Tropical Disturbance

- All state supported COVID-19 testing sites will close, 7/30/20, at COB and plan to reopen after the storm passes likely Tuesday/Wednesday.
- In Region 3, some LTC facilities starting to validate their transportation plan, whereas now the transportation provider is calling them back, indicating they **will not** transfer any positive COVID patients. As a result, these facilities looking to evacuate, no longer has a transportation provider.
 - Dayle stated: we do have Ambulance Deployment Plan that includes paratransit vehicle for the state. Steve McCoy and EMS have been working on contacts with local and state paratransit companies to do some augmentation of transport. If you have a need, early notification will be better.
 - If your facilities are willing to share which transportation companies refusing to transport COVID positive patients, AHCA may be able to help support messaging if they are Medicaid/Medicare providers.
