

Projected Earnings Worksheet Guidance

for Homeless Children Nutrition Programs

Instructions: Follow the steps below to complete the online Projected Earnings Worksheet (PEW). If you are a sponsor of multiple sites, you will need to combine the information for all of your sites before using the worksheet. When completing the PEW, you will enter information into the green-shaded fields only, and the worksheet will do the calculations for you.

1. Go to www.flhealth.gov/ccfp
2. To the left, click on **Regulations, Guidance, and Recordkeeping**
3. **For independent sites**, click on the **Projected Earnings Worksheet (PEW)** link to open the Excel worksheet. **For sponsors of multiple sites**, click on the **S/A/H PEW Management Plan Budget** link to open the Excel workbook – the first tab is the PEW.
4. Using the enrollment data from your site(s), enter your total enrollment number in the “Free” category of the **Enrollment** section.
5. Under **Average Attendance per Day**, enter the average number of children that attend the site(s) daily. This number should be less than the total number of enrolled children, unless every child attends every day.
6. In the **Days Operating** section, enter the average number of days the site(s) is open each month (usually 30 days), and the number of months the site(s) is open during the year (usually 12 months).
7. Under **Put a “Y” in each category that applies**, type a Y for each meal type you plan to claim (maximum of three meals and/or snacks total).
8. The **Total Number of Meals Served in One Month to Eligible Children** automatically calculates based on the data entered in the other sections. To make projected earnings more accurate, you should lower the number of meals for a meal type if attendance for that meal is typically lower than the average daily attendance.
9. **Print** a copy of the completed PEW, which will be two pages. The second page shows the amount of Projected Earnings Rounded for use in the Budget, which is the amount of CCFP Funds that you will include on your program Budget. Page 2 also shows the 15% Sponsor Administrative Cap amount, which is the maximum amount that a sponsor of multiple sites can allot towards administrative costs.

NOTE: Before submitting any materials to the CCFP, make copies of all documents for your records.
