11 Ms. Alfonso was present on the call.

12 Ms. Alfonso was originally licensed as an Electrologist in the State of Florida on October 20,
13 2005. Ms. Alfonso's license was placed in a “null and void” status when she failed to renew her
14 delinquent license during the May 2010 renewal period.

15 Ms. Alfonso did apply to reinstate her license in June of 2011 and submitted at that time court
16 documentation, which upon review by the Council's attorney, was found to be prohibitive to
17 licensure under Section 456.0635, F.S. Upon notification of this finding to Ms. Alfonso, she
18 withdrew her June 2011 application.

19 Ms. Alfonso has submitted a new application for licensure along with correspondence from her
20 legal representative, Mr. Joel A. Bellow, Esquire, in which it is asserted that, under the new
21 changes to Section 456.0635, F.S. (pursuant to the passage of HB 653(2012)), the applicant is
22 now eligible for licensure.

23 Provided for the Council's review was Ms. Alfonso's current and previous applications and court
24 documentation.

1 Following discussion, the Council requested that Ms. Alfonso provide personal statements and
2 letters of recommendation from persons with whom she is associated, the outcome of drug
3 court and any documents detailing the time spent during and after her drug charges.

4 **MOTION:** Dr. Max Wilson moved to table further consideration of the application. Ms. Susan
5 Manwaring seconded the motion, which carried 4/0.

6 Ms. Alfonso stated that she was willing to re-take the examination again and also waived the 90
7 days for action on her application to allow time for the Council to review the additional
8 documentation requested.
