L-984 Strike Team/Task Force	various dates	Point of Contact: Marcus Martin 813-431-6962	0.00 approval	Pending Contact			Name L-984 Strike Team/Task Force This course is critical to First Responders who will work on Hazardous Materials Incidents such as train derailments, overturned trucks containing hazardous materials, natural gas pipeline incidents. This course trains the responders how to organize, deploy and engage resources, track resource accomplishments, and work within the ICS framework. It will help them with pre-engagement planning, as well as how to engage the incident efficiently. The table-top exercises, or large group incident scene simulations are optimal to develop effective incident management skills for the Task Force or Strike Team Leader
