Dear Parent/Guardian and Recognized Medical Authority:

Reasonable modifications must be made for children with disabilities that restrict their diet. A person with a disability means any person who has a physical or mental impairment which substantially limits one or more major life activities, has a record of such a disability, or is regarded as having such a disability. Major life activities are broadly defined and include, but are not limited to, eating, digestion, and feeding skills. A physical or mental impairment does not need to be life threatening to constitute a disability. Examples of a disability may include diabetes, food allergy or intolerance, developmental delay, or autism.

When substitutions are made and the meal pattern is not met, a medical statement is required and must be signed by a physician, physician’s assistant (PA), or nurse practitioner (ARNP).

Please return this completed form to the child care center. If you have any questions, you may contact the facility.

A recognized medical authority must complete the following information:
