

Mission:

To protect, promote & improve the health of all people in Florida through integrated state, county & community efforts.

Rick Scott
Governor

John H. Armstrong, MD, FACS
State Surgeon General & Secretary

Vision: To be the Healthiest State in the Nation

July 25, 2013

Damann Anderson, PE
Hazen and Sawyer, P.C.
10002 Princess Palm Avenue
Registry One Building, Suite 200
Tampa, Florida 33619

Dear Mr. Anderson:

This letter is to provide you with permission to proceed with work in accordance with the current executed contract CORCL, including all amendments and renewals, for the "Florida Onsite Sewage Nitrogen Reduction Strategies Study: Technology Evaluation, Characterization of Environmental Fate and Transport, and an Assessment of Costs".

Specific authorization is provided to utilize up to an additional \$5,000 of Task B.16 Change-order allowance funds as cost reimbursement for the design, installation, and site restoration for a drip irrigation system to be used for effluent disposal for the treated effluent at one of the Task B home sites. A letter on April 23, 2013 authorized \$10,000 of Task B.16 funds. The new Task B.16 total authorized to be spent, including both this letter and the April 23, 2013 letter, is \$15,000 of cost reimbursable funds. The deliverable that will be used to determine the final reimbursement amount will be cost documentation included in the Task B.6 deliverable.

If you have questions, please contact me at (850) 245-4070 or by email at Elke_Ursin@doh.state.fl.us.

Sincerely,

Elke Ursin
Environmental Health Program Consultant
