NEC - Not Elsewhere Classifiable, Legal Int. - Legal Intervention

Legal Intervention includes "injuries inflicted by the police or other law-enforcing agents, including military on duty, in the course of arresting or attempting to arrest lawbreakers, suppressing disturbances, maintaining order, and other legal actions. Excludes injuries caused by civil insurrections." (Centers for Disease Control and Prevention, 2018). Violence-related injury definition is based on the listed underlying causes of death (suicide, homicide, and legal intervention) provided in the Centers for Disease Control and Prevention Web-based Injury Statistics Query and Reporting System (CDC WISQARS).
