

2018 Florida Department of Health Radon Video Contest

Contest Details

Do you want to raise awareness about the dangers of radon gas? Are you good at making videos? Then you need to compete in the Florida Radon Video Contest!

Radon is a colorless, odorless, tasteless, radioactive gas that causes lung cancer. 1 in 5 homes in Florida are considered at high risk, this contest aims to provide an opportunity for educating Florida youth and the public.

Your video must not exceed 60 seconds, and the topics are: (choose one)

- What is radon?
- Where does radon come from?
- How does radon get into our homes?
- Radon can cause lung cancer.
- Test your home for radon

Judges are looking for a video that has accurate content on radon (do your research), communicates the topic visually, is easily reproduced and original.

Contest Calendar

November 1st -Submission Deadline
December 31st - Winners Selected
