

## AIDS Pharmaceutical Assistance (APA) Formulary – September 2021

In accordance with Health Resources and Services Administration (HRSA) Policy Clarification Notice 16-02 (dated Oct 2018), a Local Pharmaceutical Assistance Program (LPAP) is operated by a Ryan White Part A or B recipient or subrecipient as a supplemental means of providing medication assistance when an AIDS Drug Assistance Program (ADAP) has a restricted formulary, waiting list and/or restricted financial eligibility criteria. Florida ADAP has a restricted formulary. Therefore, the Florida Ryan White Part B Program has elected to have one APA formulary statewide and to manage a statewide medication formulary workgroup to advise on the APA formulary. LPAP funds are not to be used for Emergency Financial Assistance (EFA); the EFA category, however, may assist with medications not covered by the LPAP.

**Note:** Combination products consisting of individual drugs that are listed on the APA are permitted, even if the combination product is not listed on the APA formulary. All dosage forms of drugs listed on the APA formulary can be purchased.

GENERIC NAME	THERAPEUTIC CLASSIFICATION	PHARMACOLOGIC CLASSIFICATION
acetaminophen with codeine	Analgesic	Opiate + prostaglandin inhibitor
acetazolamide	Antiglaucoma	Carbonic anhydrase inhibitor, oral
alprazolam	Central nervous system	Benzodiazepine
amiloride	Cardiovascular	Potassium-sparing diuretic
amlodipine/atorvastatin	Cardiovascular	CCB/HMG-CoA reductase inhibitor combo
amlodipine/benazepril	Cardiovascular	CCB/ACE inhibitor combo
amphetamine/ dextroamphetamine	Central nervous system	Stimulant
atomoxetine	Central nervous system	Norepinephrine reuptake inhibitor
azelastine	Respiratory	Antihistamine
beclomethasone	Respiratory	Corticosteroid, nasal
beclomethasone	Respiratory	Corticosteroid, oral inhaled
brimonidine	Ophthalmic, antiglaucoma	Alpha-2 agonist, ophthalmic
brimonidine/timolol	Ophthalmic, antiglaucoma	Alpha-2 agonist + Beta-blocker
budesonide	Respiratory	Corticosteroid, oral inhaled
buprenorphine	Substance abuse	Opiate agonist/antagonist
buprenorphine/naloxone	Substance abuse	Opiate agonist/antagonist
butalbital/acetaminophen/ caffeine	Central nervous system	Antimigraine
calcium acetate	Vitamin	Vitamin
canagliflozin/metformin	Antidiabetic	SGTL2 + biguanide
carbamazepine	Central nervous system	Anticonvulsant, mood stabilizer
carbidopa/levodopa	Neurological	Dopamine agonist
celecoxib	Analgesic	Nonsteroidal anti-inflammatory drug
cetirizine/pseudoephedrine	Respiratory	Antihistamine + decongestant
chlorhexidine gluconate	Skin/Mucous membrane	Antibiotic, topical
ciprofloxacin	Anti-infective, antibiotic	Quinolone
clidinium/chlordiazepoxide	Gastrointestinal	Anticholinergic + anxiolytic
clindamycin/benzoyl peroxide	Skin/Mucous membrane	Antibiotic, topical
clobetasol	Skin/Mucous membrane	Corticosteroid, topical
clonazepam	Central nervous system	Benzodiazepine
clonidine	Cardiovascular	Alpha-2 agonist
clotrimazole/betamethasone	Skin/Mucous membrane	Antifungal + corticosteroid
colchicine	Antigout	Anti-inflammatory, gout
desvenlafaxine	Central nervous system	Serotonin-norepinephrine reuptake inhibitor
diclofenac	Analgesic	Nonsteroidal anti-inflammatory drug
donepezil	Central nervous system	Cholinesterase inhibitor

In accordance with Health Resources and Services Administration (HRSA) Policy Clarification Notice 16-02 (dated Oct 2018), a Local Pharmaceutical Assistance Program (LPAP) is operated by a Ryan White Part A or B recipient or subrecipient as a supplemental means of providing medication assistance when an AIDS Drug Assistance Program (ADAP) has a restricted formulary, waiting list and/or restricted financial eligibility criteria. Florida ADAP has a restricted formulary. Therefore, the Florida Ryan White Part B Program has elected to have one APA formulary statewide and to manage a statewide medication formulary workgroup to advise on the APA formulary. LPAP funds are not to be used for Emergency Financial Assistance (EFA); the EFA category, however, may assist with medications not covered by the LPAP.

**Note:** Combination products consisting of individual drugs that are listed on the APA are permitted, even if the combination product is not listed on the APA formulary. All dosage forms of drugs listed on the APA formulary can be purchased.

GENERIC NAME	THERAPEUTIC CLASSIFICATION	PHARMACOLOGIC CLASSIFICATION
dorzolamide	Ophthalmic, antiglaucoma	Carbonic anhydrase inhibitor
dorzolamide/timolol	Ophthalmic, antiglaucoma	Carbonic anhydrase inhibitor + beta blocker
doxycycline	Anti-infective, antibiotic	Tetracycline
dry mouth moisturizing spray	Skin/Mucous membrane	Mucosal lubricant
enalapril/hydrochlorothiazide	Cardiovascular	ACE inhibitor + thiazide
epinephrine	Cardiovascular	Alpha and Beta agonist, non-selective
esomeprazole	Gastrointestinal	Proton pump inhibitor
eszopiclone	Central nervous system	Sedative-Hypnotic
ethinyl estradiol/desogestrel	Hormonal, contraceptive	Estrogen/progestin combination
ethinyl estradiol/drospirenone	Hormonal, contraceptive	Estrogen/progestin combination
ethinyl estradiol/etonogestrel	Hormonal, contraceptive	Estrogen/progestin combination
ethinyl estradiol/levonorgestrel	Hormonal, contraceptive	Estrogen/progestin combination
ethinyl estradiol/norethindrone	Hormonal, contraceptive	Estrogen/progestin combination
ethinyl estradiol/norethindrone/FE	Hormonal, contraceptive	Estrogen/progestin combination
ethinyl estradiol/norgestimate	Hormonal, contraceptive	Estrogen/progestin combination
ethinyl estradiol/norgestrel	Hormonal, contraceptive	Estrogen/progestin combination
famciclovir	Anti-infective, antiviral	Antiherpetic agent
fentanyl	Analgesic	Opiate
flecainide	Cardiovascular	Antiarrhythmic
fludrocortisone	Hormonal	Corticosteroid
fluocinolone	Skin/Mucous membrane	Corticosteroid, topical
fluocinonide	Skin/Mucous membrane	Corticosteroid, topical
fluorouracil	Skin/Mucous membrane	Antineoplastic
fluticasone	Respiratory	Corticosteroid, nasal
fluticasone	Respiratory	Corticosteroid, oral inhaled
fluticasone/salmeterol	Respiratory	Corticosteroid + LABA, oral inhaled
fluticasone/vilanterol	Respiratory	Corticosteroid + LABA, oral inhaled
glipizide/metformin	Antidiabetic	Sulfonylurea + biguanide
hydrocodone/acetaminophen	Analgesic	Opiate + prostaglandin inhibitor
hydrocortisone	Skin/Mucous membrane	Corticosteroid, topical
hydrocortisone/pramoxine	Skin/Mucous membrane	Corticosteroid, topical
isosorbide dinitrate	Cardiovascular	Antiangina, vasodilator
isosorbide mononitrate	Cardiovascular	Antiangina, vasodilator
lacosamide	Central nervous system	Anticonvulsant
lactobacillus acidophilus	Gastrointestinal	Probiotic

In accordance with Health Resources and Services Administration (HRSA) Policy Clarification Notice 16-02 (dated Oct 2018), a Local Pharmaceutical Assistance Program (LPAP) is operated by a Ryan White Part A or B recipient or subrecipient as a supplemental means of providing medication assistance when an AIDS Drug Assistance Program (ADAP) has a restricted formulary, waiting list and/or restricted financial eligibility criteria. Florida ADAP has a restricted formulary. Therefore, the Florida Ryan White Part B Program has elected to have one APA formulary statewide and to manage a statewide medication formulary workgroup to advise on the APA formulary. LPAP funds are not to be used for Emergency Financial Assistance (EFA); the EFA category, however, may assist with medications not covered by the LPAP.

**Note:** Combination products consisting of individual drugs that are listed on the APA are permitted, even if the combination product is not listed on the APA formulary. All dosage forms of drugs listed on the APA formulary can be purchased.

GENERIC NAME	THERAPEUTIC CLASSIFICATION	PHARMACOLOGIC CLASSIFICATION
lidocaine	Skin/Mucous membrane	Anesthetic, topical
loratadine/pseudoephedrine	Respiratory	Antihistamine + decongestant
lorazepam	Central nervous system	Benzodiazepine
losartan/hydrochlorothiazide	Cardiovascular	ARB + thiazide
lurasidone	Central nervous system	Antipsychotic, antimanic
melatonin	Central nervous system	Hormonal, anti-insomnia
meloxicam	Analgesic	Nonsteroidal anti-inflammatory drug
mesalamine	Gastrointestinal	5-Aminosalicylate
methazolamide	Antiglaucoma	Carbonic anhydrase inhibitor, oral
methimazole	Hormonal	Antithyroid
minocycline	Anti-infective, antibiotic	Tetracycline
mometasone	Respiratory	Corticosteroid, nasal
mometasone	Respiratory	Corticosteroid, nasal
mometasone/formoterol	Respiratory	Corticosteroid + LABA, oral inhaled
morphine	Analgesic	Opiate
naloxone	Substance abuse	Opiate antagonist
naratriptan	Central nervous system	Antimigraine
nitazoxanide	Anti-infective, antiprotozoal	Antiprotozoal
nitrofurantoin	Anti-infective, antibiotic	Antibiotic, miscellaneous
nitroglycerin (patch)	Cardiovascular	Antiangina, vasodilator
norethindrone	Hormonal	Progestin
olmesartan	Cardiovascular	Angiotensin II receptor blocker (ARB)
olopatadine	Respiratory	Antihistamine
olopatadine	Ophthalmic	Antihistamine, ophthalmic
oral liquid nutrition	Nutritional supplement	Nutritional supplement
oxcarbazepine	Central nervous system	Anticonvulsant, mood stabilizer
paliperidone	Central nervous system	Antipsychotic, antimanic
phenobarbital	Central nervous system	Anticonvulsant
phentermine	Gastrointestinal	Appetite suppressant
phenytoin	Central nervous system	Anticonvulsant
podofilox	Skin/Mucous membrane	Antiviral, topical
polyethylene glycol	Gastrointestinal	Laxative, osmotic
prazosin	Cardiovascular	Alpha-1 blocker
prochlorperazine	Gastrointestinal	Antihistamine, antiemetic
ranolazine	Cardiovascular	Antiangina

In accordance with Health Resources and Services Administration (HRSA) Policy Clarification Notice 16-02 (dated Oct 2018), a Local Pharmaceutical Assistance Program (LPAP) is operated by a Ryan White Part A or B recipient or subrecipient as a supplemental means of providing medication assistance when an AIDS Drug Assistance Program (ADAP) has a restricted formulary, waiting list and/or restricted financial eligibility criteria. Florida ADAP has a restricted formulary. Therefore, the Florida Ryan White Part B Program has elected to have one APA formulary statewide and to manage a statewide medication formulary workgroup to advise on the APA formulary. LPAP funds are not to be used for Emergency Financial Assistance (EFA); the EFA category, however, may assist with medications not covered by the LPAP.

**Note:** Combination products consisting of individual drugs that are listed on the APA are permitted, even if the combination product is not listed on the APA formulary. All dosage forms of drugs listed on the APA formulary can be purchased.

GENERIC NAME	THERAPEUTIC CLASSIFICATION	PHARMACOLOGIC CLASSIFICATION
rifaximin	Anti-infective, antibiotic	Antibiotic, miscellaneous
ropinirole	Neurological	Dopamine agonist
salmeterol	Respiratory	Beta-2 agonist, long acting (LABA)
selenium sulfide	Skin/Mucous membrane	Antifungal, topical
simvastatin	Cardiovascular	HMG-CoA reductase inhibitor
sitagliptin/metformin	Antidiabetic	Dipeptidyl Peptidase-4 Inhibitor + biguanide
solifenacin succinate	Genitourinary	Bladder antispasmodic
spironolactone/hydrochlorothiazide	Cardiovascular	Potassium-sparing + thiazide diuretic
terbinafine	Anti-infective, antifungal	Antifungal
thiamine (vitamin b1)	Vitamin	Vitamin
timolol	Ophthalmic, antiglaucoma	Beta-blocker, ophthalmic
tiotropium bromide	Respiratory	Anticholinergic, oral inhaled
tramadol	Central nervous system	Analgesic
triamterene/hydrochlorothiazide	Cardiovascular	Potassium-sparing + thiazide diuretic
valsartan/hydrochlorothiazide	Cardiovascular	ARB + thiazide
vilazodone	Central nervous system	Selective serotonin reuptake inhibitor (SSRI)
voriconazole	Anti-infective, antifungal	Azole
