State: FLORIDA	Notes:
Zip:	
Contact Person:	
Telephone:	
Email:	

A 3-month supply of cards will be shipped per request based on the amount of specimen cards submitted to the Florida Newborn Screening Laboratory. Extra cards will be provided for a reasonable amount of unsuccessful collections. Please submit the next order when the card supply is only enough for about 2-3 weeks. Allow 4-7 days for the shipment to arrive. Only one unit or department will be allowed to place the order for each birthing facility or clinic. Shipments of envelopes have been discontinued. **The biohazard shield on the card must cover the specimen when it is completely dry. EXPIRED CARDS WILL BE REJECTED.** Please share this information to all personnel involved with newborn screening.
