

Recent changes to the Centers for Disease Control and Prevention's National Respiratory and Enteric Virus Surveillance System (NREVSS) has led to a reduction in the number of hospitals participating in NREVSS. Those changes are reflected in the most recently published RSV tables and graphs. The Florida Department of Health is reaching out to hospital laboratories to strengthen Florida's RSV surveillance system.

Weekly RSV Surveillance Data by Southwest Region			
Reported From 8/28/2013 To 8/28/2014			
Period	Total Tests	Positive Tests	Percent Positive
8/31/2013	70	9	13
9/7/2013	64	12	19
9/14/2013	71	15	21
