RULES REVIEW AND DEVELOPMENT

7. Emergency Rule: 64B8-52.003, F.A.C., Procedure for Approval at Continuing Education Courses

The Council reviewed and discussed proposed emergency rule language prepared by Ms. Munson to remove the 10-hour live continuing education requirement for the current 2020 licensure renewal. The rule was proposed to assist licensees as a result of the COVID-19 pandemic reducing the number of live course options available through the May 31st expiration date.

Following the Council’s discussion, Ms. Greenhalgh moved to approve the proposed emergency rule language. Ms. Gray seconded the motion, which carried 4/0.

After further discussion, Ms. Greenhalgh moved the proposed change would only apply to those licensees currently in good standing. Ms. Gray seconded the motion, which carried 4/0.

Ms. Munson noted that due to the Board of Medicine’s meeting not being until after the renewal expiration date, there might not be the opportunity to gain final approval of the emergency rule prior to May 31st.

Ms. Judy Adams, RE, addressed the Board noting the Electrolysis Society of Florida (ESF) was not in support of any rule change to eliminate the live-hour requirement for this renewal, as all licensees have had almost two years to fulfill the requirement. Ms. Adams indicated the ESF would be in support of recommending an extension of the May 31st expiration date to allow time for licensees to complete the required hours.

After further discussion, Ms. Greenhalgh moved to rescind her motion approving the emergency rule language. Ms. Gray seconded the motion, which carried 4/0.

Ms. Greenhalgh moved to recommend the Department of Health extend the renewal expiration date 30 days beyond the normal May 31st expiration date. Ms. Gray seconded the motion, which carried 4/0.

Mr. Hall indicated he would submit the Council’s request to the appropriate persons within the Department of Health.

8. Rule 64B8-55, F.A.C., Discipline & Licensure Restrictions

Ms. Munson presented proposed updates to the disciplinary guidelines consistent with changes made to other Council rules within the last two years. Ms. Munson worked with Ms. Greenhalgh to produce the draft under review by the Council.

Following further discussion, Ms. Munson asked the Council to continue to review and provide feedback to ensure the final product covered everything needed. Any additional updates will be reviewed during the Council’s July 2020 meeting.

*Note: Ms. Gray left the meeting at approximately 12 p.m. prior to discussion of the remaining agenda items.*
9. Rule 64B8-56.002, F.A.C., Equipment and Devices; Protocols for Laser Light-Based Devices

Mr. Larry Gonzalez, Esquire, addressed the Council on behalf of the ESF as well as the Electrolysis Association of Florida (EAF). He presented the following proposed rule language to allow Electrologists providing laser and light-based hair removal services to receive the required direct supervision, by medical doctors or osteopathic physicians, via telehealth.

“For purposes of this rule direct supervision and responsibility shall require the supervising physician either be on the premises where laser hair removal is being performed or supervising the electrologist by means of telehealth as a telehealth provider pursuant to Section 456.47, F.S.”

Mr. Gonzalez indicated the proposed language would be added to the end of Rule 64B8-56.002(2)(c), F.A.C.

Ms. Adams addressed the Council during the discussion.

MOTION: Following discussion and further review, Ms. Greenhalgh moved to approve the addition of the proposed rule text. Mr. Ramer seconded the motion, which carried 3/0.

Ms. Greenhalgh moved the proposed rule language would not have an adverse impact on small business nor have an economic impact on government or any other entity in excess of $200,000 within one year of the rule being implemented. Mr. Ramer seconded the motion, which carried 3/0.

Ms. Greenhalgh moved the proposed rule should not be designated as a minor violation for first time offenses. Mr. Ramer seconded the motion, which carried 3/0.

Ms. Greenhalgh moved there should not be a provision to sunset the proposed language. Mr. Ramer seconded the motion, which carried 3/0.
