HOW TO COMPLETE A PAIN-MANAGEMENT CLINIC
REGISTRATION FORM

The following instructions apply to the registration form.

THE REGISTRATION MUST BE TYPED OR PRINTED IN BLUE OR BLACK INK AND A SEPARATE APPLICATION MUST BE COMPLETED FOR EACH PAIN-MANAGEMENT CLINIC.

GENERAL INFORMATION

Sections 458.3265 and 459.0137, Florida Statutes, provide that any publicly or privately owned facility that advertises in any medium for any type of pain-management services or where in any month a majority of patients are prescribed opioids, benzodiazepines, barbiturates, or carisopropol for the treatment of chronic nonmalignant pain must register with the Department of Health (Department). Your business is exempt from registration if:

- Licensed as a facility under Chapter 395, Florida Statutes;
- Majority of physicians who provide services in the clinic primarily provide surgical services;
- Owned by a publicly held corporation whose shares are traded on a national exchange or on the over-the-counter market and whose total assets at the end of the corporation’s most recent fiscal quarter exceeded $50 million;
- Affiliated with an accredited medical school at which training is provided for medical students, residents or fellows;
- Does not prescribe controlled substances for the treatment of pain;
- Owned by a corporate entity exempt from federal taxation under 26 U.S.C. s. 501(c)(3);
- Wholly owned and operated by one or more board-certified anesthesiologists, physiatrists, or neurologists; or
- Wholly owned and operated by one or more board-certified medical specialists who have also completed fellowships in pain medicine approved by the Accreditation Council for Graduate Medical Education or the American Osteopathic Association, or who are also board-certified in pain medicine by a board approved by the American Board of Medical Specialties or the American Osteopathic Association and perform interventional pain procedures of the type routinely billed using surgical codes.

EACH LOCATION MUST BE REGISTERED SEPARATELY REGARDLESS OF WHETHER THE PAIN-MANAGEMENT CLINIC IS OPERATED UNDER THE SAME BUSINESS NAME OR MANAGEMENT AS ANOTHER PAIN-MANAGEMENT CLINIC.

Pain-management clinics must designate a physician responsible for complying with all requirements related to registration and operation of the pain-management clinic. The designated physician must be a medical doctor licensed under Chapter 458, F.S. or an osteopathic physician licensed under Chapter 459, F.S., who holds a full, active and unencumbered license. Each pain-management clinic must notify the Department of any change in designated physician within 10 days. Failure to do so may result in a summary suspension of the pain-management clinic’s registration certificate as described in s. 456.073(8), F.S. or s. 120.60(6), F.S.

Each physician practicing in a pain-management clinic shall advise the Board of Medicine, in writing, within 10 calendar days after beginning or ending his or her practice at a pain-management clinic.

THE DESIGNATED PHYSICIAN MUST PRACTICE IN THE REGISTERED PAIN-MANAGEMENT CLINIC FOR WHICH HE/SHE IS RESPONSIBLE.

The pain-management clinic must be inspected annually by the Department unless it is accredited by a nationally recognized accrediting agency approved by the Board of Medicine or Osteopathic Medicine. If the pain-management clinic is accredited by one of these agencies, please provide the Department with documentation showing that the accreditation is current.
