verification.*

(1) Prior to issuing a CLP or a CDL to a person the State must verify the name, date of birth, and Social Security Number provided by the applicant with the information on file with the Social Security Administration. The State is prohibited from issuing, renewing, upgrading, or transferring a CLP or CDL if the Social Security Administration database does not match the applicant-provided data.

(2) *Exception.* A State is only required to perform the Social Security Number verification specified in this paragraph for initial issuance of a CLP, transfer of CDL from another State or for drivers renewing a CDL for the first time after July 8, 2011 who have not previously had their Social Security Number information verified, provided a notation is made on the driver’s record confirming that the verification required by this paragraph has been made and noting the date it was done.

(h) *License issuance.* After the State has completed the procedures described in paragraphs (a) through (g) of this section, as applicable, it may issue a CLP or CDL to the driver applicant. The State must notify the operator of the CDLIS of such issuance, transfer, renewal, or upgrade within the 10-day period beginning on the date of license issuance.

(i) *Surrender procedure.* A State may return a surrendered license to a driver after physically marking it so that it cannot be mistaken for a valid docu-

ment. Simply punching a hole in the expiration date of the document is insufficient. A document perforated with the word “VOID” is considered invalidated.

(j) *Penalties for false information.* If a State determines, in its check of an applicant’s license status and record prior to issuing a CLP or CDL, or at any time after the CLP or CDL is issued, that the applicant has falsified information contained in subpart J of this part, in any of the certifications required in § 383.71(b) or (g), or in any of the documents required to be submitted by § 383.71(h), the State must at a minimum disqualify the person’s CLP or CDL or his/her pending application, or disqualify the person from operating a commercial motor vehicle for a period of at least 60 consecutive days.

(k) *Drivers convicted of fraud related to the testing and issuance of a CLP or CDL.*

(1) The State must have policies in effect that result, at a minimum, in the disqualification of the CLP or CDL of a person who has been convicted of fraud related to the issuance of that CLP or CDL. The application of a person so convicted who seeks to renew, transfer, or upgrade the fraudulently obtained CLP or CDL must also, at a minimum, be disqualified. The State must record any such withdrawal in the person’s driving record. The person may not re-apply for a new CDL for at least 1 year.

(2) If a State receives credible information that a CLP- or CDL-holder is suspected, but has not been convicted, of fraud related to the issuance of his/her CLP or CDL, the State must require the driver to re-take the skills and/or knowledge tests. Within 30 days of receiving notification from the State that re-testing is necessary, the affected CLP- or CDL-holder must make an appointment or otherwise schedule to take the next available test. If the CLP- or CDL-holder fails to make an appointment within 30 days, the State must disqualify his/her CLP or CDL. If the driver fails either the knowledge or skills test or does not take the test, the State must disqualify his/her CLP or CDL. Once a CLP- or CDL-holder’s CLP or CDL has been disqualified, he/she must reapply

for a CLP or CDL under State procedures applicable to all CLP and CDL applicants.

(l) *Reciprocity.* A State must allow any person who has a valid CLP, CDL, Non-domiciled CLP, or Non-domiciled CDL and who is not disqualified from operating a CMV, to operate a CMV in the State.

(m) *Document verification.* The State must require at least two persons within the driver licensing agency to check and verify all documents involved in the licensing process for the initial issuance, renewal, upgrade, or transfer of a CLP or CDL. The documents being checked and verified must include, at a minimum, those provided by the applicant to prove legal presence and domicile, the information filled out on the application form, and knowledge and skills test scores. *Exception:* For offices with only one staff member, the documents must be checked and verified by a supervisor before issuance or, when a supervisor is not available, copies must be made of the documents used to prove legal presence and domicile and a supervisor must verify the documents and the filled out application form and test scores within one business day of issuance of the CLP or CDL.

(n) *Computer system controls.* The State must establish computer system controls that will:

(1) Prevent the issuance of an initial, renewed, upgraded, or transferred CLP or CDL when the results of transactions indicate the applicant is unqualified. These controls, at a minimum, must be established for the following transactions: State, CDLIS, and PDPS driver record checks; Social Security Number verification; and knowledge and skills test scores verification.

(2) Suspend the issuance process whenever State, CDLIS, and/or PDPS driver record checks return suspect results. The State must demonstrate that it has a system to detect and prevent fraud when a driver record check returns suspect results. At a minimum, the system must ensure that:

(i) The results are not connected to a violation of any State or local law relating to motor vehicle traffic control (other than parking, vehicle weight, or vehicle defect violations);

(ii) The name of the persons performing the record check and authorizing the issuance, and the justification for the authorization are documented by the State; and

(iii) The person performing the record check and the person authorizing the issuance are not the same.

(o) *Medical recordkeeping—(1) Status of CDL holder.* Beginning January 30, 2012, for each operator of a commercial motor vehicle required to have a CLP or CDL, the current licensing State must:

(i) Post the driver's self-certification of type of driving under §383.71(b)(1)(ii),

(ii) Retain the original or a copy of the medical certificate of any driver required to provide documentation of physical qualification for 3 years beyond the date the certificate was issued, and

(iii) Post the information from the medical examiner's certificate within 10 calendar days to the CDLIS driver record, including:

(A) Medical examiner's name;

(B) Medical examiner's telephone number;

(C) Date of medical examiner's certificate issuance;

(D) Medical examiner's license number and the State that issued it;

(E) Medical examiner's National Registry Number issued in accordance with §390.109;

(F) The indicator of medical certification status, i.e., "certified" or "not-certified";

(G) Expiration date of the medical examiner's certificate;

(H) Existence of any medical variance on the medical certificate, such as an exemption, Skill Performance Evaluation (SPE) certification, or grandfather provisions;

(I) Any restrictions (e.g., corrective lenses, hearing aid, required to have possession of an exemption letter or SPE certificate while on-duty, etc.); and

(J) Date the medical examiner's certificate information was posted to the CDLIS driver record.

(2) *Status update.* Beginning January 30, 2012, the State must, within 10 calendar days of the driver's medical certification status expiring or a medical variance expiring or being rescinded,

§ 383.75

49 CFR Ch. III (10–1–12 Edition)

update the medical certification status of that driver as “not-certified.”

(3) *Variance update.* Beginning January 30, 2012, within 10 calendar days of receiving information from FMCSA regarding issuance or renewal of a medical variance for a driver, the State must update the CDLIS driver record to include the medical variance information provided by FMCSA.

(4) *Downgrade.* (i) Beginning January 30, 2012, if a driver’s medical certification or medical variance expires, or FMCSA notifies the State that a medical variance was removed or rescinded, the State must:

(A) Notify the CLP or CDL holder of his/her CLP or CDL “not-certified” medical certification status and that the CMV privileges will be removed from the CLP or CDL unless the driver submits a current medical certificate and/or medical variance, or changes his/her self-certification to driving only in excepted or intrastate commerce (if permitted by the State);

(B) Initiate established State procedures for downgrading the CLP or CDL. The CLP or CDL downgrade must be completed and recorded within 60 days of the driver’s medical certification status becoming “not-certified” to operate a CMV.

(ii) Beginning January 30, 2014, if a driver fails to provide the State with the certification contained in § 383.71(b)(1)(ii), or a current medical examiner’s certificate if the driver self-certifies according to § 383.71(b)(1)(ii)(A) that he/she is operating in non-excepted interstate commerce as required by § 383.71(h), the State must mark that CDLIS driver record as “not-certified” and initiate a CLP or CDL downgrade following State procedures in accordance with paragraph (o)(4)(i)(B) of this section.

(5) FMCSA Medical Programs is designated as the keeper of the list of State contacts for receiving medical variance information from FMCSA. Beginning January 30, 2012, States are responsible for insuring their medical variance contact information is always up-to-date with FMCSA’s Medical Programs.

§ 383.75 Third party testing.

(a) *Third party tests.* A State may authorize a third party tester to administer the skills tests as specified in subparts G and H of this part, if the following conditions are met:

(1) The skills tests given by the third party are the same as those that would otherwise be given by the State using the same version of the skills tests, the same written instructions for test applicants, and the same scoring sheets as those prescribed in subparts G and H of this part;

(3) The State must issue the third party tester a CDL skills testing certificate upon the execution of a third party skills testing agreement.

(4) The State must issue each third party CDL skills test examiner a skills testing certificate upon successful completion of a formal skills test examiner training course prescribed in § 384.228.

(5) The State must, at least once every 2 years, do one of the following for each third party examiner:

(7) A skills tester that is also a driver training school is prohibited from administering a skills test to an applicant who was trained by that training school. *Exception:* When the nearest alternative third party tester or State skills testing facility is over 50 miles from the training school, the SDLA

may allow the training school to skills test the applicant it trained provided the individual skills test examiner did not train the applicant; and

(8) The State has an agreement with the third party containing, at a minimum, provisions that:

(i) Allow the FMCSA, or its representative, and the State to conduct random examinations, inspections, and audits of its records, facilities, and operations without prior notice;

(ii) Require that all third party skills test examiners meet the qualification and training standards of §384.228;

(iii) Allow the State to do any of the following:

(a) *Driver information manual.* (1) A State must provide an FMCSA pre-approved driver information manual to a CLP or CDL applicant. The manual must be comparable to the American Association of Motor Vehicle Administrators' (AAMVA's) "2005 CDL Test System (July 2010 Version) Model Commercial Driver Manual", which FMCSA has approved and provides to all State Driver Licensing Agencies. The driver information manual must include:

(i) Information on how to obtain a CDL and endorsements;

(ii) Information on the requirements described in §383.71, the implied consent to alcohol testing described in §383.72, the procedures and penalties contained in §383.51(b) to which a CLP or CDL holder is exposed for refusal to comply with such alcohol testing, State procedures described in §383.73, and other appropriate driver information contained in subpart E of this part;

(iii) Information on vehicle groups and endorsements as specified in subpart F of this part;

(iv) The substance of the knowledge and skills that drivers must have, as outlined in subpart G of this part for

the different vehicle groups and endorsements; and

§ 383.133 Test methods.

(a) All tests must be constructed in such a way as to determine if the applicant possesses the required knowledge

§ 383.133

49 CFR Ch. III (10–1–12 Edition)

and skills contained in subpart G of this part for the type of motor vehicle or endorsement the applicant wishes to obtain.

(b) Knowledge tests:

(1) States must use the FMCSA pre-approved pool of test questions to develop knowledge tests for each vehicle group and endorsement. The pool of questions must be comparable to those in AAMVA's "2005 CDL Test System (July 2010 Version) 2005 Test Item Summary Forms," which FMCSA has approved and provides to all State Driver Licensing Agencies.

(2) The State method of generating knowledge tests must conform to the requirements in paragraphs (b)(2)(i) through (iv) of this section and be pre-approved by FMCSA. The State method of generating knowledge tests must be comparable to the requirements outlined in AAMVA's "2005 CDL Test System (July 2010 Version) 2005 Requirements Document For Use In Developing Computer-Generated Multiple-Choice CDL Knowledge Tests", which FMCSA has approved and provides to all State Driver Licensing Agencies to develop knowledge tests for each vehicle group and endorsement. These requirements include:

(i) The total difficulty level of the questions used in each version of a test must fall within a set range;

(ii) Twenty-five percent of the questions on a test must be new questions that were not contained in the previous version of the test;

(iii) Identical questions from the previous version of the test must be in a different location on the test and the three possible responses to the questions must be in a different order; and

(iv) Each test must contain a set number of questions with a prescribed number of questions from each of the knowledge areas.

(3) Each knowledge test must be valid and reliable so as to ensure that driver applicants possess the knowledge required under § 383.111. The knowledge tests may be administered in written form, verbally, or in automated format and can be administered in a foreign language, provided no interpreter is used in administering the test.

(4) A State must use a different version of the test when an applicant retakes a previously failed test.

(c) Skills tests:

(1) A State must develop, administer and score the skills tests based solely on the information and standards contained in the driver and examiner manuals referred to in § 383.131(a) and (b).

(2) A State must use the standardized scores and instructions for administering the tests contained in the examiner manual referred to in § 383.131(b).

(3) An applicant must complete the skills tests in a representative vehicle to ensure that the applicant possess the skills required under § 383.113. In determining whether the vehicle is a representative vehicle for the skills test and the group of CDL for which the applicant is applying, the vehicle's gross vehicle weight rating or gross combination weight rating must be used, not the vehicle's actual gross vehicle weight or gross combination weight.

(4) Skills tests must be conducted in on-street conditions or under a combination of on-street and off-street conditions.

(5) Interpreters are prohibited during the administration of skills tests. Applicants must be able to understand and respond to verbal commands and instructions in English by a skills test examiner. Neither the applicant nor the examiner may communicate in a language other than English during the skills test.

(6) The skills test must be administered and successfully completed in the following order: Pre-trip inspection, basic vehicle control skills, on-road skills. If an applicant fails one segment of the skills test:

(i) The applicant cannot continue to the next segment of the test; and

(ii) Scores for the passed segments of the test are only valid during initial issuance of the CLP. If the CLP is renewed, all three segments of the skills test must be retaken.

(d) Passing scores for the knowledge and skills tests must meet the standards contained in § 383.135.

[76 FR 26891, May 9, 2011]

§ 383.135 Passing knowledge and skills tests.

(a) *Knowledge tests.* (1) To achieve a passing score on each of the knowledge tests, a driver applicant must correctly answer at least 80 percent of the questions.

(2) If a driver applicant who fails the air brake portion of the knowledge test (scores less than 80 percent correct) is issued a CLP or CDL, an air brake restriction must be indicated on the CLP or CDL as required in § 383.95(a).

(3) A driver applicant who fails the combination vehicle portion of the knowledge test (scores less than 80 percent correct) must not be issued a Group A CLP or CDL.

(b) *Skills Tests.* (1) To achieve a passing score on each segment of the skills test, the driver applicant must demonstrate that he/she can successfully perform all of the skills listed in § 383.113 and attain the scores listed in Appendix A of the examiner manual referred to in § 383.131(b) for the type of vehicle being used in the test.

(2) A driver applicant who does not obey traffic laws, causes an accident during the test, or commits any other offense listed as a reason for automatic failure in the standards contained in the driver and examiner manuals referred to in §§ 383.131(a) and (b), must automatically fail the test.

(3) If a driver applicant who performs the skills test in a vehicle not equipped with any type of air brake system is issued a CDL, an air brake restriction must be indicated on the license as required in § 383.95(a).

(4) If a driver applicant who performs the skills test in a vehicle equipped with air over hydraulic brakes is issued a CDL, a full air brake restriction must be indicated on the license as required in § 383.95(b).

(5) If a driver applicant who performs the skills test in a vehicle equipped with an automatic transmission is issued a CDL, a manual transmission restriction must be indicated on the license as required in § 383.95(c).

(6) If a driver applicant who performs the skills test in a combination vehicle requiring a Group A CDL equipped with any non-fifth wheel connection is issued a CDL, a tractor-trailer restric-

tion must be indicated on the license as required in § 383.95(d).

(7) If a driver applicant wants to remove any of the restrictions in paragraphs (b)(3) through (5) of this section, the applicant does not have to retake the complete skills test. The State may administer a modified skills test that demonstrates that the applicant can safely and effectively operate the vehicle's full air brakes, air over hydraulic brakes, and/or manual transmission. In addition, to remove the air brake or full air brake restriction, the applicant must successfully perform the air brake pre-trip inspection and pass the air brake knowledge test.

(8) If a driver applicant wants to remove the tractor-trailer restriction in paragraph (b)(6) of this section, the applicant must retake all three skills tests in a representative tractor-trailer.

(c) *State recordkeeping.* States must record and retain the knowledge and skills test scores of tests taken by driver applicants. The test scores must either be made part of the driver history record or be linked to the driver history record in a separate file.

Subpart I—Requirement for Transportation Security Administration approval of hazardous materials endorsement issuances

§ 383.141 General.

(a) *Applicability.* This section applies to State agencies responsible for issuing hazardous materials endorsements for a CDL, and applicants for such endorsements.

(b) *Prohibition.* A State may not issue, renew, upgrade, or transfer a hazardous materials endorsement for a CDL to any individual authorizing that individual to operate a commercial motor vehicle transporting a hazardous material in commerce unless the Transportation Security Administration has determined that the individual does not pose a security risk warranting denial of the endorsement.

(c) *Individual notification.* At least 60 days prior to the expiration date of the

§ 383.151

49 CFR Ch. III (10–1–12 Edition)

CDL or hazardous materials endorsement, a State must notify the holder of a hazardous materials endorsement that the individual must pass a Transportation Security Administration security threat assessment process as part of any application for renewal of the hazardous materials endorsement. The notice must advise a driver that, in order to expedite the security screening process, he or she should file a renewal application as soon as possible, but not later than 30 days before the date of expiration of the endorsement. An individual who does not successfully complete the Transportation Security Administration security threat assessment process referenced in paragraph (b) of this section may not be issued a hazardous materials endorsement.

(d) *Hazardous materials endorsement renewal cycle.* Each State must require that hazardous materials endorsements be renewed every 5 years or less so that individuals are subject to a Transportation Security Administration security screening requirement referenced in paragraph (b) of this section at least every 5 years.
