Announcements	<p>FEMA Citizens Corp Webinar - Engaging your community in preventing terrorism</p> <p>FEMA's Individual and Community Preparedness Division co-authored a tool with EMI entitled IS-909 - Community Preparedness: Implementing Simple Activities for Everyone.</p> <p>The IS-909 course is in the independent study series. It includes core preparedness topics, hazard reduction preparedness topics and specialized preparedness topics. One topic in particular would be pet and service animal preparedness which provides information on taking care of pets and service animals during a disaster.</p>	<p>Will be rescheduled</p> <p>Forwarded previously (December 13, 2011), and March 14, 2012</p>

	<p>FEMA was looking on line for best practices and found our NEPP toolkit which they would like to reference.</p> <p>Bonnie and Ronnie had a conference call with a FEMA representative and it was discussed that communities need to be able to survive on their own until government can assist because the government cannot assist instantaneously. FEMA was very interested in all of the communities and how NEPP was implemented in them. They were also glad that Florida could provide them details of how NEPP has built stronger communities.</p> <p>Ronnie recommended to FEMA that they encourage state and local emergency managers to include ESF-8 in their plan because 40% of missions that came through for the 2004 Hurricanes were assigned to ESF-8.</p> <p>FEMA's "Whole Community Approach to Emergency Management: Principle, Themes, and Pathways for action" (see attachments)</p> <div style="display: flex; justify-content: space-around; align-items: center;"> <div style="text-align: center;">  928699 </div> <div style="text-align: center;">  928699 Whole </div> </div> <p>Community_Doctrin..</p>	
<p>Community Resiliency Updates (Bonnie Gaughan-Bailey)</p>	<p>There has not been a conference call since the SPOT meeting. Projects specific to Children’s Preparedness and the elderly have been identified as gap areas and we are looking for further strategies to implement for families. The reunification for children is a process specific to children’s preparedness and we need to incorporate that into FNSS although DOH does not have the lead of FNSS.</p> <p>Gap area - What is the infrastructure beyond behavioral health centers?</p> <p>The ASPR and CDC grants will join together in FY 12/13 and will go from July 1, 2012-June 30, 2013.</p>	
<p>Plan Review Feedback</p>	<p>All plans received, have been reviewed. There are five outstanding. Everyone did well, with the lowest scores in the 70’s. POD plans and</p>

<p>Governor's Hurricane Conference</p>	<p>Ronnie and Susan Mackenzie will be providing a NEPP workshop at the Governor's Hurricane Conference, Sonji Hawkins has received approval to attend. If you are able to join us, please do. Also, please encourage your EM directors/POCs to attend.</p> <p>Suggestions for workshop; posters, etc. If you have poster ideas or pictures you want to share, please let Ronnie know. Discuss obstacles working with EM, such as CERT volunteers must undergo background checks.</p>	<p>Friday, May 18 from 10:30 am-Noon</p> <p>Deadline for final products is May 1.</p>
<p>Questions & Discussion</p>	<p>CHD NEPP Coordinators recommended adding the following discussion points to the GHC PowerPoint (Slide #13): Regarding Exercises: Who are your partners? Participating in available exercises, jointly, with partners, provides benefits to individuals and the communities. Be sure to include citizens, not just NEPP communities.</p>
