## INTRODUCTION

The Child Care Food Program (CCFP) is a federally funded program that reimburses child care providers for nutritious meals and snacks served to eligible children. In Florida, the Department of Health (DOH), Bureau of Child Care Food Programs, administers the CCFP.

The purpose of this Eligibility Guide is to provide information on determining the eligibility of each child for free or reduced-price meals. It is to be used by independent child care centers (including outside-school-hours-care centers) and sponsoring organizations of child care centers providing services under the CCFP.

Sample forms and the current Income Eligibility Guidelines are included in this booklet; make copies of the forms as needed. These forms can also be accessed from the following locations listed below.

- Management Information and Payment System (MIPS)
  - Blank Forms/Documents on left menu
- CCFP website at [www.floridahealth.gov/programs-and-services/childrens-health/child-care-food-program/Guidance/index.html](http://www.floridahealth.gov/programs-and-services/childrens-health/child-care-food-program/Guidance/index.html)

In the CCFP, there are non-pricing programs and pricing programs. The most common is a **non-pricing** program in which the center does not charge separately for meals served. The other is a **pricing** program, which does charge separately for meals served.

The CCFP State Office is located in Tallahassee; the phone number is 850.245.4323. Program Specialists are located in offices throughout the state; please refer to our website for contact information. Program Specialists or someone from the State Office is available to answer your questions.

## I. DEFINITIONS

The following definitions may be helpful when reading this guidance.

**Enrolled child** is a child whose parent or guardian has submitted a signed document to a child care center or sponsoring organization indicating that the child is enrolled for child care.

**Child** means (a) a person 12 years of age and under; (b) a child of migrant workers 15 years of age and under; and (c) a person with an appropriately documented mental or physical disability who is enrolled in a child care center that serves a majority of persons 18 years of age and under.

**Free meal** is a meal served under the CCFP to a child who meets one of the following criteria and has appropriate verifying documentation:

- Member of a household that meets the income standards for free meals
- Member of a household receiving Temporary Assistance to Needy Families (TANF) or Food Assistance Program (also known as SNAP or Food Stamp Program) benefits
- Enrolled in Head Start or Early Head Start
- Enrolled in the Even Start Literacy Program and has not yet started kindergarten
- Foster children or children under temporary emergency placement by a court
- Homeless or institutionalized children

**Reduced-Price meal** is a meal served under the CCFP to a child from a household that meets the income standards for reduced-price meals.

**Non-needy meal** is a meal served under the CCFP to a child from a family who does not meet the standards for either free or reduced-price meals.

**Non-pricing program** means the child care center has no separate identifiable charge for meals served.

**Pricing program** means the child care center has a separate identifiable charge for meals served. Pricing programs are required to provide the same meals to children eligible for free or reduced-price meals as they provide to children who pay full price for meals.

## II. DETERMINING ELIGIBILITY

Independent child care centers (centers) and sponsoring organizations of child care centers (sponsors) that participate in the CCFP must annually determine the eligibility of each enrolled child in order to claim free, reduced-price, or non-needy meals for reimbursement. The eligibility category determines the amount of reimbursement.

In most cases, a Free and Reduced-Price Meal Application (application) is used to collect household information and determine a child's eligibility category. There are certain situations when another official document may be used in lieu of an application to determine eligibility; those exceptions are explained in Section III.B of this guide.

The child care center must distribute the application and the instructions to the parents of newly enrolled children and children whose eligibility determination is expiring soon. The center must also distribute the accompanying parent letter (both pages) or post a copy of the full letter in an area where parents can read it prior to completing the application. The parent letter provides important information and explains the reason for completing the application to the children's parents.

Any adult household member may complete and submit the application. The sponsor or center then reviews the application, compares the information to the income eligibility guidelines, and determines the child's eligibility category. A sponsor may allow its sponsored centers to determine the eligibility of the children; however, the sponsor is responsible for ensuring that each child's eligibility is determined correctly.

A child's eligibility status, based on his/her approved application, lasts for one year from the month in which the eligibility determination was effective. Until a completed application (or other eligibility documentation) has been approved by the center or sponsor, the child must be classified as eligible for non-needy meals. Centers or sponsors may choose to collect new applications on all currently enrolled children once a year, for example in August or September.

The information provided on the application is the household's **private information** and the sponsor or center must ensure that the information is kept **confidential**.

The sponsor or center should delegate a staff member(s) to review and approve the applications and complete the Enrollment Roster. The delegated staff member(s) should review each application to determine and document eligibility by following these steps:

1. Obtain from parent/guardian or other adult household member any missing information required to determine eligibility. If obtaining missing information or clarifying information, note on the application the name of the household member you spoke to, the missing or clarified information, the date of contact, and your initials.
2. Review the application (or other eligibility documentation) to determine if the child is categorically eligible for free meals based on a Food Assistance Program or TANF case number, or documentation from Head Start/Early Head Start, Even Start, Foster Care Agency, or Court. Refer to Section B on pages 6-7 for information on documents that can be accepted in lieu of Free and Reduced-Price Meal Applications in certain instances. If the child is not categorically eligible, then use the current Income Eligibility Guidelines to determine the eligibility category of the child's household.

**Note:** If all income is reported in the same payment frequency (i.e., how often the income is received), do not convert to an annual amount because rounding of figures in the Income Eligibility Guidelines causes the converted annual amount to be higher than the total of adding all the income together. Therefore, unnecessary income conversions may lead to incorrect classifications. **When income payment frequencies are different, this is the only time you would convert all income to annual income, as noted in the "For Contractor Use Only" section of the application.**

3. Complete the "For Contractor Use Only" section at the bottom of the application to indicate the eligibility determination, then sign and date the form. Second party checks are optional, unless required as part of a Corrective Action Plan.
4. Determine the effective date of eligibility using one of the options described in the CCFP policy memo from April 24, 2014, entitled "Effective Date of Income Eligibility Determinations." This memo can be found in the CCFP's Management Information and Payment System (MIPS) under the Policy Memos link, Fiscal Year 2014.
5. File all applications (including those for children no longer enrolled) in alphabetical order or preferably in an order to match the Enrollment Roster. For a child no longer enrolled, note the child's withdrawal date on the Enrollment Roster.
6. For children whose eligibility was determined based on documentation from Head Start/Early Head Start, Even Start, Foster Care Agency, or a Court, keep those documents on file with the Free and Reduced-Price Meal Applications for the other children.
7. Complete the Enrollment Roster and update it throughout the year as changes occur.

Eligibility information does not have to be verified. However, verification of information is allowed when based upon some reasonable cause for suspicion. This verification must be performed in a non-discriminatory manner. **Refer to Chapter 2 of your procedure manual for more detailed eligibility information.**

### III. REQUIRED INFORMATION FROM APPLICANTS

#### A. Information Required on the Free and Reduced-Price Meal Application

Type of Household	Required Information (Additional information may be provided but is not required to determine eligibility category.)
Food Assistance Program (also known as SNAP or Food Stamp Program) or TANF (Temporary Assistance to Needy Families)	<ol style="list-style-type: none"> <li>1. Name of child.</li> <li>2. Food Assistance Program or TANF Case Number. This is a 10-digit number assigned to the household receiving benefits. This number typically begins with a "1" and is on the "notice of decision" or "letter of eligibility" provided by the Food Assistance Program/TANF Office. It is <b>not</b> the 16-digit random number on the electronic benefits card used for the program. <i>Note: Medicaid and subsidized child care eligibility <u>does not</u> automatically qualify children for free meals.</i></li> <li>3. Signature of parent/guardian or other adult household member.</li> </ol> <p>NOTE: If any member of the household currently receives Food Assistance Program or TANF benefits, then any child in that household is eligible for free meals.</p>
Foster Child (if document from foster care agency or court is <u>not</u> submitted)	<ol style="list-style-type: none"> <li>1. Name of child.</li> <li>2. Circled Yes answer in the appropriate row of the foster child column.</li> <li>3. Signature of foster parent/guardian or other adult household member.</li> </ol>
All Other Households	<ol style="list-style-type: none"> <li>1. Name of child.</li> <li>2. All household member names (children and adults).</li> <li>3. Combined gross income for all household children (through age 18) who have any income, and how often that income is received. If the children's income section (Step 3.A) is blank, you can assume there is no children's income.</li> <li>4. Current gross income (or net income for self-employed persons only) from all sources for each adult household member <u>and</u> how often each source of income is received. (<b>Note:</b> For any adult household member that does not receive any income, "none" or "0" should be listed for that person. If an adult has no income listed, you can assume his/her income is "none" or "0", and the application can be approved accordingly with no income for that individual. If there are no adults listed in Step 3.B, the application is incomplete and you <u>cannot</u> consider it to be a zero income application.)</li> <li>5. Signature of parent/guardian or other adult household member.</li> <li>6. The last four digits of the social security number of the adult household member that signed the form. If this person does not have a social security number, then "none" must be written in the spaces provided.</li> </ol>

## **B. Documents Accepted in Lieu of a Free and Reduced-Price Meal Application**

**Foster Children or Children Placed Temporarily by a Court** are automatically eligible for the free meal eligibility category with official documentation from the foster care agency or court that placed the child. With such documentation, a Free and Reduced-Price Meal Application is not required.

**Head Start and Early Head Start participants** are automatically eligible for the free meal eligibility category. Proof of Head Start enrollment must be established by obtaining, and maintaining on file, one of the following documents:

- A child's approved Head Start/Early Head Start application for enrollment
- A signed and dated document from the Head Start/Early Head Start Program Office that includes a child's name, or a list of children's names, and the date of enrollment in Head Start for the child(ren)

Once on file, the above documents remain valid for as long as the child remains enrolled in the applicable program.

If Head Start/Early Head Start documentation is not available, then the household must submit a Free and Reduced-Price Meal Application, and eligibility would be determined in the traditional manner.

**Even Start Family Literacy Program participants** are automatically eligible for free meals if they are enrolled in the Even Start Program and are not yet in kindergarten. Proof of Even Start enrollment must be established by obtaining, and maintaining on file, one of the following documents:

- An approved Even Start Program Application with confirmation that the child has not yet entered kindergarten
- Statement of enrollment for the Even Start Program with confirmation that the child has not yet entered kindergarten
- A list of children's names confirming that the children are currently enrolled as participants in the Even Start Program and that the children have not yet entered kindergarten

Note: To be valid, each of the eligibility documents listed above must include a signature and date of signature of the local project director or an individual authorized to provide certification on behalf of the Even Start Program.

At the beginning of each school year, the eligibility determination official must re-establish the categorical eligibility for each Even Start child.

If none of the Even Start documents are available, then the household must submit a Free and Reduced-Price Meal Application, and eligibility would be determined in the traditional manner.

## **C. Applications for Homeless Children or Children in a Residential Child Care Institution (RCCI)**

**For homeless children** whose parents or guardians fail to complete and return a Free and Reduced-Price Meal Application, the following procedures are acceptable:

- The director of the homeless shelter where the child lives may complete and return an application for the child.
- Local officials, such as social service agency employees, public school principals, etc., may complete and return an application for a homeless child based solely on their knowledge that the child's address is a homeless shelter or that the child has no known address and is indeed homeless.

For children in a RCCI, the parent, guardian, director or an authorized employee of the residential facility in which the child resides must sign the application and include the child's name and the facility name.

#### IV. DETERMINING HOUSEHOLD INCOME

**Current Household Income:** This term refers to the current amount of income each person usually receives (before deductions for taxes, social security, etc.), how often it is received, and where it is from, such as wages, retirement, or public assistance. If self-employed, the net income should be listed. Net income is defined as gross receipts less operating expenses. If income frequency is not listed, the center or sponsor must contact the household to find out how often the income is received and document this information. **The center or sponsor must not assume that the income is received monthly.**

**Income:** The total monetary compensation of a household before any deductions such as income taxes, social security taxes, insurance premiums, charitable contributions and savings bonds.

**Income includes:**

- Monetary compensation for services, including wages, salary, commissions or fees
- Net income from self-employment
- Social security payments
- Dividends or interest on savings, bonds, stocks or income from estates or trusts
- Net rental income
- Public assistance payments (see below for certain exclusions)
- Unemployment compensation
- Retirement benefits, pensions, annuities or veteran's payments
- Alimony or child support payments
- Regular contributions from persons not living in the household
- Net royalties
- Other cash income. This includes cash amounts received or withdrawn from any source including savings, investments, trust accounts and other resources, which would be available to pay the price of meals.
- Military benefits received in cash, such as off-base commercial/private housing allowances for military households living off base, food, and/or clothing allowances, must be considered as income. The exceptions to this are the Military Housing Privatization Initiative, Family Subsistence Supplemental Allowance and, in certain circumstances, combat pay. See below.

**Some income exclusions are:**

- Benefits received through the Food Assistance Program (also known as SNAP or Food Stamp Program), TANF, Child Care Development Block Grant, or National School Lunch/Breakfast Programs
- Military Housing Privatization Initiative: This housing benefit, in the form of cash, is not considered income. A housing allowance will appear on the leave and earnings statement of service members living in privatized *military* housing, but this must not be counted as income. Additional information about the Department of Defense's Military Housing Privatization Initiative, including a list of affected installations, may be accessed at [www.acq.osd.mil/eie/FIM/Housing/Housing\\_index.html](http://www.acq.osd.mil/eie/FIM/Housing/Housing_index.html). (It is not an allowable exclusion for households living off base in the general commercial/private real estate market.)
- Family Subsistence Supplemental Allowance (FSAA) payments made to members of the Armed Forces and their families by the Department of Defense.

- Combat pay that is received by a service member, in addition to his/her basic pay, during his/her deployment to or service in an area designated as a combat zone.
- \$600 Medicare Prescription Drug Discount Subsidy
- Occasional earnings received on an irregular basis (i.e., not recurring), such as payment for occasional baby-sitting or mowing lawns.
- Student Financial Aid used to pay for educational expenses

**Refer to the “Determining Household Income” section of your procedure manual for additional income exclusions and special situations regarding income.**

## V. DETERMINING HOUSEHOLD SIZE

The following definitions will be helpful when determining household size.

Topic	Definition
Household	A group of related or unrelated people who are not residents of an institution or boarding house, but who are living as one economic unit.
Economic Unit	A group of related or unrelated individuals who share housing and/or all significant income and expenses of its members. Generally, individuals residing in the same house are an economic unit. However, more than one economic unit may reside together in the same house. Separate economic units in the same house are characterized by prorating expenses and economic independence from one another.
Food Assistance Program Household	Any individual or group of individuals that is currently certified to receive benefits under the Food Assistance Program (also known as SNAP or Food Stamp Program).
TANF Assistance Unit	Any individual or group of individuals, which is currently certified to receive assistance under the Temporary Assistance to Needy Families Program.
Child Away at School	Students who are temporarily away at school (i.e., students attending boarding schools or colleges) should be counted as members of the household.
Foster Child	A foster child is a child who is living with a household but who remains the legal responsibility of the welfare agency or court.
Child Living with One Parent, Relatives or Friends	In cases where no specific welfare agency or court is legally responsible for the child, or where the child is living with one parent, other relatives or friends of the family, the child is considered to be a member of the household with whom he/she resides. In this case, the size and total income of that household is used to determine the child's eligibility.
Adopted Child	An adopted child for whom a household has accepted legal responsibility is considered to be a member of that household.
Institutionalized Child	An institutionalized child is a child who resides in a residential-type facility that the state has determined is not a boarding school. Such a child is considered a household of one.
Student Attending an Institution	A student who attends but does not reside in an institution is considered a member of the household in which he/she resides.
Military Families	Military personnel, either living with the household or deployed, are considered household members. If living with the household, the service member's income is included as income to the household. If deployed, only the portion of the deployed service member's income that is made available to the household is included as income to the household.

## VI. DESCRIPTION OF FORMS INCLUDED IN THIS GUIDE

**Income Eligibility Guidelines** – The current Income Eligibility Guidelines are included for your use when approving new applications for free and reduced-price meals. The income guidelines are effective July 1, 2020 through June 30, 2021.

**News Release** (Non-Pricing and Pricing versions) – New independent centers and sponsors that are adding new centers are required to send a news release to a local media service. The news release must include the Income Eligibility Guidelines for Free and Reduced-Price Meals. Use the News Release appropriate to your type of program (most centers are non-pricing).

**Free and Reduced-Price Meal Application** (English, Spanish, and Haitian-Creole) – The application is used to establish a child's eligibility category (free, reduced or non-needy), and is valid for one year from the month in which the eligibility determination was effective.

**Standard Form** – this form does not include any child participation information data.

**Combo Form** – this form includes child participation information data. If using this form, the parent must complete child participation data as well as STEP 5 (signed and dated), otherwise this form will not serve as a valid Child Participation Form and a separate Child Participation Form must be completed.

**Parent Letter** (Non-Pricing version: English, Spanish, and Haitian-Creole; Pricing version: English only) – All independent centers and sponsors of centers are required to distribute a letter to the parents (households) with the Free and Reduced-Price Meal Application. If the center has an area where parents complete the meal applications, the Parent Letter may be posted in that area for parents to read. Parents should read the parent letter and the meal application instructions (on reverse side of application form) so they will understand the purpose of the application and what income should be reported. Use the Parent Letter appropriate to your type of program (most centers are non-pricing).

**Child Care Application for Enrollment** (English, Spanish, and Haitian-Creole) – This form can be used to enroll children for child care if the center does not already have an enrollment form it uses. Each child attending the center must have an enrollment form completed and signed by his/her parent/guardian upon enrollment in the center. The enrollment form must be reviewed annually by the parent/guardian, updated (if needed), and signed again by the parent/guardian; or the center may have parent(s) complete new enrollment forms once a year. Please note, there is no requirement for a separate form to enroll children in the Child Care Food Program.

**Child Participation Form** (English, Spanish, and Haitian-Creole) – This form is to be used when the center is using an enrollment form or the standard Free and Reduced-Price Meal Application that does not include the child participation information.

**Enrollment Roster** (August-July cycle and October-September cycle) – The Enrollment Roster is used for tracking the meal eligibility categories (free, reduced-price, and non-needy) of enrolled children for a one-year period. The children are listed in alphabetical order on the roster. Centers or sponsors have the option of using the federal fiscal year, October 1 through September 30, or a year of August 1 through July 31. Forms for both annual cycles are included in this guide and in MIPS. The instructions for maintaining the roster are on the back of the form.

**Enrollment Roster Consolidation Form** – This form may be used to consolidate numbers from multiple alphabetical roster pages.

**Collection Procedures for Pricing Programs** – This is used only in pricing programs to document the center's method of collecting meal payments.

**Note:** A copy of all records regarding the CCFP must be kept on file at the institution's office for monitoring and auditing purposes for three prior fiscal years plus the current fiscal year or if an audit is outstanding, until the audit is closed.

Center Name Full Center Address

announces its intent to participate in the U.S. Department of Agriculture's Child Care Food Program, which is a federally funded program that reimburses child care providers for serving nutritious meals and snacks to enrolled, eligible children. Meals will be available at a separate charge to all participants, regardless of race, color, national origin, sex, age, or disability.

Children may buy lunch/supper for \_\_\_\_\_; breakfast for \_\_\_\_\_; and snacks for \_\_\_\_\_. Children from families whose income is at or below the levels shown on the chart below are eligible for free or reduced-price meals. Reduced-price meals cost 40 cents for lunch/supper, 30 cents for breakfast, and 15 cents for snacks.

Parents/guardians of children eligible for free or reduced-price meals must complete an application. Eligibility information includes the names of all household members; income of each household member or household member's Food Assistance Program (formerly known as the Food Stamp Program) case number or Temporary Assistance for Needy Families (TANF) case number; signature of an adult household member; and, if the application includes income information, the last four digits of the social security number (SSN) of the adult household member signing the application or an indication that this adult does not have a SSN.

Children who are members of households receiving Food Assistance Program or TANF benefits, children enrolled in Head Start or Early Head Start, and foster children are automatically eligible to receive free meal benefits with appropriate documentation.

Children from families whose income is at or below the levels shown on the chart below are eligible for free or reduced-price meals. The policy statement for free and reduced-price meals is on file at the child care center(s) and may be reviewed by any interested party.

**INSTRUCTIONS for completing the Free and Reduced-Price Meal Application (use a pen and print all information other than signature)**

**IF ANY MEMBER OF YOUR HOUSEHOLD RECEIVES FOOD ASSISTANCE PROGRAM (FAP/SNAP) OR TEMPORARY ASSISTANCE FOR NEEDY FAMILIES (TANF) BENEFITS, FOLLOW THESE INSTRUCTIONS:** **STEP 1:** List all children age 18 and under that are supported with the household’s income, even if they are not related to you. Be sure to include the child listed at the top of the form. If there is not enough space to list all children, use a second form and attach the forms together. List the date of birth of each child. In the next three columns, circle Yes or No to answer each question for each child listed. **STEP 2:** Enter either the FAP/SNAP or TANF case number in the designated space. The case number will be on your letter of eligibility; it is not the number on your EBT card. **STEP 3:** Skip this step. **STEP 4:** Skip this step. **STEP 5:** Enter your address and phone # (if available). An adult household member must sign the form. Print the name of the person who signed the form, then enter the date signed.

**IF YOU ARE APPLYING FOR A FOSTER CHILD, FOLLOW THESE INSTRUCTIONS:** With appropriate documentation, foster children are automatically eligible for free meals regardless of the income of the household where they reside. You have the option to provide the child care center with official documentation from the foster care agency or court that placed the child in the household, rather than completing this application. Should you choose to complete this application, and you are applying only for a foster child(ren), then only complete STEPS 1 and 5. If you are applying for foster and non-foster children, complete STEPS 1, 3, 4 and 5. If completing STEP 3, do not include payments to the household for the care of the foster child(ren). See the instructions listed below for the applicable steps.

**ALL OTHER HOUSEHOLDS, FOLLOW THESE INSTRUCTIONS:** **STEP 1:** List all children age 18 and under that are supported with the household’s income, even if they are not related to you. Be sure to include the child listed at the top of the form. If there is not enough space to list all children, use a second form and attach the forms together. List the date of birth of each child. In the next three columns, circle Yes or No to answer each question for each child listed. **STEP 2:** Skip this step. **STEP 3:** Enter the total income received by all children listed in STEP 1, then check how often the income is received. **STEP 4:** List all adults age 19 and older that are supported with the household’s income, even if they are not related to you and even if they receive no income. If there is not enough space to list all adults, use a second form and attach the forms together. For each adult, list the amount of income he/she regularly receives before taxes or anything else is taken out and circle how often the income is received (frequency) in the appropriate columns. If self-employed, list net income. See examples below for sources of income to report. For any adult with no income, write “none” or “0.” Any income fields that are blank will also be counted as a zero (0). Enter the total number of household members (all children and adults), then list the last four digits of the social security number (SSN) of the adult completing/signing the application (or write NONE if he/she has no SSN). **STEP 5:** Enter your address and phone # (if available). An adult household member must sign the form. Print the name of the person who signed the form, then enter the date signed.

Providing the last four digits of a SSN is not mandatory, but if this information is not given or an indication is not made that the signer does not have a SSN, the application cannot be approved. The information provided on this form may be verified through program reviews, audits, and investigations and may include contacting employers to determine income, contacting a welfare office to verify receipt of FAP/SNAP or TANF benefits, contacting the state employment security office to determine the amount of benefits received, and checking any documentation produced by the household to prove the amount of income received. These verification efforts may result in a loss or reduction of benefits, administrative claims, or legal actions if incorrect information is reported. We may share your eligibility information with education, health, and nutrition programs to help them evaluate, fund, or determine benefits for their programs; auditors for program reviews; and law enforcement officials to help them investigate violations of program rules.

La Ley de Almuerzo Escolar Nacional Richard B. Russell exige que, a menos que mencione un número de caso actual del Programa de Ayuda para Alimentos (FAP/SNAP) o de Asistencia Temporal a las Familias Necesitadas (TANF), o que complete una solicitud para un menor en cuidado temporal, debe incluir los últimos cuatro dígitos del Número de Seguro Social (SSN) del adulto del hogar que firma la solicitud, o indicar que el firmante no tiene un SSN. Si bien brindar los últimos cuatro dígitos del SSN no es obligatorio, si no se proporciona esta información ni se indica que el firmante no tiene un SSN, no se podrá aprobar la solicitud. Es posible que se verifique la información que figura en este formulario en revisiones de programas, auditorías e investigaciones, y esto podría incluir la comunicación con empleadores para determinar los ingresos, con una oficina de prevención social para verificar la recepción de beneficios del FAP/SNAP o TANF, con la oficina estatal de seguridad de empleo para determinar la cantidad de beneficios recibidos, y la comprobación de los documentos presentados para demostrar la cantidad de ingresos que recibe. Estas medidas de verificación pueden conllevar pérdida o reducción de beneficios, reclamos administrativos o acciones legales si se brinda información incorrecta. Puede que compartamos su información de elegibilidad con programas de educación, salud y nutrición para ayudarlos a evaluar, financiar o determinar los beneficios de cada programa; con auditores para la revisión de programas, y con funcionarios policiales para ayudarlos a investigar las violaciones a las normas de los programas.

In the next three columns, circle Yes or No to answer each question for each child listed. **STEP 2:** Skip this step. **STEP 3:** Enter the total income received by all children listed in STEP 1, then check how often the income is received. **STEP 4:** List all adults age 19 and older that are supported with the household's income, even if they are not related to you and even if they receive no income. The Richard B. Russell National School Lunch Act requires that, unless you list a current Food Assistance Program (FAP/SNAP) or Temporary Assistance for Needy Families (TANF) case number or are applying for a foster child, you must include the last four digits of the Social Security Number (SSN) of the adult household member signing the application or indicate that the signer does not have a SSN. Providing the last four digits of a SSN is not mandatory, but if this information is not given or an indication is not made that the signer does not have a SSN, the application cannot be approved. The information provided on this form may be verified through program reviews, audits, and investigations and may include contacting employers to determine income, contacting a welfare office to verify receipt of FAP/SNAP or TANF benefits, contacting the state employment security office to determine the amount of benefits received, and checking any documentation produced by the household to prove the amount of income received. These verification efforts may result in a loss or reduction of benefits, administrative claims, or legal actions if incorrect information is reported. We may share your eligibility information with education, health, and nutrition programs to help them evaluate, fund, or determine benefits for their programs; auditors for program reviews; and law enforcement officials to help them investigate violations of program rules. **This institution is an equal opportunity provider. Si bien brindar los últimos cuatro dígitos del SSN no es obligatorio, si no se proporciona esta información ni se indica que el firmante no tiene un SSN, no se podrá aprobar la solicitud. Es posible que se verifique la información que figura en este formulario en revisiones de programas, auditorías e investigaciones, y esto podría incluir la comunicación con empleadores para determinar los ingresos, con una oficina de prevención social para verificar la recepción de beneficios del FAP/SNAP o TANF, con la oficina estatal de seguridad de empleo para determinar la cantidad de beneficios recibidos, y la comprobación de los documentos presentados para demostrar la cantidad de ingresos que recibe. Estas medidas de verificación pueden conllevar pérdida o reducción de beneficios, reclamos administrativos o acciones legales si se brinda información incorrecta. Puede que compartamos su información de elegibilidad con programas de educación, salud y nutrición para ayudarlos a evaluar, financiar o determinar los beneficios de cada programa; con auditores para la revisión de programas, y con funcionarios policiales para ayudarlos a investigar las violaciones a las normas de los programas.

## PARENT LETTER FOR NON-PRICING PROGRAMS

Dear Parent/Guardian:

Date: \_\_\_\_\_

We participate in the Child Care Food Program (CCFP), which provides reimbursement for serving nutritious meals to enrolled children. All meals served must meet meal pattern requirements established by the U.S. Department of Agriculture (USDA). In the operation of USDA child feeding programs, no person will be discriminated against because of race, color, national origin, sex, age, or disability.

The information requested on the attached Free and Reduced-Price Meal Application is necessary so that we may receive reimbursement for meals served to your child while in care. The amount of reimbursement we receive from the CCFP depends on the household income status of the enrolled children. Please complete the attached application, sign, date, and return it to the address listed below. **Please refer to the back of the application for full instructions.** Your application will be placed in our files and kept confidential.

Children from households that receive Food Assistance Program (formerly known as the Food Stamp Program) or TANF (Temporary Assistance for Needy Families) benefits are eligible for free meals. Children enrolled in Head Start or Early Head Start (HS/EHS) are eligible for free meals, subject to the submission of official, acceptable HS/EHS enrollment documentation. With proper documentation, HS/EHS children will not need Free and Reduced-Price Meal Applications. Foster children are eligible for free meals regardless of the income of the household with whom they reside, subject to the submission of official, acceptable foster care agency/court documentation or a Free and Reduced-Price Meal Application. Children from households with total incomes less than or equal to the levels listed below are eligible for either free or reduced-price meals.

## PARENT LETTER FOR PRICING PROGRAMS

Dear Parent/Guardian:

Date: \_\_\_\_\_

We participate in the Child Care Food Program (CCFP), which provides reimbursement for serving nutritious meals to enrolled children. All meals served must meet meal pattern requirements established by the U.S. Department of Agriculture (USDA). In the operation of USDA child feeding programs, no person will be discriminated against because of race, color, national origin, sex, age, or disability.

The information requested on the attached Free and Reduced-Price Meal Application is necessary to determine if your child qualifies for free or reduced-price meals. Also, the amount of reimbursement we receive from the CCFP depends on the household income status of the enrolled children. In order for us to determine if your child is eligible for free or reduced-price meals, please complete the attached application, sign, date, and return it to the address of the child care center listed below. **Please refer to the back of the application for full instructions.** Your application will be placed in our files and kept confidential.

Children from households that receive Food Assistance Program (formerly known as the Food Stamp Program) or TANF (Temporary Assistance for Needy Families) benefits are eligible for free meals. Children enrolled in Head Start or Early Head Start (HS/EHS) are eligible for free meals, subject to the submission of official, acceptable HS/EHS enrollment documentation. With proper documentation, HS/EHS children will not need Free and Reduced-Price Meal Applications. Foster children are eligible for free meals regardless of the income of the household with whom they reside, subject to the submission of official, acceptable foster care agency/court documentation or a Free and Reduced-Price Meal Application. Children from households with total incomes less than or equal to the levels listed below are eligible for either free or reduced-price meals.

#### HOW TO COMPLETE:

If any member of your household currently receives Food Assistance Program (FAP) or TANF benefits, then any child in the household is eligible for free meals. The application must include the child's name, the FAP or TANF case number, and the signature of an adult household member. If completing a Free and Reduced-Price Meal Application for a foster child, the application must identify the child as a foster child, and include the child's name, any "personal use" income, and an adult's signature. Households wishing to apply for meal benefits for foster children should contact us if they have any questions. If you do not list a FAP or TANF case number, or if the child is not a foster child, then the application must include:

- the child's name;
- the names of all household members, including spouse, children, parents or other persons who live with you in the same household;
- the amount of income each person usually receives (before deductions for taxes, social security, etc.), how often it is received, and where it is from, such as wages, retirement, or public assistance. For self-employed persons, list net income. Net income is defined as gross receipts less operating expenses. For persons who do not receive any income, write "0" or "None";

- the signature of an adult household member; and
- the last four digits of the social security number of the adult household member who signed the application or the word "none" if that adult does not have a social security number.

**VERIFICATION:** Your application may be reviewed by the child care center or other officials at any time during the year to determine if it has been correctly approved. **CONFIDENTIALITY:** The information that you report will be used only to determine eligibility for free or reduced-price meals in the CCFP. **REAPPLICATION:** You may apply for free and reduced-price meals at any time during the year. If you are not eligible now but your household experiences a change, such as, a decrease in household income, an increase in household size, unemployment, or receipt of Food Assistance Program or TANF benefits, then complete a new application. **FAIR HEARING:** If you do not agree with the approved eligibility category for your child, you may ask for a fair hearing by calling or writing:

## ENROLLMENT ROSTER

August 1, 2020 - July 31, 2021

### General Instructions

This enrollment roster is a required document for tracking free, reduced-price and non-needy meal eligibility in child care centers and outside school hours care centers. The child's eligibility category is based on information provided on the Free and Reduced-Price Meal Application. When a new child enrolls in the program, his/her name, age, and eligibility category with the first date of attendance must be noted on the roster.

A child care center and outside-school-hours care center may claim reimbursement only for meals served to enrolled children. Children are defined as persons who are 12 years of age and under; or children of migrant workers 15 years of age and under; or persons with an appropriately documented mental or physical disability who are enrolled in an institution or a child care facility serving a majority of persons 18 years of age and under. **No more than two meals and one snack or two snacks and one meal may be claimed per child per day.**

Do not send this report to the state office. Keep on file at your institution.

Child Care Food Program

**Collection Procedures for  
Pricing Programs**

**Check one of the four methods of collecting meal payments below:**

**Methods 1-3:**

Meal payments are collected in the child care facility office. Families can make payments on a daily, weekly or monthly basis. The child care facility director records payments and knows which participants qualify for free or reduced-price meals. The director or teacher-supervisor distributes identical tickets labeled only with participant's names in the classroom or learning areas. Since payments are made on an individual basis, the identification of those receiving free, reduced-price or full-price meals can be protected.

- 1. Daily collection at a designated time and place
- 2. Weekly collection at a designated time and place
- 3. Monthly collection at a designated time and place

**Method 4:**

Families pay in advance by the month. Payments are made to the child care facility office. Each teacher receives a list of those participants who have paid. Those children who receive free or reduced-price meals are marked paid, so no one but the day care facility director knows which children receive free or reduced-price meals. Teachers keep daily records of each child served. A billing statement is provided to families for any amount owed.

- 4. Billing Statement to families

**For all methods of collection:**

Meal payments are collected outside of the meal period, in a manner that will prevent overt identification of participants receiving free or reduced-price meals.
