Dear Parent or Guardian:

We want to share some important information about your child's Children's Medical Services (CMS) Health Plan.

The Florida Department of Health (DOH) will partner with WellCare to offer the CMS Health Plan¹ as of February 1, 2019. This partnership will bring positive changes for your child's health insurance.

What does this mean for you?

- It is important that you make appointments and meet with your child's providers as you normally do.
- We will make every effort to keep your child with the same provider you have now. If you want to change your child's PCP, you may do so starting on February 1, 2019. Just call us toll-free at **1-866-799-5321 (TTY 711)**.
- Your child has the right to continue to get services already authorized, at a minimum through July 31, 2019.
- We have special pediatric Care Managers/Care Coordinators. Your child's Care Manager/Care Coordinator will work with you to make sure your child gets the care he or she needs, when it is needed.
- Your Care Manager/Care Coordinator will contact you to talk about the exciting changes and how they can help you. This includes:
 - Expanded benefits, like over-the-counter items, non-medical transportation, and a grocery allowance
 - Special programs that link you to community services like utility assistance, legal aid, and more
 - Healthy Behaviors program that rewards you for making healthy choices about your child's care
 - Specialized staff to help families of school age children and those preparing for adulthood
 - A 24-hour Nurse Line and 24-hour Behavioral Health Crisis Line to help you and your family whenever you need it
 - A free mobile app that includes helpful and educational resources. Our mobile app, MyWellcare, is available for download from Google Play and the App Store.

¹ The Children's Medical Services Health Plan has partnered with WellCare of Florida, Inc. (WellCare) to provide managed care services to our members. WellCare is a licensed Florida health plan.

How do you access services?

Your child has a new CMS Health Plan member identification (ID) card. The ID card is attached. It has your child's start date, ID number, and primary care provider (PCP) details. Please call us if something on the card is wrong. Beginning February 1, 2019, use this new card each time your child uses his or her health care benefits. Prior to February 1, 2019, continue to use your child's current card. ID cards have important information that your child's providers and pharmacy will need.

How can you learn more?

We have great resources to help you learn more about your child's plan. Visit www.cmsplanflorida.gov to find your child's Member Handbook. Inside the handbook you can learn more about the plan and benefits described above. You can also learn more about:

- Services we cover and how to get them
- Grievances and appeals process
- Member rights and responsibilities

You can also find our Provider Directory on our website. Just click on *Find a Provider/Pharmacy*.

If you want a printed copy of your child's Member Handbook or Provider Directory call us toll-free at **1-866-799-5321** (TTY **711**). We will send them at no cost. Once you ask, you will get them within seven business days. Call us Monday–Friday, 8 a.m. to 7 p.m. You can also visit one of our Welcome Rooms! You can find locations at www.cmsplanflorida.gov.

It's important to keep your child's information up to date. If there are any changes to your child's name, address, county of residence or phone number, tell us, the Department of Children and Families (DCF), Social Security Administration, and/or Florida KidCare.

You will soon get a Notice of Privacy Practices and a *Member Information Update Form* in the mail, if you have not already. Please fill out the form to update your child's address and/or phone number. Then mail it back to us in the postage-paid envelope.

What if you have questions?
