

PART II: STATE FUNDED

This part is applicable if the recipient is a nonstate entity as defined by section 215.97(1)(n), Florida Statutes.

1. If a recipient expends a total amount of state financial assistance equal to or in excess of \$750,000 in any fiscal year of such recipient (for fiscal years ending June 30, 2017 or thereafter), recipient must have a State single or project-specific audit for such fiscal year in accordance with section 215.97, Florida Statutes; applicable rules of the Department of Financial Services; Chapter 10.550 (local governmental entities) or Chapter 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General. **EXHIBIT I** to this contract indicates state financial assistance awarded through the Department of Health by this contract. In determining the state financial assistance expended in its fiscal year, recipient shall consider all sources of state financial assistance, including state financial assistance received from the Department of Health, other state agencies, and other nonstate entities. State financial assistance does not include Federal direct or pass-through awards and resources received by a nonstate entity for Federal program matching requirements.
2. In connection with the audit requirements addressed in Part II, paragraph 1, recipient shall ensure that the audit complies with the requirements of section 215.97(8), Florida Statutes. This includes submission of a financial reporting package as defined by section 215.97(2), Florida Statutes, and Chapter 10.550 (local governmental entities) or Chapter 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General.
3. If a recipient expends less than \$750,000 in state financial assistance in its fiscal year (for fiscal years ending June 30, 2017 or thereafter), an audit conducted in accordance with the provisions of section 215.97, Florida Statutes, is not required. In the event that a recipient expends less than \$750,000 in state financial assistance in its fiscal year and elects to have an audit conducted in accordance with the provisions of section 215.97, Florida Statutes, the cost of the audit must be paid from the nonstate entity's resources (i.e., the cost of such an audit must be paid from recipient resources obtained from other than state funds).

Note: An audit conducted in accordance with this part shall cover the entire organization for the organization's fiscal year. Compliance findings related to contracts with the Department of Health shall be based on the contract's requirements, including any applicable rules, regulations, or statutes. The financial statements shall disclose whether the matching requirement was met for each applicable contract. All questioned costs and liabilities due to the Department of Health shall be fully disclosed in the audit report with reference to the Department of Health contract involved. If not otherwise disclosed as required by Florida Administrative Code Rule 69I-5.003, the schedule of expenditures of state financial assistance shall identify expenditures by contract number for each contract with the Department of Health in effect during the audit period.

Financial reporting packages required under this part must be submitted within 45 days after delivery of the audit report, but no later than 9 months after recipient's fiscal year end for local governmental entities. Non-profit or for-profit organizations are required to be submitted within 45 days after delivery of the audit report, but no later than 9 months after recipient's fiscal year end. Notwithstanding the applicability of this portion, the Department of Health retains all right and obligation to monitor and oversee the performance of this contract as outlined throughout this document and pursuant to law.
