2 CFR Part 200

COMPLIANCE ATTACHMENT TOOL GUIDE FOR FDOH CONTRACT MANAGERS and SUB-RECIPIENTS

FDOH/Division of Administration/FCAM
The Uniform Grant Guidance (UGG) 2 CFR Part 200 regulation is divided into six subparts. The regulation is designed to reduce administrative burden, strengthen oversight and tighten internal controls of grant funds with a focus toward achieving more flexibility, “reasonable assurance,” improve performance and cost protection. 2 CFR part 200 rescinds and combines eight different OMB administrative circulars. It is paramount that Recipient and Subrecipient’s federal fund administrators understand and implement procedural changes necessary to meet the requirements under the UGG.

Below are the subparts with links for easier navigation:
Accordingly, the Florida Department of Health (FDOH) as a recipient of federal funds along with all passthrough subrecipients are required to follow the terms and conditions as identified under each grant award, and the Uniform Grant Guidance, Title 2 Part 200 of the United States Code of Federal Regulations (CFR). The guidance is adapted or incorporated under each Federal granting agency’s regulations such as Title 45 Part 75 for public health grants, Title 2 CFR 400 for agriculture grant programs or other CFR titles relating to other federal grant programs.

This reference guide provides a quick summary of some of the requirements applicable to most FDOH grant programs for compliance with the Uniform Grant Guidance 2 CFR Part 200. For all other specific guidance, please refer to your Award documents or contact your designated FDOH Contract Manager. This document is merely an introduction and must not be relied solely upon;

Prior to making a Federal award, awarding entities are required by 31 U.S.C. 3321 and 41 U.S.C. 2313 to review information available through sources, such as SAM Exclusions and “Do Not Pay” for entity’s eligibility qualification or financial integrity information status.

**Subpart D — Post Federal Award Requirements**

### 3. Standards for Financial and Program Management (2 CFR 200.300-309; 45 CFR 75.300-309)

3.1 Adherence to performance measurements that relate financial data to performance accomplishments. When applicable, the reports will provide cost information to demonstrate cost effective practices. Some grants may require reports to include indicators and milestones accomplished on performance goals.

3.2 Maintenance of a financial management system, which includes records documenting compliance, that allows for the preparation of reports required by general and program-specific terms/conditions. The financial management system must also allow for the tracing of funds to a level of expenditures to show that they have been used according to the terms/conditions/regulations.

3.3 The financial management system must provide the following:

#### 3.3.1 Identification, in its accounts, of all Federal awards received and expended and the Federal programs under which they were received. Federal program and Federal award identification must include, as applicable, the CFDA title and number, Federal award identification number and year, name of the federal awarding agency, and name of the pass-through entity, if any.

#### 3.3.2 Accurate, current, and complete disclosure of the financial results of each Federal award or program.

#### 3.3.3 Records that identify adequately the source and application of funds for federally-funded activities. These records must contain information pertaining to Federal awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation.

#### 3.3.4 Effective control over, and accountability for, all funds, property, and other assets. The non-Federal entity must adequately safeguard all assets and assure that they are used solely for authorized purposes.

#### 3.3.5 Comparison of expenditures with budget amounts for each Federal award.

#### 3.3.6 Written procedures to implement the payment requirements found in §200.305 or §75.305 as applicable.

#### 3.3.7 Written procedures for determining the allowability of costs in accordance with the Cost Principles of federal grant guidance and the terms and conditions of the Federal award.

3.4 Internal Controls:

#### 3.4.1 Establish and maintain effective internal controls over federal awards to ensure compliance with regulations and the terms/conditions of awards. Consider the Internal Control Framework issued by the Committee on Sponsoring Organizations (COSO) and the Standards for Internal Control in the Federal Government (Green Book) issued by the Comptroller General as best practice examples.

#### 3.4.2 Have internal controls and procedures in place to take prompt action when noncompliance issues are identified, including noncompliance related to audit findings.

#### 3.4.3 Take reasonable measures to safeguard protected, personally identifiable information (PII) and other sensitive information.
3.5 Payments
3.5.1 Minimized the time between the transfer of funds from FDOH and the disbursement. (Already required by state statutes and FDOH’s Standard Contract)
3.5.2 Use funds from program income (including repayments to a revolving fund), rebates, refunds, contract settlements, audit recoveries, and interest earned prior to requesting cash advance payments, if allowed.
3.5.3 Established banking procedures so that you can account for the receipt, obligation, and expenditure of funds for specific federal awards.
3.5.4 Preparation for any advance payments to be deposited in insured accounts when possible and in interest-bearing account unless certain criteria apply.

3.6 Cost Sharing or Matching Requirements (if required, does not apply to most FDOH contracts)
3.6.1 All required criteria are met if your organization has grants that contain cost sharing or matching requirements.
3.6.2 Applying unrecovered indirect costs as cost sharing/matching requires prior approval from the federal awarding agency.
3.6.3 If authorized by the federal awarding agency to allow for the donation of buildings or land for long-term use, has the value been calculated as the lessor of the two: value of remaining life or current market value at the time of donation.
3.6.4 Volunteer services from a third party to meet cost/matching requirements must be integral and necessary part of the project/program and documented.

3.7 Use of Program Income
3.7.1 Program Income must be deducted from the total allowable costs to determine the net allowable costs. Program income must be used for current costs unless the Federal awarding agency authorizes otherwise. Unanticipated program income must be used to reduce the federal award.
3.7.2 For Institutions of Higher Education (IHEs) and nonprofit research institutions, program income may be added to the federal award with prior Federal approval.
3.7.3 Program income may be used to meet cost sharing/matching requirements if applicable, with prior Federal approval.

Notables: §200.330 Subrecipient and contractor determinations.
