## Introduction

This annual report is provided in accordance with Section 766.1115(8), Florida Statutes to summarize contributions made through the Volunteer Health Care Provider Program. The Florida Department of Health promotes the use of volunteers to augment its public health duties and functions. From July 1, 2012 through June 30, 2013, the value of health-related goods and services provided to Florida's citizens through volunteers and donations totaled over \$290 million. With annual expenditures of \$398,494, this results in a return on investment of \$702 in health care services to underserved Floridians for each dollar of state funds expended. Since the Volunteer Health Care Provider Program's inception in 1992, the Department has documented more than \$2.4 billion in donated goods and services. The majority of these contributions were directly related to medical and dental care provided to the underserved and uninsured. These services are coordinated through the Volunteer Health Care Provider Program (VHCPP) and volunteer services authorized under Chapter 110, F.S.

Created by the "Access to Health Care Act" in 1992, the VHCPP improves access to medical care for uninsured and underserved low income residents by allowing licensed medical professionals to become agents of the state. In exchange for the professional services they donate to financially eligible clients referred by the Department's agents and employees, the providers are protected by sovereign immunity. The volunteer health care professionals sign contracts with the state and are primarily associated with not-for-profit community or faith-based medical safety net organizations. Although small administratively, the VHCPP serves as a vital and highly efficient component in the Department's effort to increase access to health care for those in need throughout Florida.

To be eligible for VHCPP medical services, a client must:

- Not have health insurance that covers the treatment being sought; and have a net family income that does not exceed 200% of the federal poverty level; or
- Be Medicaid eligible under Florida law and meet the program's income eligibility criteria. For Medicaid eligible clients to receive services through a free clinic, the service must not be covered by Medicaid, or not available because of a lack of Medicaid providers.

Often in a crisis situation, the Department of Health's regional coordinators positioned across the state assist individual Floridians with locating volunteer health care services. Appendix A lists staff and their assigned regional territory. They further promote volunteer health care services by providing guidance and technical support to individuals and volunteer organizations, and assuring compliance with statutory sovereign immunity requirements. In addition to contracted VHCPP volunteers, volunteers in the Department's facilities augment the reach of public health initiatives. These volunteers are granted liability protection and workers' compensation while volunteering and serving in a variety of positions, from health care professionals to administrative support. Volunteers provide free services in almost every county in Florida.

A person seeking to participate as a volunteer for the Department of Health must meet the same requirements as a Department employee. While most of these volunteers are located in county health departments, a majority of free clinics utilize them to determine client eligibility and perform referral duties, ensuring compliance with the provisions of the Access to Health Care Act.

The Medical Reserve Corps (MRC) is a national network of local groups of volunteers committed to improving the health, safety and resiliency of their communities. The mission of the Florida Medical Reserve Corps Network Program is to augment local community health and medical services staff with pre-identified, trained and credentialed MRC volunteers.

The number of MRC volunteers, hours volunteered, and the total value of their contributions are included in the county health department volunteer reports and the county health department volunteer tables starting on page 20. The contributions of MRC chapters included in the county health department totals have been provided as a separate table on page 23.

As required by the statute, this report includes a list of claims under the VHCPP compiled by the Florida Department of Financial Services, Division of Risk Management. This report is in the form of a letter and is provided on Appendix B.

The key to the continued success of these volunteer initiatives is the sustained support of the many generous provider organizations, professional associations, public/private partnerships, and individuals committed to strengthening and developing collaborative relationships within their local communities. The Department is looking forward to continuing its support of the statewide network of volunteers and their charitable services as we move into our 22<sup>nd</sup> year of serving the citizens of Florida.

## Volunteer Health Care Provider Program Activities

This section of the report documents the contributions made by participants in the Volunteer Health Care Provider Program (VCHPP). During this reporting period, there were 13,543 licensed health care professionals and 26,002 clinic staff volunteers who provided 427,731 health care services to citizens. Since 2008, the VHCPP has increased its numbers of licensed providers by 30.1% and non-licensed providers by 69.5%.

| Year | Licensed Volunteers | Percent Change Compared to 2008 | Non-Licensed Volunteers | Percent Change Compared to 2008 |

| 2012 | 12,867              | 23.6%                           | 22,816                  | 48.7%                           |
| 2013 | 13,543              | 30.1%                           | 26,002                  | 69.5%                           |

Monetary values contained in this report are supplied to the Department by volunteer provider organizations and clinics across Florida. During the 2012-2013 reporting period, 206 such entities reported receiving donations of more than \$127 million in monies, supplies and equipment from external sources. When coupled with the value of volunteer hours, the total value of donated goods and services grows to \$294,427,678. As shown below, this represents an increase of 64.7% since 2008.

| Year | Value of Goods and Services | Percent Change Compared to 2008 |
|------|-----------------------------|---------------------------------|
| 2008 | \$ 178,814,932              | -                               |
| 2009 | \$ 222,773,587              | 24.6%                           |
| 2010 | \$ 234,975,263              | 31.4%                           |
| 2011 | \$ 268,404,782              | 50.1%                           |
| 2012 | \$ 231,530,324              | 29.5%                           |
| 2013 | \$ 294,427,678              | 64.7%                           |

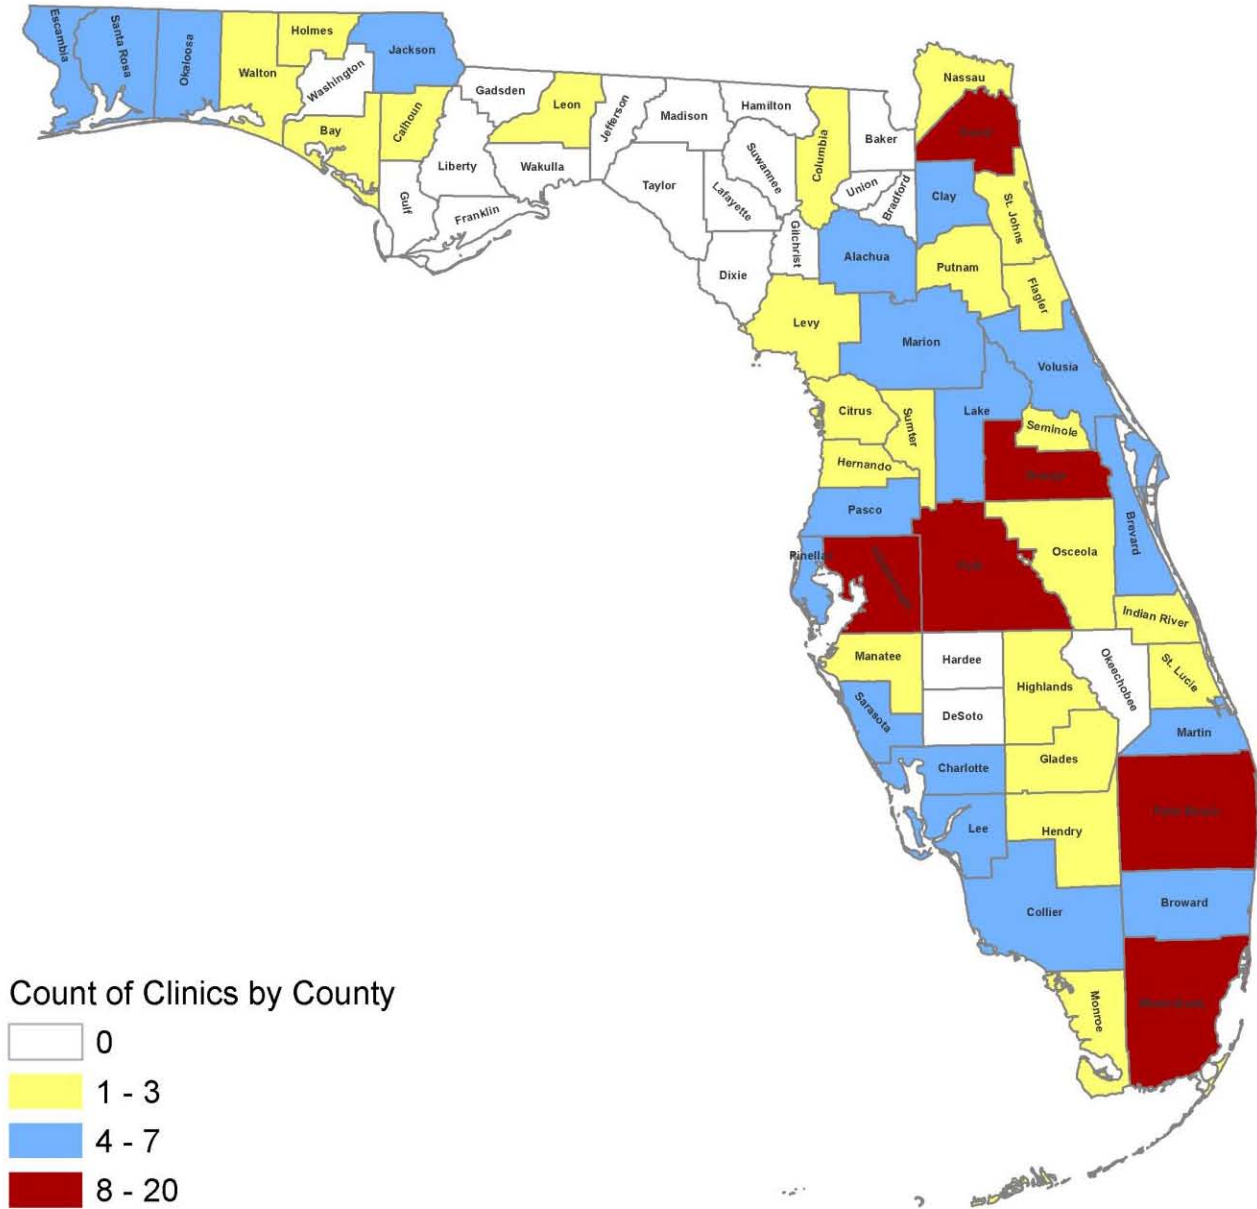

The increased access to health care provided to underserved and uninsured residents of Florida through this program is completely dependent on volunteers. The Department is extremely thankful for the health care providers' commitment to this endeavor and acknowledges their positive impact on individual lives and local communities. Vital to the continued success of this program is the support and sponsorship of licensed health care professionals, community and faith-based organizations, public/private partnerships, the Florida Medical Association, the Florida Osteopathic Medical Association, and the Florida Dental Association. In many areas, providers and civic organizations have joined forces to develop extensive collaborations to support a complete, uncompensated health care network, and even medical homes, for a number of residents in their communities.

The map on the following page shows the distribution of volunteer clinics throughout the state. Although many counties have multiple clinics, there are still a number of counties where residents do not have access to a volunteer clinic.

The table starting on page 6 summarizes reported volunteer and patient visit counts and the value of contributions by county and by clinic.

## **Volunteer Activities in County Health Department and Children’s Medical Services Facilities**

Volunteers and public/private partnerships are an integral part of the Department’s efforts to increase access to quality health care for Florida residents. This section of the report summarizes the contributions and donations made to the Department by various volunteers, as defined in Chapter 110, Part VI, *Florida Statutes*. The majority of donated goods and services are provided at county health department and Children’s Medical Services facilities. From July 1, 2012 through June 30, 2013, the Department documented the participation of 14,705 volunteers who contributed 615,132 hours of their time, for a total of \$31,226,540 in donated goods and services.

The Department utilizes a broad range of volunteers and partnerships to augment existing local resources. These include, but are not limited to, licensed health care professionals providing direct patient care, technical personnel assisting in information technology settings and environmental health-related areas, HIV/AIDS counselors/educators, language interpreters, and administrative staff providing clerical and other support. The Department also supports volunteer efforts within communities by making numerous facilities available to non-governmental, not-for-profit organizations to provide health care education and services for residents.

The Department also offers a wide range of valuable educational opportunities through which volunteers may participate. Several colleges and universities have contracted with the Department to permit students to complete their internships and/or clinical requirements in Department facilities. Many educational institutions have partnered with the Department in support of health fairs, disaster preparedness and natural disaster events, immunization clinics, back-to-school physicals, and other events to improve the health of the community.

The Volunteer Contributions table starting on the next page lists the number of volunteers in each county health department (CHD) and Children’s Medical Services (CMS) facility and the value of donated goods and services provided. While the volunteer services program is widespread, not all health departments and Children’s Medical Services locations had volunteers during this reporting period, and the chart reflects a “0” in those instances.

## **Medical Reserve Corps Volunteer Contributions July 1, 2012 – June 30, 2013**

The Medical Reserve Corps (MRC) is a national network of local groups of volunteers committed to improving the health, safety and resiliency of their communities. The mission of the Florida Medical Reserve Corps Network Program is to augment local community health and medical services staff with pre-identified, trained and credentialed MRC volunteers.

MRC volunteers include medical and public health professionals, as well as others interested in strengthening the public health infrastructure and improving the preparedness and response capabilities of their local jurisdiction. MRC units identify, screen, train and organize the volunteers, and utilize them to support routine public health activities and augment preparedness and response efforts.

In Florida, MRC Units work collaboratively with many public health response partners including the American Red Cross, hospitals, county emergency management agencies, law enforcement agencies, and fire departments. Volunteer membership has been consistently increasing with the majority of MRC volunteers classified as licensed health care providers and the remainder being non-licensed health care volunteers who are essential in supporting administrative functions

The Department's Bureau of Preparedness and Response is responsible for developing a statewide system of Florida MRC units that provide resources, guidance, and technical assistance to build local MRC capacity and readiness. Each local MRC unit works strategically with community partners to meet local emergency needs. Florida MRC units provide action plans, spending plans, training and exercise calendars and quarterly updates to the Department's MRC program office.

The Florida MRC Network program was presented with Prudential Davis Productivity Awards in 2009, 2011, and 2012. Services and donations provided by Florida MRC volunteers totaled over \$653,000 with more than 13,000 volunteer hours in 2010-2011, \$1.2 million with more than 42,000 volunteer hours in 2011-2012 and \$1.5 million with more than 55,000 volunteer hours in 2012-2013.

The Medical Reserve Corps (MRC) table identifies volunteers and contributions that are included in the Volunteer Contributions in County Health Department and Children's Medical Services table. Some MRC units are based in a single county while some units span multiple counties.

Contributions of volunteers and organizations are extremely valuable to the accomplishment of the Department's efforts to increase access to health services, especially during times of crisis.

## Appendix C

### **766.1115 Health care providers; creation of agency relationship with governmental contractors.**

(1) **SHORT TITLE.**—This section may be cited as the “Access to Health Care Act.”

(2) **FINDINGS AND INTENT.**—The Legislature finds that a significant proportion of the residents of this state who are uninsured or Medicaid recipients are unable to access needed health care because health care providers fear the increased risk of medical negligence liability. It is the intent of the Legislature that access to medical care for indigent residents be improved by providing governmental protection to health care providers who offer free quality medical services to underserved populations of the state. Therefore, it is the intent of the Legislature to ensure that health care professionals who contract to provide such services as agents of the state are provided sovereign immunity.

(3) **DEFINITIONS.**—As used in this section, the term:

(a) “Contract” means an agreement executed in compliance with this section between a health care provider and a governmental contractor. This contract shall allow the health care provider to deliver health care services to low-income recipients as an agent of the governmental contractor. The contract must be for volunteer, uncompensated services. For services to qualify as volunteer, uncompensated services under this section, the health care provider must receive no compensation from the governmental contractor for any services provided under the contract and must not bill or accept compensation from the recipient, or any public or private third-party payor, for the specific services provided to the low-income recipients covered by the contract.

(b) “Department” means the Department of Health.

(c) “Governmental contractor” means the department, county health departments, a special taxing district with health care responsibilities, or a hospital owned and operated by a governmental entity.

(d) “Health care provider” or “provider” means:

1. A birth center licensed under chapter 383.
2. An ambulatory surgical center licensed under chapter 395.
3. A hospital licensed under chapter 395.
4. A physician or physician assistant licensed under chapter 458.
5. An osteopathic physician or osteopathic physician assistant licensed under chapter 459.
6. A chiropractic physician licensed under chapter 460.
7. A podiatric physician licensed under chapter 461.
8. A registered nurse, nurse midwife, licensed practical nurse, or advanced registered nurse practitioner licensed or registered under part I of chapter 464 or any facility which employs nurses licensed or registered under part I of chapter 464 to supply all or part of the care delivered under this section.
9. A midwife licensed under chapter 467.

## Appendix C

10. A health maintenance organization certificated under part I of chapter 641.
11. A health care professional association and its employees or a corporate medical group and its employees.
12. Any other medical facility the primary purpose of which is to deliver human medical diagnostic services or which delivers nonsurgical human medical treatment, and which includes an office maintained by a provider.
13. A dentist or dental hygienist licensed under chapter 466.
14. A free clinic that delivers only medical diagnostic services or nonsurgical medical treatment free of charge to all low-income recipients.
15. Any other health care professional, practitioner, provider, or facility under contract with a governmental contractor, including a student enrolled in an accredited program that prepares the student for licensure as any one of the professionals listed in subparagraphs 4.-9. The term includes any nonprofit corporation qualified as exempt from federal income taxation under s. 501(a) of the Internal Revenue Code, and described in s. 501(c) of the Internal Revenue Code, which delivers health care services provided by licensed professionals listed in this paragraph, any federally funded community health center, and any volunteer corporation or volunteer health care provider that delivers health care services.
  - (e) "Low-income" means:
    1. A person who is Medicaid-eligible under Florida law;
    2. A person who is without health insurance and whose family income does not exceed 200 percent of the federal poverty level as defined annually by the federal Office of Management and Budget; or
    3. Any client of the department who voluntarily chooses to participate in a program offered or approved by the department and meets the program eligibility guidelines of the department.
  - (4) **CONTRACT REQUIREMENTS.**—A health care provider that executes a contract with a governmental contractor to deliver health care services on or after April 17, 1992, as an agent of the governmental contractor is an agent for purposes of s. 768.28(9), while acting within the scope of duties under the contract, if the contract complies with the requirements of this section and regardless of whether the individual treated is later found to be ineligible. A health care provider under contract with the state may not be named as a defendant in any action arising out of medical care or treatment provided on or after April 17, 1992, under contracts entered into under this section. The contract must provide that:
    - (a) The right of dismissal or termination of any health care provider delivering services under the contract is retained by the governmental contractor.
    - (b) The governmental contractor has access to the patient records of any health care provider delivering services under the contract.
    - (c) Adverse incidents and information on treatment outcomes must be reported by any health care provider to the governmental contractor if the incidents and information pertain to a patient treated under the contract. The health care provider shall submit the reports required by s. 395.0197. If an

## Appendix C

incident involves a professional licensed by the Department of Health or a facility licensed by the Agency for Health Care Administration, the governmental contractor shall submit such incident reports to the appropriate department or agency, which shall review each incident and determine whether it involves conduct by the licensee that is subject to disciplinary action. All patient medical records and any identifying information contained in adverse incident reports and treatment outcomes which are obtained by governmental entities under this paragraph are confidential and exempt from the provisions of s. 119.07(1) and s. 24(a), Art. I of the State Constitution.

(d) Patient selection and initial referral must be made by the governmental contractor or the provider. Patients may not be transferred to the provider based on a violation of the antidumping provisions of the Omnibus Budget Reconciliation Act of 1989, the Omnibus Budget Reconciliation Act of 1990, or chapter 395.

(e) If emergency care is required, the patient need not be referred before receiving treatment, but must be referred within 48 hours after treatment is commenced or within 48 hours after the patient has the mental capacity to consent to treatment, whichever occurs later.

(f) The provider is subject to supervision and regular inspection by the governmental contractor. A governmental contractor that is also a health care provider is not required to enter into a contract under this section with respect to the health care services delivered by its employees.

(5) NOTICE OF AGENCY RELATIONSHIP.—The governmental contractor must provide written notice to each patient, or the patient's legal representative, receipt of which must be acknowledged in writing, that the provider is an agent of the governmental contractor and that the exclusive remedy for injury or damage suffered as the result of any act or omission of the provider or of any employee or agent thereof acting within the scope of duties pursuant to the contract is by commencement of an action pursuant to the provisions of s. 768.28. With respect to any federally funded community health center, the notice requirements may be met by posting in a place conspicuous to all persons a notice that the federally funded community health center is an agent of the governmental contractor and that the exclusive remedy for injury or damage suffered as the result of any act or omission of the provider or of any employee or agent thereof acting within the scope of duties pursuant to the contract is by commencement of an action pursuant to the provisions of s. 768.28.

(6) QUALITY ASSURANCE PROGRAM REQUIRED.—The governmental contractor shall establish a quality assurance program to monitor services delivered under any contract between an agency and a health care provider pursuant to this section.

(7) RISK MANAGEMENT REPORT.—The Division of Risk Management of the Department of Financial Services shall annually compile a report of all claims statistics for all entities participating in the risk management program administered by the division, which shall include the number and total of all claims pending and paid, and defense and handling costs associated with all claims brought against contract providers under this section. This report shall be forwarded to the department and included in the annual report submitted to the Legislature pursuant to this section.

(8) REPORTING.— (a) Annually, the department shall report to the President of the Senate, the Speaker of the House of Representatives, and the minority leaders and relevant substantive committee chairpersons of both houses, summarizing the efficacy of access and treatment outcomes with respect to providing health care services for low-income persons pursuant to this section. (b) The department shall provide an online listing of all providers participating in this program and the number of volunteer service hours and patient visits each provided. A provider may request in writing to the department to be excluded from the online listing.

## Appendix C

(9) MALPRACTICE LITIGATION COSTS.—Governmental contractors other than the department are responsible for their own costs and attorney’s fees for malpractice litigation arising out of health care services delivered pursuant to this section.

(10) CONTINUING EDUCATION CREDIT.—Notwithstanding the maximum allowable credit of 25 percent of continuing education hours pursuant to s. 456.013(9), a provider may fulfill 1 hour of continuing education credit by performing 1 hour of volunteer services to the indigent as provided in this section, up to a maximum of 8 continuing education hours per licensure renewal period.

(11) RULES.—The department shall adopt rules to administer this section in a manner consistent with its purpose to provide and facilitate access to appropriate, safe, and cost-effective health care services and to maintain health care quality. Notwithstanding the requirements of paragraph (4)(d), the department shall adopt rules that specify required methods for determination and approval of patient eligibility and referral by government contractors and providers. The rules adopted by the department under this subsection shall give providers the greatest flexibility possible in order to serve eligible patients. The department shall retain review and oversight authority of the patient eligibility and referral determination.

(12) APPLICABILITY.—This section applies to incidents occurring on or after April 17, 1992. This section does not:

(a) Apply to any health care contract entered into by the Department of Corrections which is subject to s. 768.28(10)(a).

(b) Apply to any affiliation agreement or other contract that is subject to s. 768.28(10)(f).

(c) Reduce or limit the rights of the state or any of its agencies or subdivisions to any benefit currently provided under s. 768.28.

- (1) “Volunteer” means any person who, of his or her own free will, provides goods or services, or conveys an interest in or otherwise consents to the use of real property pursuant to chapter 260, to any state department or agency, or nonprofit organization, with no monetary or material compensation. A person registered and serving in Older American Volunteer Programs authorized by the Domestic Volunteer Service Act of 1973, as amended (Pub. L. No. 93-113), shall also be defined as a volunteer and shall incur no civil liability as provided by s. 768.1355. A volunteer shall be eligible for payment of volunteer benefits as specified in Pub. L. No. 93-113, this section, and s. 430.204.
- (2) “Regular-service volunteer” means any person engaged in specific voluntary service activities on an ongoing or continuous basis.
- (3) “Occasional-service volunteer” means any person who offers to provide a one-time or occasional voluntary service.
- (4) “Material donor” means any person who provides funds, materials, employment, or opportunities for clients of state departments or agencies, without monetary or material compensation.

History.—s. 1, ch. 78-263; s. 24, ch. 79-190; s. 2, ch. 89-294; s. 671, ch. 95-147; s. 40, ch. 95-418; s. 47, ch. 96-399; s. 2, ch. 98-336; s. 15, ch. 2005-87.

Note.—Former s. 112.901.

110.502 Scope of act; status of volunteers.

- (1) Every state department or state agency, through the head of the department or agency, secretary of the department, or executive director of the department, is authorized to recruit, train, and accept, without regard to requirements of the State Career Service System as set forth in part II of this chapter, the services of volunteers, including regular-service volunteers, occasional-service volunteers, or material donors, to assist in programs administered by the department or agency.
- (2) Volunteers recruited, trained, or accepted by any state department or agency shall not be subject to any provisions of law relating to state employment, to any collective bargaining agreement between the state and any employees’ association or union, or to any laws relating to hours of work, rates of compensation, leave time, and employee benefits, except those consistent with s. 110.504. However, all volunteers shall comply with applicable department or agency rules.
- (3) Every department or agency utilizing the services of volunteers is hereby authorized to provide such incidental reimbursement or benefit consistent with the provisions of s. 110.504, including transportation costs, lodging, and subsistence, recognition, and other accommodations as the department or agency deems necessary to assist, recognize, reward, or encourage volunteers in performing their functions. No department or agency shall expend or authorize an expenditure therefor in excess of the amount provided for to the department or agency by appropriation in any fiscal year.
- (4) Persons working with state agencies pursuant to this part shall be considered as unpaid independent volunteers and shall not be entitled to reemployment assistance.

Note.—Former s. 112.902.

110.503 Responsibilities of departments and agencies.—Each department or agency utilizing the services of volunteers shall:

- (1) Take such actions as are necessary and appropriate to develop meaningful opportunities for volunteers involved in state-administered programs.
- (2) Comply with the uniform rules adopted by the Department of Management Services governing the recruitment, screening, training, responsibility, use, and supervision of volunteers.
- (3) Take such actions as are necessary to ensure that volunteers understand their duties and responsibilities.
- (4) Take such actions as are necessary and appropriate to ensure a receptive climate for citizen volunteers.
- (5) Provide for the recognition of volunteers who have offered continuous and outstanding service to state-administered programs. Each department or agency using the services of volunteers is authorized to incur expenditures not to exceed \$100 each plus applicable taxes for suitable framed certificates, plaques, or other tokens of recognition to honor, reward, or encourage volunteers for their service.
- (6) Recognize prior volunteer service as partial fulfillment of state employment requirements for training and experience pursuant to rules adopted by the Department of Management Services.

Note.—Former s. 112.903.

110.504 Volunteer benefits

- (1) Meals may be furnished without charge to regular-service volunteers serving state departments, provided the scheduled assignment extends over an established meal period, and to occasional-service volunteers at the discretion of the department head. No department shall expend or authorize any expenditure in excess of the amount provided for by appropriation in any fiscal year.
- (2) Lodging, if available, may be furnished temporarily, in case of a department emergency, at no charge to regular-service volunteers.
- (3) Transportation reimbursement may be furnished those volunteers whose presence is determined to be necessary to the department. Volunteers may utilize state vehicles in the performance of department-related duties. No department shall expend or authorize an expenditure in excess of the amount appropriated in any fiscal year.
- (4) Volunteers shall be covered by state liability protection in accordance with the definition of a volunteer and the provisions of s. 768.28.

## Appendix D

- (5) Volunteers shall be covered by workers' compensation in accordance with chapter 440.
- (6) Incidental recognition benefits or incidental nonmonetary awards may be furnished to volunteers serving in state departments to award, recognize, or encourage volunteers for their service. The awards may not cost in excess of \$100 each plus applicable taxes.
- (7) Volunteers, including volunteers receiving a stipend as provided by the Domestic Service Volunteer Act of 1973, as amended (Pub. L. No. 93-113), shall be covered by s. 768.1355, the Florida Volunteer Protection Act.
