

WEEKLY UPDATE – June 1, 2018

The Florida Department of Health (DOH) continues to focus on the health and safety of Florida's families and is dedicated to ensuring patients have safe access to low-THC cannabis and medical marijuana. We are pleased to provide this weekly update on the DOH Office of Medical Marijuana Use's (OMMU) diligent work implementing the many requirements in Amendment 2 and those set by the Florida Legislature in section 381.986, F.S. (2018). **DOH has appealed the May 25, 2018, order entered by Judge Karen Gievers'.** The order removed the prohibition on smoking medical marijuana going against what the legislature outlined when they wrote and approved Florida's medical marijuana law implementing the constitutional amendment. The Department's appeal operates as an automatic stay of Judge Gievers' ruling. At this time, there has been no change to the prohibition on smoking and the department remains committed to ensuring that all dispensation of medical marijuana and low-THC cannabis is consistent with section 381.986, F.S. (2018) and department rules and regulations.

Implementation Updates

- Low-THC cannabis and medical marijuana has been and continues to be available for qualified patients. Patients may search for qualified ordering physicians using the new search tool on the OMMU Patients Page. Patients can check the license status of their qualified ordering physician at any time using www.flhealthsource.gov. Patients and caregivers may fill their orders at any of the 39 dispensing locations, or via delivery from approved MMTCs below.
- The OMMU website has been updated to include new notices of rule development related to the regulation of medical marijuana treatment centers. You can access the notices [here](#).
- The mailing address for Patient and Caregiver ID card applications has changed:
PO Box 31313, Tampa, FL 33631-3313.
- The OMMU Registry Identification Card design has been updated. Previous versions of the card are still valid, however, new cards issued are as shown below:

Legal Updates

The implementation of Amendment 2 and section 381.986, F.S. (2018) continues to be frequently litigated. While some of these lawsuits have little impact on our progress, others – particularly those regarding the constitutionality of the law we are tasked with executing – have significant impact on DOH’s ability to implement certain requirements of section 381.986, F.S. (2018).

Home Grow	Redner v. DOH, et. al., 13th Judicial Circuit Case No. 17-CA-5677 <i>Court of Appeal reinstated the stay and noted that Redner was unlikely to succeed on the merits of the case. Redner appealed to the Florida Supreme court by filing a Petition to Invoke “All Writs” Jurisdiction. Florida Supreme Court issued an Order denying the petition to invoke all writs jurisdiction on May 25.</i>
Smoking Ban	People United for Medical Marijuana v. DOH, et. al., 2d Judicial Circuit Case No. 2017-CA-1394 <i>Order issued on May 25 finding the right to smoke medical marijuana. DOH filed an appeal which triggered the automatic stay and the court’s ruling is not currently in effect.</i>
Application Process	Bill’s Nursery, Inc. v. DOH, 2d Judicial Circuit Case No. 2017-CA-002411 <i>Order denying the Motion to Dismiss issued on May 24.</i>
MMTC Licensure	Nature’s Way v. DOH Case No. 17-5801 <i>Hearing was held and proposed recommended orders have been filed by parties. Awaiting the issuance of recommended order by the administrative law judge.</i>
Constitutionality of Rules	Florigrown LLC v. DOH Case No. 2017-CA-002549 <i>Pending ruling on Motion to Dismiss. Hearing on Plaintiff’s Motion for Temporary Restraining Order set for June 19.</i>
Application Process	Patients and Producers Alliance, Inc. v. DOH Case No. 2018-CA-000336 <i>Case filed February 14, 2018 and has been assigned to Judge Dodson.</i>
Constitutionality of Law	Trulieve v. DOH Case No. 2018-CA-000698 <i>Case filed April 2, 2018 and has been assigned to Judge Dodson.</i>

General Background Information

Medical Marijuana ID Card Application Process: Once a patient has been diagnosed by a qualified ordering physician and entered into the Medical Marijuana Use Registry, they can immediately begin the identification

card application process. The department encourages applicants to complete the process online as this decreases processing time. Patients receive an email from OMMU once their email is added to the registry by their qualified ordering physician which directs them to the application. Once an application is reviewed and approved, patients receive an approval email which can be used to fill an order at an approved MMTC while they await their physical card.

Medical Marijuana Use Registry: All orders for medical marijuana are recorded and dispensed via the Medical Marijuana Use Registry. The Medical Marijuana Use Registry is accessible online, with real time information to ordering physicians, law enforcement and medical marijuana treatment center staff. Patients and caregivers may also access the Medical Marijuana Use Registry to submit a Medical Marijuana Use Registry Identification Card application, and check the status of their application.

Medical Marijuana Treatment Centers: Approved medical marijuana treatment centers are the only businesses allowed to grow, process, or sell medical marijuana in Florida. Each medical marijuana treatment center must receive authorization at three stages, (1) cultivation authorization, (2) processing authorization, and (3) dispensing authorization, prior to dispensing low-THC cannabis or medical marijuana. Medical marijuana cannot be mailed.
