

**2016 National Early Hearing Detection and Intervention (EHDI) Meeting
State Stakeholders' Meeting Agenda
Town & Country Hotel, San Diego, CA
Monday, March 14th, 2016 – 9:15am to 10:45am**

1. Brief Introductions

- a. Your name
- b. Your role with EHDI

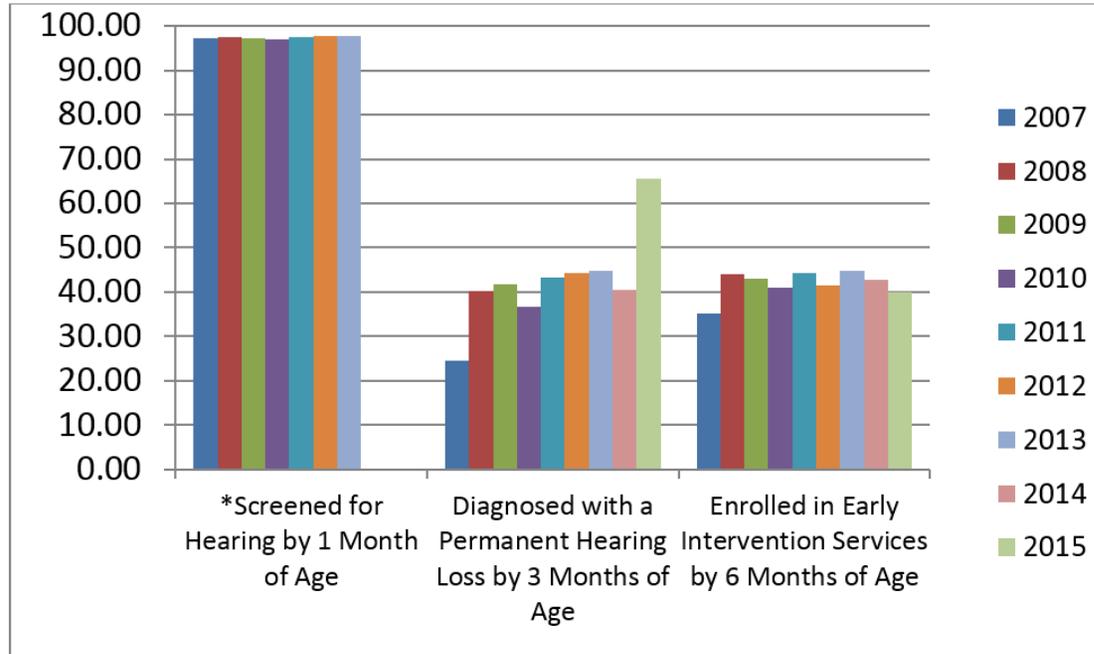

2. EHDI Goals Overview

- a. Increase the percentage of cases screened for hearing by one month of age.
- b. Increase the percentage of cases diagnosed with a permanent hearing loss by three month of age.
- c. Increase the percentage of cases that received early intervention services by six months of age.
- d. Decrease the percentage of cases that are lost to follow-up after not passing the hearing screening.
- e. Decrease the statewide average not reported rate (nothing was reported for hearing screening).
- f. Close all pending cases (still in refer status and follow-up protocol is not yet complete) for the previous year of births except those who are awaiting diagnosis (have had an evaluation in the last six months and have an evaluation scheduled within the next six months).
- g. Decrease the statewide average length of time between screen date and screen date entry into the data system.
- h. Complete linking of 2015 births with their Vital Statistics record.
- i. Improve the timeliness of reporting hearing evaluation results

3. Overall Data (Current as of 12-31-2015)

Year of Birth	Births	Hearing Screened		Screened by 1 Month		Initially Failed Newborn Hearing Screening		Diagnosed with a Permanent Hearing Loss		Diagnosed by 3 Months		Enrolled by 6 Months		Lost to Follow-up/Pending	
		#	%	#	%	#	%	#	%	#	%	#	%	#	%
