

Florida's Public Health and Healthcare System
PREPARES & RESPONDS

Program Presentations

March 26-27, 2014
Orlando, Florida

Goal Area 1: Cross-Functional Management and Support

- Strategy 1.1-Strategic Program Management and Administration
- Strategy 1.2-Planning
- Strategy 1.3-Training and Exercise

Strategy 1.1-Strategic Program Management and Administration

- Purpose, Expected Outcomes and Successes
- Core Missions Supported
- Local-level Benefits
- Return on Investment
- Barriers and Challenges Reported

Strategy 1.2-Planning

- Purpose, Expected Outcomes and Successes
- Core Missions Supported
- Local-level Benefits
- Return on Investment
- Barriers and Challenges Reported

Strategy 1.3-Training and Exercise

- Purpose, Expected Outcomes and Successes
- Core Missions Supported
- Local-level Benefits
- Return on Investment
- Barriers and Challenges Reported

Goal Area 2: Incident Management

- Strategy 2.1-Public Health and Healthcare System
Emergency Operations Coordination

Strategy 2.1-Public Health and Healthcare System Emergency Operations Coordination

- Purpose, Expected Outcomes and Successes
- Core Missions Supported
- Local-level Benefits
- Return on Investment
- Barriers and Challenges Reported

Goal Area 3: Information Sharing

- Strategy 3.1-Crisis and Emergency Risk Communications (Emergency Public Information and Warning)
- Strategy 3.2-Public Health and Healthcare System Information Sharing

Strategy 3.1-Crisis and Emergency Risk Communications (Emergency Public Information and Warning)

- Purpose, Expected Outcomes and Successes
- Core Missions Supported
- Local-level Benefits
- Return on Investment
- Barriers and Challenges Reported

Strategy 3.2-Public Health and Healthcare System Information Sharing

- Purpose, Expected Outcomes and Successes
- Core Missions Supported
- Local-level Benefits
- Return on Investment
- Barriers and Challenges Reported

Goal Area 4: Information Sharing

- Strategy 4.1-Public Health and Healthcare System Fatality Management
- Strategy 4.2-Mass Care
- Strategy 4.3-Public Health and Healthcare System Medical Surge
- Strategy 4.4-Public Health and Healthcare System Responder Management (Volunteer Management)

Strategy 4.1-Public Health and Healthcare System Fatality Management

- Purpose, Expected Outcomes and Successes
- Core Missions Supported
- Local-level Benefits
- Return on Investment
- Barriers and Challenges Reported

Strategy 4.2-Mass Care

- Purpose, Expected Outcomes and Successes
- Core Missions Supported
- Local-level Benefits
- Return on Investment
- Barriers and Challenges Reported

Strategy 4.3-Public Health and Healthcare System Medical Surge

- Purpose, Expected Outcomes and Successes
- Core Missions Supported
- Local-level benefits
- Return on Investment
- Barriers and Challenges Reported

Strategy 4.4-Public Health and Healthcare System Responder Management (Volunteer Management)

- Purpose, Expected Outcomes and Successes
- Core Missions Supported
- Local-level benefits
- Return on Investment
- Barriers and Challenges Reported

Goal Area 5: Countermeasures and Mitigation

- Strategy 5.1-Medical Countermeasure Dispensing
- Strategy 5.2-Medical Logistics (Medical Materiel Management and Distribution)
- Strategy 5.3-Non-Pharmaceutical Interventions
- Strategy 5.4-Responder Safety and Health
- Strategy 5.5-Healthcare System Responder Safety and Health

Strategy 5.1-Medical Countermeasure Dispensing

- Purpose, Expected Outcomes and Successes
- Core Missions Supported
- Local-level Benefits
- Return on Investment
- Barriers and Challenges Reported

Strategy 5.2-Medical Logistics (Medical Materiel Management and Distribution)

- Purpose, Expected Outcomes and Successes
- Core Missions Supported
- Local-level Benefits
- Return on Investment
- Barriers and Challenges Reported

Strategy 5.3-Non-Pharmaceutical Interventions

- Purpose, Expected Outcomes and Successes
- Core Missions Supported
- Local-level Benefits
- Return on Investment
- Barriers and Challenges Reported

Strategy 5.4-Responder Safety and Health

- Purpose, Expected Outcomes and Successes
- Core Missions Supported
- Local-level Benefits
- Return on Investment
- Barriers and Challenges Reported

Strategy 5.5-Healthcare System Responder Safety and Health

- Purpose, Expected Outcomes and Successes
- Core Missions Supported
- Local-level Benefits
- Return on Investment
- Barriers and Challenges Reported

Goal Area 6: Biosurveillance

- Strategy 6.1-Public Health Laboratory Testing
- Strategy 6.2-Public Health Surveillance and Epidemiological Investigation
- Strategy 6.3-Environmental Health

Strategy 6.1-Public Health Laboratory Testing

- Purpose, Expected Outcomes and Successes
- Core Missions Supported
- Local-level Benefits
- Return on Investment
- Barriers and Challenges Reported

Strategy 6.2-Public Health Surveillance and Epidemiological Investigation

- Purpose, Expected Outcomes and Successes
- Core Missions Supported
- Local-level Benefits
- Return on Investment
- Barriers and Challenges Reported

Strategy 6.3-Environmental Health

- Purpose, Expected Outcomes and Successes
- Core Missions Supported
- Local-level benefits
- Return on Investment
- Barriers and Challenges Reported

Goal Area 7: Community and Healthcare System Resilience

- Strategy 7.1-Community and Healthcare System Preparedness
- Strategy 7.2-Community and Healthcare System Recovery
- Strategy 7.3-Critical Infrastructure Protection

Strategy 7.1-Community and Healthcare System Preparedness

- Purpose, Expected Outcomes and Successes
- Core Missions Supported
- Local-level Benefits
- Return on Investment
- Barriers and Challenges Reported

Strategy 7.2-Community and Healthcare System Recovery

- Purpose, Expected Outcomes and Successes
- Core Missions Supported
- Local-level Benefits
- Return on Investment
- Barriers and Challenges Reported

Strategy 7.3-Critical Infrastructure Protection

- Purpose, Expected Outcomes and Successes
- Core Missions Supported
- Local-level Benefits
- Return on Investment
- Barriers and Challenges Reported
