Florida’s Six Dispensing Organizations: Approved dispensing organizations are the only businesses allowed to grow, process, or sell cannabis in Florida. Each dispensing organizations must receive authorization at three stages, (1) cultivation authorization, (2) processing authorization, and (3) dispensing authorization, prior to dispensing low-THC or medical cannabis. Currently, three of the six dispensing organizations have received dispensing authorization.

Dispensing Locations & Delivery: Dispensing organizations who have received dispensing authorization are authorized to deliver statewide. Aside from patients or their legal representatives, dispensing organization employees are the only individuals allowed to transport cannabis. Cannabis cannot be mailed.

Department of Health Approved Dispensing Organizations

The Compassionate Use Registry: The Department of Health’s secure, electronic registration system for physicians, patients and legal representatives is available. There are no paper prescriptions for an authorized order of low-THC or medical cannabis.

Law Enforcement Users: For access to the Compassionate Use Registry, please submit a completed Request for Access to the Compassionate Use Registry Form.

Restrictions for Use & Administration: Section 381.986, F.S., prohibits patients from smoking low-THC or medical cannabis. This means that patients will not have any whole flower as part of their qualified order. Patients cannot use or administer the product on any form of public transportation, in any public place, place of employment if restricted by his or her employer, state correctional institution, on the grounds of a preschool/primary school/secondary school, on a school bus or in a vehicle, aircraft or motorboat. Florida law does not allow for home grow of low-THC or medical cannabis.
