VFC Providers,

The 2018 Annual VFC Provider Training is available by clicking the following link <http://flshotsusers.com/training/recorded-webinars>. This link will bring you to the Florida SHOTS Users Recorded Webinars page. Select the “Private Provider” tab or the “County Health Department” tab. On the selected tab, scroll down to “VFC Vaccine Management/Florida SHOTS Training” and select “2018 VFC Annual Provider Staff Training” to start the recorded webinar.

Remember, the VFC Enrollee, Primary VFC Coordinator, and the Backup VFC Coordinator must complete this required training prior to re-enrollment or before your next scheduled VFC compliance site visit, whichever comes first. It is recommended that you complete this training as soon as possible as the webinar contains 2018 program updates that you will find helpful in making sure you are complying with the most current VFC program requirements.
