Exceptions can be granted if the insurance policy is considered not viable. See Section 9 of the eligibility manual for details.

Please check the appropriate box: **Date of open enrollment:**

☐ Applicant/client has available insurance during open enrollment.

Applicants/clients can be served while waiting for open enrollment. After the date listed above, applicants/clients are not eligible for services if they did not access the insurance.

☐ Applicant's/client's insurance is not viable.

Applicants/clients are eligible if the insurance policy is deemed not viable. This would include ADAP.

Proof of availability of insurance or policy description must be in the applicant's/client's file. Refer to Section 9 of the eligibility manual for details.
