

2010 Community Health Assessment Survey

Topic: Current Participation

Has your CHD participated within the last three years or are you currently participating in a community health improvement process?

Related Standards:

NPHPSP: 5.3.1 An established community health improvement process in place

National Accreditation:

Standard 5.3 Conduct a health improvement planning process

Measure 5.3.1 Conduct a health improvement process that includes broad participation from the community

Measure 5.3.2 Produce a health improvement plan as a result of the community health improvement process

Measure 5.3.3 Implement elements and strategies of the health improvement plan in partnership with others

Measure 5.3.4 Establish a monitoring system to track progress on strategies and health improvement in order to revise plan as needed

DOH Community Health Improvement:

Standard 1.1 Utilizes a systematic process for community health improvement planning

**CHDs Participating in Community Health Improvement
During the Past Three Years**

Dixie County Response: Yes

Number and Percent of CHDs Participating in Community Health Improvement

Statewide Response	Yes		No		No Response	
	No. of CHDs	Percent	No. of CHDs	Percent	No. of CHDs	Percent
2003	48	72%	14	21%	5	7%
2004	53	79%	8	12%	6	9%

(data from 2003 - 2006 is not comparable)

Dixie County Response: Lead Agency

2010 Community Health Improvement Survey

Topic: Community Health Assessment Models

What community health improvement models or tools are currently used at your CHD?

Related Standards:

NPHSP: 5.3.1.1 Community health improvement process use of established tool such as MAPP or PACE-EH

Accreditation: Standard 5.3 Conduct a health Improvement Planning Process

DOH Community Health Improvement:

Implements a community health assessment process that includes

1A1. Identification of community themes (issues) and strengths

1A2. Assessment of the local public health system

1A3. Assessment of community health status resulting in the development of a community health profile document

1A4. Identification of potential forces of change (threats and opportunities)

Models of Community Health Assessment in Use

CHDs May Use More Than One Model

CHDs may be using more than one community health assessment model.
