

Florida Department of Health
Medical Quality Assurance

Annual Report and Long-Range Plan

Fiscal Year 2019-2020

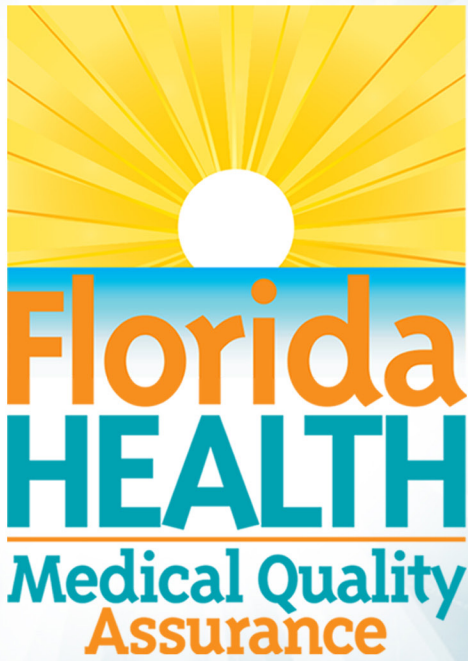

Ron DeSantis

Governor

Scott A. Rivkees, MD

State Surgeon General

Mission

To protect, promote, and improve the health of all people in Florida through integrated state, county, and community efforts.

Vision

To be the healthiest state in the nation.

Values

Innovation

We search for creative solutions and manage resources wisely.

Collaboration

We use teamwork to achieve common goals and solve problems.

Accountability

We perform with integrity and respect.

Responsivness

We achieve our mission by serving our customers and engaging our partners.

Excellence

We promote quality outcomes through learning and continuous performance improvement.

State Surgeon General

As Florida's Surgeon General, it gives me great pleasure to present the Division of Medical Quality Assurance (MQA) 2019-2020 Annual Report and Long-Range Plan. MQA personifies the Department of Health's (Department) values of Innovation, Collaboration, Accountability, Responsiveness, and Excellence in many areas. MQA continues to improve and make great strides in meeting strategic goals of licensure and regulatory efficiency.

This past year has proven how incredibly important public health is to the sustainability and growth of the state of Florida. On March 1, 2020, Governor Ron DeSantis signed an Executive Order directing the Department to declare a public health emergency in Florida. As State Surgeon General, I immediately declared a public health emergency across the state to fight the COVID-19 pandemic and protect the citizens of Florida. MQA played an instrumental role during this difficult time,

serving as liaison among the public, health care professionals, and health care regulatory bodies to ensure critical information was shared. MQA's actions ensured access to quality health care services by efficiently and effectively regulating health care professions in order to achieve the Department's mission of promoting and protecting the health and safety of all Floridians.

MQA continued to increase access to health care for Floridians by licensing over 95,000 qualified applicants in fiscal year 2019-2020. Over 79 percent of those practitioners were licensed within one business day. MQA staff worked diligently, improving processes to expedite licensing and implemented strategies to expand the licensure pool during the public health emergency, such as temporarily reactivating qualified inactive health care practitioners.

Veterans of the United States Armed Forces are an important part of our workforce and health care system. To increase quality health care practitioners in Florida, MQA's Veterans Application for Licensure Online Response (VALOR) system expedites and waives fees for qualified military veterans and spouses of active duty service members for most health care professions. During the past fiscal year, 327 military veterans and their spouses were licensed through VALOR.

Moving forward, MQA remains focused on providing Floridians access to qualified health care practitioners. I would like to thank MQA's dedicated staff for continuing to go above and beyond in creating a culture of health in our great state. I am confident the staff will continue their outstanding performance to help accomplish our mission to protect, promote, and improve the health of all people in Florida through integrated state, county, and community efforts.

A handwritten signature in black ink that reads "Scott Rivkees". The signature is written in a cursive, flowing style.

Dr. Scott A. Rivkees
State Surgeon General

Division Director

After almost ten years as Bureau Chief for Health Care Practitioner Regulation in MQA, followed by six years as Director for the Division of Children's Medical Services, I am honored to be back home serving as MQA's new Division Director. I believe that my 28 years of extensive leadership experience in public health with a strong background in health care regulation, practice of health law, and organizational management will help to uphold the sterling reputation that MQA possesses. On behalf of the division, it gives me great pleasure to present the 2019-2020 Annual Report and Long-Range Plan.

The COVID-19 pandemic has presented unique challenges over the course of this year. Since Governor DeSantis declared a State of Emergency on March 9, 2020, MQA has been working to provide communication and guidance to the public. Related efforts include highlighting mitigation strategies for health care practitioners; transitioning in-person regulatory functions, such as regulatory board meetings, to virtual solutions; and providing emergency action relief in the form

of the State Surgeon General issuing Emergency Orders and Boards promulgating Emergency Rules to alleviate regulatory barriers during COVID-19. For example, certain Emergency Orders authorized extensions for licensure renewal deadlines throughout this year, so health care practitioners could focus on delivery of care.

MQA has used a collaborative and data-driven approach, transforming the office during this difficult time to protect the health of all employees, while making considerable progress toward meeting strategic goals in health care licensure and regulation. To advance our priority of regulatory efficiency, the Bureau of Operations established an Information Automation Support team responsible for building the first artificial intelligence virtual agent within Florida state government. This agent represents the three core functions of MQA: Enforcement, Licensure, and Information (aptly named "ELI"), and is designed to promptly answer frequently asked questions for applicants and licensees, saving customers time otherwise spent calling or emailing MQA. In June 2020 ELI was launched on the Board of Nursing website, and by December 2021 will be launched on all Boards' websites.

Over the past fiscal year, MQA has also worked to increase access to health care through the implementation of House Bill 23 (2019), which establishes the standards of practice for telehealth services and allows health care providers from other states to register with the Department to provide telehealth services. This legislation has been particularly helpful in relation to COVID-19, with health care practitioners limiting in-person contact due to safety concerns.

I am grateful for the dedication that MQA staff has shown this year. Florida's health care practitioners and their families have played a pivotal role in protecting the wellbeing of our residents and visitors, and we thank them. I look forward to using my previous experience in helping the division continue its commitment to excellence.

A handwritten signature in black ink that reads "Cassandra Pasley". The signature is fluid and cursive.

Cassandra G. Pasley, BSN, JD
Division Director

Executive Summary

The Division of Medical Quality Assurance (MQA) is committed to the mission of the Florida Department of Health to protect, promote, and improve the health of all people in Florida. The mission is accomplished through collaborative state, county, and community relationships and a data driven approach. MQA licenses and regulates seven types of health care facilities and more than 200 license types in over 40 professions, while partnering with 22 boards and four councils. The Fiscal Year (FY) 2019-2020 Annual Report and Long-Range Plan for MQA, as required by section 456.026, Florida Statutes, contains the MQA's long-range plan and performance data and statistics related to the regulation of health care practitioners and facilities established in section 20.43(3)(g), Florida Statutes. This report also includes financial information relating to MQA's revenues, expenditures, cash balances, and adequacy of current fees for FY 2019-2020. The information provided emphasizes performance-driven results and is formed around enforcement, licensure, and information, the three key processes of MQA.

MQA continues to improve business processes for licensure, to meet the demands of the expanding industry. For FY 2019-2020, 95,552 initial health care profession licenses were issued by MQA. Nearly 98 percent of health care practitioners have renewed their licenses online in FY 2019-2020. The user-friendly Online Services Portal allows an easy way for Florida's 1.35 million health care professionals to manage their applications and license renewals.

MQA is committed to keeping administrative costs low, by reviewing the adequacy of the trust fund frequently, to keep Florida's health care industry prosperous. During FY 2019-

2020, MQA's trust fund maintained a sufficient cash balance; recurring revenues were adequate to cover existing recurring expenditures.

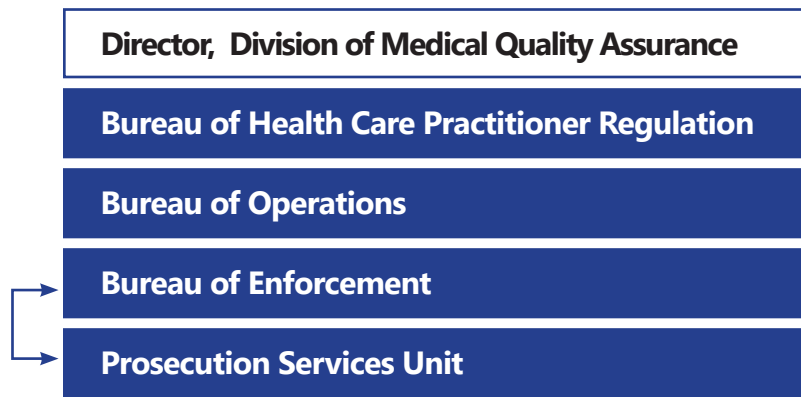

Cases of highest concern in which there is a potential for immediate threat to the public are designated as Priority 1. The target for completing the investigation of these cases is 12 days. Priority 1 cases completed within 12 days went from 85.1% in FY 2018-2019 to 94.14% in FY 2019-2020, reflecting a 9.04% increase in timely investigation.

MQA has seen a 91 percent increase in the total number of cases compared to FY 2015-2016. The major reason for this increase is the background screening and fingerprint retention requirement for over 60 percent of our new licensees.

The 2020 legislative session eliminated the requirement that a health care practitioner's license must be suspended if they defaulted on a student loan guaranteed by the state or federal government. This provision was removed by HB713/HB115, and was implemented by MQA, effective July 1, 2020.

Finally, the Department's Unlicensed Activity (ULA) program is devoted to protecting the residents and visitors of Florida from potentially dangerous consequences of unlicensed health care services. During FY 2019-2020, ULA investigators completed 978 investigations of unlicensed activity and issued 464 cease and desist notices. ULA works cooperatively with local and state law enforcement, including the state attorney's office to prosecute individuals who are practicing without a license.

Structure of MQA

Boards

Boards are responsible for approving or denying licensure applicants, reviewing and approving continuing education courses and practitioners, promulgating administrative rules authorized by statute, determining probable cause, and disciplining practitioners found to be in violation of applicable laws. MQA supports the Governor's appointment of qualified representatives to serve on its 22 regulatory boards comprising 180 professionals and lay persons.

Boards		
Acupuncture	Massage Therapy	Osteopathic Medicine
Athletic Trainers	Medicine	Pharmacy
Chiropractic Medicine	Nursing	Physical Therapy
Clinical Laboratory Personnel	Nursing Home Administrators	Podiatric Medicine
Clinical Social Work, Marriage and Family Therapy, and Mental Health Counseling	Occupational Therapy	Psychology
Dentistry	Opticianry	Respiratory Care
Hearing Aid Specialists	Optometry	Speech-Language Pathology and Audiology
	Orthotists and Prosthetists	

Councils

Four councils serve in an advisory capacity to a board. Members are appointed by the State Surgeon General or the board under which the council operates.

Councils	Appointing Authority
Dietetics and Nutrition Practice	Board of Medicine
Electrolysis	Board of Medicine
Licensed Midwifery	State Surgeon General
Physician Assistants	Board of Medicine Board of Osteopathic Medicine State Surgeon General

Department-Regulated Professions/Facilities	
Certified Master Social Workers	Pain Management Clinics
Dental Laboratories	Paramedics
Emergency Medical Technicians	Radiologic Technologists
Medical Physicists	School Psychologists
Office Surgery Registration	Optical Establishments

Interested in an Appointment to a Board or Council?

If you are interested in serving on a board, please complete the Gubernatorial Appointments Questionnaire at www.flgov.com/appointments.

If you are interested in serving on a council, please complete the Department of Health Questionnaire for Appointments at <https://apps.floridahealth.gov/bcquestionnaire/>.

Long-Range Plan for 2016-2020

MQA is required to develop and implement a long-range plan pursuant to [section 456.005, Florida Statutes](#). The Long-Range Plan for FY 2016-2020 details MQA's strategic priorities, operational goals, and key measures to monitor performance, and serves as a roadmap for accomplishing the Department's vision of Florida becoming the healthiest state in the nation. The Long-Range Plan must be revised and modified to remain current with trends in health care services and regulation.

Department of Health Strategic Priority Areas

Strategic Priority: Long, Healthy Life

Goal:

Increase healthy life expectancy

MQA Strategy:

Enforce health care standards through timely discipline of individuals and facilities found in violation of the law

Measure:

Percentage of Priority 1* investigations completed within 12 days

*Investigations of cases in which there is a potential for an immediate threat to the public

Percentage of Priority 1* cases completed within 12 days

FY 2015-2016	60.5
FY 2016-2017	73.1
FY 2017-2018	75.4
FY 2018-2019	85.1
FY 2019-2020	94.14

Strategic Priority: Effective Agency Processes

Goal:

Establish a regulatory structure that supports the state's strategic priorities related to global competitiveness and economic growth

MQA Strategy:

License health care professionals in a more timely and efficient manner

Measure:

Health care licensure applications submitted by and approved for active duty service members, military veterans, and their spouses through the VALOR expedited licensing process since its inception*

Applications approved for health care licensure of military spouses and honorably discharged veterans

FY 2015-2016	150
FY 2016-2017	299
FY 2017-2018	359
FY 2018-2019	332
FY 2019-2020	327

*This measure includes individuals licensed under section 456.024, Florida Statutes, the expedited health care licensure process for active duty service members and military veterans who submit proof of his/her honorable discharge either six months before or six months after the date of submission of the application, and for their spouses who hold an active, unencumbered license in another state, territory, or possession of the United States, and are seeking licensure during his/her spouse's active duty assignment in Florida.

Long-Range Plan (continued)

Strategic Priority: Regulatory Efficiency

Goal:

Establish a regulatory structure that supports the state's strategic priorities related to global competitiveness and economic growth

MQA Strategy:

Decrease the licensing time for health care professionals

Measure:

Time to issue a license

Time to issue a license (days)

FY 2013-2014	74
FY 2014-2015	64.5
FY 2015-2016	58.8
FY 2016-2017	61.05
FY 2017-2018	59.1
FY 2018-2019	57.4
FY 2019-2020	51.16

Prosecution Services Unit Litigation and Inventory Reduction

Prosecution Services Unit (PSU) referred 95 cases to the Division of Administrative Hearings for litigation in FY 2019-2020. Nineteen of those cases resulted in full evidentiary hearings and recommended orders presented to eight different boards for final action. PSU issued 295 emergency restriction and suspension orders against licensees posing immediate dangers to public health. No emergency restriction or suspension orders were overturned on appeal.

PSU resolved 6,262 total complaints this fiscal year, 2,188 of which were over one year old. This resulted in a 12.96% decrease in total active cases and a 17.5% decrease in cases over one year old since the close of FY 2018-2019. Notable total inventory reductions include the Board of Nursing (21.22%) and Unlicensed Activity (25.9%). Notable reductions in cases over one year old include the Board of Nursing (38.95%) and the Board of Massage Therapy (15.4%).

Disciplinary Guidelines

MQA, in partnership with the regulatory boards and councils, reviews disciplinary guidelines for compliance with the legislative intent set forth in section 456.079, Florida Statutes. MQA's Annual Report and Long-Range Plan must provide a status of the development and implementation of rules providing for disciplinary guidelines, as required by section 456.026 (9), Florida Statutes.

Summary of Licensed Practitioners

To help sustain Florida's population growth and needed access to health care, the Department strives to reduce regulation and eliminate unnecessary barriers to licensure. To ensure every practitioner has the necessary education and experience to obtain a license, MQA continuously reviews the licensure process for improvement opportunities. At the end of FY 2019-2020, there were 1,345,417 licensed health care practitioners in the state, representing a 3.5% increase.

Recognized Continuing Education Providers

Continuing education/continuing medical education (CE/CME) requirements are intended to encourage professionals to maintain competence, expand their foundations of knowledge, and stay up to date on new and developing areas of their field. Health care practitioners must report completed CE/CME course hours to renew their licenses.

Table 4

Initial Applications Received and Initial Licenses Issued

MQA is committed to reducing regulatory barriers for health care practitioners so they can get to work quickly. All applications are carefully examined to ensure every practitioner in the state meets the requirements for safe practice. During FY 2019-2020, MQA received 117,499 applications and issued 95,552 licenses.

Table 5

Upgrade Applications Received and Upgrade Licenses Issued

After an initial license is issued, a health care practitioner may choose to upgrade a license to reflect greater qualifications. For example, a Registered Nurse may upgrade to hold a Nurse Licensure Compact License after completing additional requirements. During FY 2019-2020, MQA issued 10,085 upgraded health care practitioner licenses.

Profession	Upgrade Type	Upgrade Applications Received	Upgrade Licenses Issued
Chiropractic Medicine - Chiropractic Physician	Acupuncture Added	41	33
Clinical Laboratory Personnel - Clinical Laboratory Personnel	Addition of Specialties or Level Upgrade	419	310

Totals		12,825	10,085

Professions not listed have no data to report in this table.

Table 6

Online Renewals

With almost 1.35 million health care practitioners and facilities in Florida, MQA facilitates an efficient and effective renewal process through an online portal. Most practitioners and facilities are required to renew their license every two years to remain in good standing. MQA renewed 459,871 licenses during FY 2019-2020 with 97.86% of renewals occurring online.

Table 7

Emergency Orders Issued

PSU reviews cases in which a practitioner may pose an immediate serious danger to the public health, safety, or welfare. If a health care practitioner poses a danger to the public or themselves, under section 120.60 (6), Florida Statutes, the Department may restrict or suspend a health care license through an emergency order. During FY 2019-2020, the Department issued 295 emergency orders.

Table 8

Reports Received, Complaints Received, and Investigations Completed

One of MQA's core business functions is to ensure the safety of all residents and visitors of Florida. MQA protects the public by enforcing federal and state laws and rules governing the practice of health care professions in Florida. MQA's Bureau of Enforcement reviews and investigates complaints against health care practitioners and facilities licenses. During FY 2019-2020, MQA received 42,800 complaints and completed 15,582 inspections. The increase in complaints received is due largely to the fingerprint retention renewal requirement as approximately 40% of those licensees required to comply failed to do so within the allotted time frame.

Legally Sufficient excludes 4 found not legally sufficient following commencement of investigation. Investigations completed includes 1 found not legally sufficient upon completion of investigation.

Definitions:

Statutory Report: Reports required by Florida Statute to be submitted to the Department.

Legally Sufficient: Complaints that, if found to be true, show a potential violation of Florida Statutes or Rules.

Table 9

Probable Cause Actions

Each board or the Department has a designated panel to determine if there is probable cause or sufficient evidence to bring formal charges against a licensed health care practitioner. During FY 2019-2020, probable cause was found in 1,579 cases.

Table 10

Disciplinary Cases

When licensed health care practitioners and facilities are found in violation of federal and state laws and/or rules governing the practice of their profession, disciplinary actions are imposed. During FY 2019-2020, final orders were issued in 1,344 cases against practitioners. The board, or the Department when there is no board, imposes a range of disciplinary actions in accordance with their respective disciplinary guidelines.

Medical Malpractice Claims

The Office of Insurance Regulation shall provide the Department with electronic access to all information received under this section related to persons licensed under Chapters 458, 459, 461, or 466, as required in section 627.912(3), Florida Statutes. The Department shall review each report and determine whether any of the incidents that resulted in the claim potentially involved conduct by the licensee that is subject to disciplinary action, in which case the provisions of section 456.073, Florida Statutes, shall apply.

Table 13

Unlicensed Activity

From educating the public to conducting complex investigations and issuing cease and desist orders, MQA's (ULA) program is dedicated to protecting the people of Florida and remaining at the forefront of health care regulation. Working in Tallahassee and 11 field offices throughout the state, the ULA program investigates all unlicensed health care activity complaints and has long-standing partnerships with law enforcement and state attorney offices to prosecute individuals practicing without a license. During FY 2019-2020, MQA received 978 complaints and referred 438 complaints to law enforcement.

Table 14

Student Loan Defaults

Historically, section 456.074(4), Florida Statutes, provided that a health care practitioner's license must be suspended if they defaulted on a student loan guaranteed by the state or federal government. This provision was removed from law during the 2020 legislative session, which is being implemented by MQA (HB 713/HB 115, effective July 1, 2020). During FY 2019-2020, MQA took disciplinary action against 46 practitioners and levied fines in the amount of \$99,332. Disciplinary actions in the chart below predate the effective date of the new law and are in the process of being vacated.

Profession	Reports of Default Received	Investigations Completed	ESO Issued	Probable Cause Found	No Probable Cause Found	Disciplinary Action Taken	Fine Amount Imposed
Acupuncturist	0	0	1	1	0	1	\$0

B. Pathologist and Audiologist Assistant		1,465		No Cap	\$50	
Total Fund	\$152,633,181	1,015,769	\$150			

1. Cost to regulate is computed by adding FY 2020-2021 and FY 2021-2022 projected expenditures and dividing by the total number of non- delinquent active and inactive licensees eligible to renew as of June 30, 2020.
2. Two amounts in the column for fee caps and/or current fees represent two different amounts for active and inactive licensees.
3. If there is a projected positive cash balance at June 30, 2026, then the current renewal fee is deemed to be sufficient.

COVID-19 Health Care Regulation

In response to the declared State of Emergency issued on March 9, 2020, by Governor DeSantis due to the COVID-19 pandemic, MQA has been working with the Department to provide communication and guidance to health care practitioners and the public. Since January 30, 2020, MQA has provided email notifications to licensed health care practitioners containing critical information regarding COVID-19. Notifications have included ongoing preparedness efforts, education, Executive Orders, Emergency Orders, and Emergency Rules. To date, MQA has sent 26 notifications to licensed health care practitioners, which can be found at <https://floridahealthcovid19.gov/news>.

A summary of activities affecting health care regulation is below.

COVID-19 Executive Orders Issued By Governor

Executive Order	Contents
EO 20-51	Directs State Health Officer and State Surgeon General to declare a public health emergency and take any necessary action
EO 20-52	<ul style="list-style-type: none"> Declares State of Emergency in Florida Allows for early 30-day prescription refills Authorizes out of state practitioners who hold valid licenses in other states to provide services in Florida on a volunteer basis for the Department or the Red Cross
EO 20-72	Prohibits unnecessary nonurgent or nonemergency procedures to be performed in certain scenarios listed in EO 20-112
EO 20-112	Initiates phase 1 recovery in re-opening Florida
EO 20-139	Initiates phase 2 recovery in re-opening Florida
EO 20-244	Initiates phase 3 recovery in re-opening Florida

COVID-19 Emergency Orders Issued By State Surgeon General

Emergency Order	Contents
Declaration of Public Health Emergency	<ul style="list-style-type: none"> Declares Public Health Emergency in Florida Allows the Department to temporarily reactivate unencumbered inactive licenses for those who make a request through the Department as provided for in section 381.00315(1)(c)3., Florida Statutes. Inactive medical doctors, osteopathic physicians, physician assistants, licensed practical nurses, registered nurses, advanced practice registered nurses, respiratory therapist, emergency medical technicians, and paramedics will have the option to temporarily reactive their inactive license for a period of 90 days to assist during the public health emergency due to COVID-19.
EO 20-002	<ul style="list-style-type: none"> Authorizes out-of-state health care practitioners to provide health care services in state without a Florida license Expands use of out-of-state telehealth services for certain professions Authorizes use of video conferencing or simulation in emergency medical services training programs Authorizes controlled substance renewal prescribing for existing patients via telehealth
EO 20-003	<ul style="list-style-type: none"> Authorizes extensions for upcoming licensure renewal deadlines Authorizes use of video conferencing or simulation in nursing programs Expands use of out-of-state telehealth services for additional professions Authorizes EMT and paramedics to provide services in an acute care setting

Appendix II continued

Emergency Order	Contents
EO 20-006	<ul style="list-style-type: none"> Suspends section 483.813, Florida Statutes, for the provision that requires a pharmacist to be separately licensed to perform a clinical laboratory test Suspends section 465.003(13), Florida Statutes, for the provisions that prohibit a pharmacist from ordering, administering, or reporting the results of COVID-19 tests, including serology tests, authorized by the United States Food and Drug Administration (FDA), at a location with a clear and active pharmacy license
EO 20-008	<ul style="list-style-type: none"> Allows use of mannequins or simulated patients in lieu of live patients during administrations of American Dental Licensing Exam and Dental Hygiene Exam (expires 09/01/2020) Waives skills demonstration examination for exam candidates who successfully completed a board approved CNA training program within the past 6 months (expires 7/31/2020) Extends licensure renewal deadlines between 05/31/2020 and 07/31/2020 until 08/31/2020
EO 20-010	<ul style="list-style-type: none"> Allows vehicles and aircraft of licensed basic life support service providers, licensed advanced life support service providers, and licensed air ambulance service providers in emergency and nonemergency services to provide service and transportation in any county without a certificate Extends renewal deadline for basic life support service provider licenses, advanced life support service provider licenses, air ambulance service provider licenses, and the associated vehicle and aircraft permits before 07/31/2020 to 08/31/2020 Allows videoconferencing for EMS training program until expiration of EO 20-52 Allows EMS training programs to substitute supervised remote live videoconferencing or simulation for clinical and field internship requirement until expiration of EO 20-52
Public Health Advisory	<p>Provides guidance on the following subjects to supplement the Governor's Public Health Advisories:</p> <ul style="list-style-type: none"> Face Coverings Gatherings Vulnerable Populations
EO 20-012	<ul style="list-style-type: none"> Allows the Department to temporarily reactivate unencumbered inactive licenses for those who make a request through the Department as provided for in section 381.00315(1)(c)3., Florida Statutes. Inactive medical doctors, osteopathic physicians, physician assistants, licensed practical nurses, registered nurses, advanced practice registered nurses, respiratory therapist, emergency medical technicians, and paramedics will have the option to temporarily reactive their inactive license for a period of 90 days to assist during the public health Allows use of mannequins or simulated patients in lieu of live patients during administrations of American Dental Licensing Exam & Dental Hygiene Exam (expires 11/30/2020) Waives skills demonstration examination for exam candidates who successfully completed a board-approved CNA training program within the past 6 months (expires 11/30/2020) Authorizes extensions for upcoming licensure renewal deadlines
EO 20-014	<ul style="list-style-type: none"> Authorizes a pharmacist of registered pharmacy intern to administer vaccines approved or licensed by the FDA to individuals under 18 years old upon consent Authorizes a pharmacist of registered pharmacy intern to administer vaccines ordered and administered according to the CDC and ACIP immunization scheduled and any vaccine approved by the FDA to immunize individuals against COVID-19 Extends licensure renewal deadline of December 2020 for EMTs and Paramedics until 06/01/2021

Appendix II continued

COVID-19 Emergency Rules Issued By Regulatory Boards

Board	Rule	Contents
Chiropractic Medicine	Emergency Hardship Exemption from Continuing Education Requirements for Ch 460 Licensure Renewal	Temporarily removes the 40-CE requirement from upcoming renewal, which is extended until 01/01/2021.
Chiropractic Medicine	64B2ER20-30	Allows Florida licensed Chiropractors to attain their continuing education hours by any means, live, virtual live, or synchronous or asynchronous online.
Clinical Social Work, Marriage and Family Therapy and Mental Health Counseling	64B4ER20-24	Authorizes registered interns who are working under the direction of a qualified supervisor, with a written telehealth protocol and safety plan in effect to provide mental health services by telehealth methods to any client. The newly promulgated emergency rule removed the requirement that the client have an existing therapeutic relationship with the registered intern.
Hearing Aid Specialists	64B6ER20-25	Permits applicants and licensed specialists to complete training requirements on-line.
Massage Therapy	64B7ER20-22	Allows Massage Therapy to teach some subjects through distance learning.
Massage Therapy	64B7ER20-29	It is the same subject matter and effect as 64B7ER20-22 and the pending regular rule making and was promulgated to cover the gap between the first emergency rule and the effective date of the regular rule.
Nursing Home Administrators	64B10ER20-27	Allows clear and active licensees to complete their CE hours online.
Opticianry	64B12ER20-28	Permits continuing education courses to be provided to licensees by distance learning methods with a restriction of no more than 50 participants, and that the course be conducted in such a way that permits interaction between the student and instructor.
Osteopathic Medicine	64B15ER20-18	Allows CEs normally required to be in person to be completed using distance learning.
Pharmacy	64B16ER20-21	Waives the requirement that off-site consultant pharmacists conduct in-person inspections and on-site consultations.
Podiatric Medicine	64B18ER20-19	Allows licensees to complete continuing education entirely on-line.
Speech-Language, Pathology and Audiology	64B20ER20-23	Allows Speech Language Pathology Assistants (SLPAs) to practice under a protocol agreement without direct supervision. This allowed SLPAs to deliver services through telehealth.

COVID-19 Health Heroes

MQA IS GRATEFUL

to all of the health care practitioners and their families who are serving our state during this pandemic. MQA honors those who have served Florida during this unprecedented year.
