0:0:0.0 --> 0:0:1.390
Dinova, Lisa
Hi, Kate, this is Lisa.

0:0:1.400 --> 0:0:2.100
Dinova, Lisa
I see that you're on.

0:0:7.670 --> 0:0:10.50
Kocevar, Kate E
Yes, I did make it, but I'll be happy to let you do the intro.

0:0:11.50 --> 0:0:11.760
Dinova, Lisa
Ohh.

0:0:11.890 --> 0:0:12.180
Dinova, Lisa
OK.

0:0:12.190 --> 0:0:12.540
Dinova, Lisa
We'll do.

0:0:12.550 --> 0:0:12.860
Dinova, Lisa
I was.

0:0:12.940 --> 0:0:13.680
Kocevar, Kate E
Or do you want me to?

0:0:12.910 --> 0:0:17.50
Dinova, Lisa
I was looking to see if Laura was on, though I literally just ran back into my office.

0:0:17.950 --> 0:0:19.500
Kocevar, Kate E
OK, so I'll be happy to do the intro.

0:0:18.30 --> 0:0:20.520
Dinova, Lisa
I was looking to see if Laura was on there.

0:0:20.530 --> 0:0:21.60
Dinova, Lisa
She is here.

0:42:39.770 --> 0:42:43.610
Dinova, Lisa
But it still says that you have to have at least two who have specialty training.

0:42:45.560 --> 0:42:47.290
Dinova, Lisa
To take primary assignment immediately.

0:42:49.820 --> 0:42:50.710
Dinova, Lisa
Does that kind of cover?

0:42:49.910 --> 0:42:50.940
Swain, Jeana M
This is Gina.

0:42:51.550 --> 0:42:51.820
Swain, Jeana M
Yeah.

0:42:51.830 --> 0:42:53.320
Swain, Jeana M
This is Gina at Orlando Health.

0:42:53.330 --> 0:42:55.380
Swain, Jeana M
I agree with the specialty training.

0:42:55.490 --> 0:42:57.360
Swain, Jeana M
Maybe specialty trauma?

0:42:57.370 --> 0:43:2.70
Swain, Jeana M
Resuscitation training, whatever that needs to look like. Umm.

0:43:4.670 --> 0:43:9.420
Swain, Jeana M
I don't know if we need to delineate, you know, such as TNC or something like that.

0:43:9.430 --> 0:43:14.250
Swain, Jeana M
I'm not sure what that would mean for other centers, but they need to be trained.

0:43:14.260 --> 0:43:15.20
Swain, Jeana M
I've really liked that.

0:43:16.80 --> 0:43:18.140
Dinova, Lisa
Melanie has added into the chat.

0:43:18.600 --> 0:43:29.270
Dinova, Lisa
She's been wordsmithing for us at a minimum to trauma trained expert nurses per shift shall be in hospital and taking primary assignment and be immediately available for the resuscitation area.

0:43:31.300 --> 0:43:31.820
952f7920-9dc3-4423-833e-d6c5ec517b49
Love it.

0:43:33.570 --> 0:43:37.20
Dinova, Lisa
I love that Melanie, sitting back there quietly and wordsmithing for all of us.

0:43:45.540 --> 0:43:48.620
Hamilton, Laura E.
OK, So what I'm hearing from the group is that.

0:43:50.770 --> 0:43:53.510
Hamilton, Laura E.
Melanie is version in the chat.

0:43:56.530 --> 0:44:0.230
Hamilton, Laura E.
Let me put it in here and then we can look at it so.

0:44:7.300 --> 0:44:8.340
Hamilton, Laura E.
To trauma.

0:44:28.130 --> 0:44:32.470
Pineda, Candace
I think we need to squeeze the word trauma and there again taking primary trauma assignment.

0:44:33.320 --> 0:44:36.280
Pineda, Candace
More primary assignment of trauma patients something.

0:44:42.530 --> 0:44:43.30
Hamilton, Laura E.
Taking.

0:44:45.80 --> 0:44:46.190
Hamilton, Laura E.
And a minimum 2.

0:44:49.320 --> 0:44:56.290
Hamilton, Laura E.
Trauma trained expert nurses per shift shall be in hospital and taking.

0:44:57.990 --> 0:44:58.490
Hamilton, Laura E.
Primary.

0:44:57.710 --> 0:45:3.400
Dinova, Lisa
How about you put it where available for the trauma resuscitation area instead of putting it up there with trauma?

0:45:4.670 --> 0:45:5.210
Dinova, Lisa
Would that work?

0:45:12.700 --> 0:45:14.560
Hamilton, Laura E.
For the trauma resuscitation area.

0:45:15.860 --> 0:45:18.480
Dinova, Lisa
Heather is asking how do we define expert?

0:45:18.520 --> 0:45:19.230
Dinova, Lisa
Do we get rid of?

0:45:19.240 --> 0:45:20.830
Dinova, Lisa
Do we just say two Trump 2?

0:45:23.70 --> 0:45:26.860
Dinova, Lisa
Two nurses with trauma specific training.

0:45:27.350 --> 0:45:28.100
Dinova, Lisa
Would that work better?

0:45:29.30 --> 0:45:32.780
Hamilton, Laura E.
Well, now later in the standard, we talk about what's required.

0:45:34.190 --> 0:45:34.510
Dinova, Lisa
Ohh.

0:45:32.790 --> 0:45:38.40
Hamilton, Laura E.
So what would what would separate them from the people that are just doing?

0:45:40.370 --> 0:45:44.270
Hamilton, Laura E.
8 hours a year, 16 hours a year, whatever it is they need and.

0:45:46.100 --> 0:45:50.860
Hamilton, Laura E.
Then does that add it cost when you're talking about training?

0:46:1.740 --> 0:46:3.990
Hamilton, Laura E.
To trauma trained nurses.

0:46:5.890 --> 0:46:6.210
Hamilton, Laura E.
On.

0:46:5.380 --> 0:46:11.90
Sinclair, Melanie C
Could we could we, could we define this as alright, can you still hear me?

0:46:11.890 --> 0:46:12.10
Hamilton, Laura E.
Yes.

0:46:13.60 --> 0:46:13.480
Sinclair, Melanie C
OK.

0:46:13.600 --> 0:46:18.280
Sinclair, Melanie C
Could we define this as years of experience plus like TNC?

0:46:27.900 --> 0:46:40.630
Sinclair, Melanie C
So if you have like a trauma trained nurse and you're trying, you know that basic is TNCC and you know they worked in the Ed, but not every hospital has years of experience requirement.

0:46:40.640 --> 0:46:48.280
Sinclair, Melanie C
But maybe we could make a years of experience like you have to have at least one year in the ER, plus TNC to be considered a trauma trained expert.

0:46:54.200 --> 0:46:57.600
Hamilton, Laura E.
Hmm, I think I'm not sure.

0:46:57.610 --> 0:46:58.680
Hamilton, Laura E.
I'm also thinking in that.

0:47:0.600 --> 0:47:1.70
Hamilton, Laura E.
Umm.

0:47:2.470 --> 0:47:14.180
Hamilton, Laura E.
In the Grey Book, I I believe there's a part about and making sure that nurses have a orientation specific to their scope.

0:47:16.730 --> 0:47:20.0
Hamilton, Laura E.
Does that make sense of apps?

0:47:19.350 --> 0:47:25.530
Dinova, Lisa
Yeah, I I was gonna say, and I think you're right that we address it with their education, with the education section too.

0:47:27.980 --> 0:47:28.280
Hamilton, Laura E.
Uh.

0:47:27.810 --> 0:47:34.860
Dinova, Lisa
We just may need to, if we're gonna call it expert nurses in one section when we talk about the education part, we may have to refer back to that.

0:47:34.870 --> 0:47:41.460
Dinova, Lisa
Like if whatever terminology we land on, it needs to follow to both sections, both the education and this.

0:47:45.730 --> 0:47:46.230
Hamilton, Laura E.
Umm.

0:47:49.320 --> 0:47:50.270
d49a29dc-8d5c-458f-8fc4-3aef321f75fe
This is Molly.

0:47:50.380 --> 0:47:56.610
d49a29dc-8d5c-458f-8fc4-3aef321f75fe
I I wanted to say making a one year of Ed experience stipulation would be very difficult.

0:47:56.620 --> 0:47:59.280
d49a29dc-8d5c-458f-8fc4-3aef321f75fe
On my center, because we have a lot of newer staff.

0:48:2.440 --> 0:48:4.560
Hamilton, Laura E.
Out out six, 1197.

0:48:6.920 --> 0:48:7.390
Hamilton, Laura E.
I'm sorry.

0:48:7.400 --> 0:48:8.380
Hamilton, Laura E.
Can you repeat that?

0:48:11.220 --> 0:48:12.300
Pineda, Candace
Like personal problem.

0:48:10.530 --> 0:48:18.660
d49a29dc-8d5c-458f-8fc4-3aef321f75fe
I said making a stipulation as to how many years of experience they have would be very difficult on my center because we have a lot of newer staff.

0:48:19.150 --> 0:48:21.270
d49a29dc-8d5c-458f-8fc4-3aef321f75fe
They are, however, all TNCC trained.

0:48:24.170 --> 0:48:27.640
Pineda, Candace
Yeah, with turnover and travel, that's that is a challenge.

0:48:29.600 --> 0:48:30.210
Swain, Jeana M
This is Gina.

0:48:29.460 --> 0:48:30.550
Hamilton, Laura E.
Yeah, for sure.

0:48:30.560 --> 0:48:31.520
Hamilton, Laura E.
I ohh go ahead.

0:48:31.270 --> 0:48:33.540
Swain, Jeana M
Can we put a minimum of six months?

0:48:35.20 --> 0:48:39.10
Swain, Jeana M
I mean that gets them out of that novice, especially if they're new grads.

0:48:39.20 --> 0:48:40.470
Swain, Jeana M
It gets them out of the novice.

0:48:40.480 --> 0:48:40.750
Swain, Jeana M
Kind of.

0:48:40.760 --> 0:48:43.270
Swain, Jeana M
Period into a little.

0:48:43.330 --> 0:48:47.40
Swain, Jeana M
I mean, it's not a whole lot, but higher level of thinking or critical thinking.

0:48:58.800 --> 0:49:0.250
Swain, Jeana M
Or do we trust centers to?

0:49:3.550 --> 0:49:5.200
Swain, Jeana M
Just decide who belongs there.

0:49:7.110 --> 0:49:14.920
Hamilton, Laura E.
Yeah, I mean here, it's not just anybody goes in there and it definitely is more than a year or two experience.

0:49:15.230 --> 0:49:18.890
Hamilton, Laura E.
It's very selective, so I'm having trouble with.

0:49:20.970 --> 0:49:24.310
Hamilton, Laura E.
Like down grading that to like six months experience.

0:49:29.720 --> 0:49:36.370
d49a29dc-8d5c-458f-8fc4-3aef321f75fe
In our hospital, we have very few long term nurses currently in the emergency department.

0:49:36.580 --> 0:49:43.880
d49a29dc-8d5c-458f-8fc4-3aef321f75fe
We do, however, makes all of them go through TNCC training before they can be a perk to sipat in the trauma resuscitation.

0:50:4.170 --> 0:50:6.420
Dinova, Lisa
Or do you see the last couple comments and the chat there?

0:50:6.680 --> 0:50:8.20
Hamilton, Laura E.
Yeah, that's what I'm looking at now.

0:50:9.330 --> 0:50:10.560
Dinova, Lisa
So I can read it for you. 'cause.

0:50:10.570 --> 0:50:12.60
Dinova, Lisa
I know you're typing and looking so.

0:50:15.240 --> 0:50:17.460
Hamilton, Laura E.
I love sticky wicket. Umm.

0:50:20.850 --> 0:50:26.900
Hamilton, Laura E.
Multi victim may have trauma expert nurses in the room, but you may just be working with whoever is available.

0:50:26.990 --> 0:50:27.180
Hamilton, Laura E.
Yeah.

0:50:28.610 --> 0:50:32.280
Hamilton, Laura E.
Umm, instead of expert we could say qualified as defined by the facility.

0:50:36.950 --> 0:50:38.520
Hamilton, Laura E.
And Amy says that there is.

0:50:38.570 --> 0:50:41.540
Hamilton, Laura E.
Is this something we would have to track or can we just speak to it?

0:50:44.230 --> 0:50:47.180
Hamilton, Laura E.
And it would be the required number of requirement.

0:50:47.190 --> 0:50:50.990
Hamilton, Laura E.
Oh my goodness, I can't speak today of the facility to define qualified.

0:50:51.470 --> 0:50:55.790
Hamilton, Laura E.
I mean, it sounds like we're all in really different situations.

0:50:58.150 --> 0:50:59.60
Hamilton, Laura E.
I kind of like.

0:51:1.710 --> 0:51:5.40
Hamilton, Laura E.
Being able to define qualified.

0:51:7.770 --> 0:51:11.410
Hamilton, Laura E.
For my own center, that would be my.

0:51:13.80 --> 0:51:13.660
Hamilton, Laura E.
Opinion.

0:51:19.410 --> 0:51:21.20
Hamilton, Laura E.
What do you guys think?

0:51:21.30 --> 0:51:22.790
Hamilton, Laura E.
Should we do we need time to?

0:51:26.330 --> 0:51:26.510
Dinova, Lisa
And.

0:51:25.770 --> 0:51:28.60
Hamilton, Laura E.
To study on this and oh God.

0:51:28.840 --> 0:51:35.700
Dinova, Lisa
No, I was just gonna say it looks like Leanne typed in the notes because she said that she had to jump off, but her two senses that the original statement was sufficient at her.

0:51:39.670 --> 0:51:39.970
Hamilton, Laura E.
OK.

0:51:40.700 --> 0:51:44.470
Dinova, Lisa
But I don't know if that was the pre struck original original or original.

0:51:45.930 --> 0:51:46.470
Hamilton, Laura E.
That's true.

0:51:52.0 --> 0:51:52.410
Hamilton, Laura E.
Yeah.

0:51:52.590 --> 0:51:52.940
Marta Morales Jackson South
This this.

0:51:52.420 --> 0:51:54.750
Hamilton, Laura E.
It's like the whole point was to give this more teeth.

0:51:54.760 --> 0:51:55.470
Hamilton, Laura E.
So we don't want to.

0:51:55.240 --> 0:51:57.220
Marta Morales Jackson South
Yeah, that I hate to chime in.

0:51:57.230 --> 0:52:7.30
Marta Morales Jackson South
This is Martha from Jackson S how about something like maybe to trauma recess, recess trained nurses.

0:52:7.100 --> 0:52:13.210
Marta Morales Jackson South
Just leave that up to everybody else, because the problem is is like I I have a little bit of everything.

0:52:13.220 --> 0:52:14.580
Marta Morales Jackson South
I have some there TNC.

0:52:14.590 --> 0:52:21.150
Marta Morales Jackson South
I have some that are that have come from elsewhere and they are experts within seven months, eight months or something like that.

0:52:21.230 --> 0:52:23.370
Marta Morales Jackson South
So it just it in.

0:52:23.380 --> 0:52:29.730
Marta Morales Jackson South
In this way, it would leave it up to the facility to determine at least we have them trained in resuscitation.

0:52:30.400 --> 0:52:38.360
Marta Morales Jackson South
According to the facility, instead of using the word expert or just like trauma, resuscitation trained nurses.

0:52:43.370 --> 0:52:46.420
Marta Morales Jackson South
Because ER resource is different than trauma resource.

0:52:50.10 --> 0:52:50.920
Marta Morales Jackson South
Just a thought, I don't know.

0:52:53.860 --> 0:52:54.880
Hamilton, Laura E.
So more like that.

0:52:57.640 --> 0:52:57.840
Marta Morales Jackson South
Yes.

0:52:59.20 --> 0:52:59.670
Hamilton, Laura E.
OK.

0:52:59.680 --> 0:53:6.650
Hamilton, Laura E.
And then because it's not defined, then it's something that you would just speak too for your facility?

0:53:9.900 --> 0:53:17.750
Dinova, Lisa
Or as someone else had recommended, maybe in parentheses after resuscitation trained nurses you could put as defined by facility by facility.

0:53:18.120 --> 0:53:22.340
Dinova, Lisa
Just because I know that I heard someone say have that in there if we wanted.

0:53:24.230 --> 0:53:25.300
Hamilton, Laura E.
As defined by.

0:53:32.50 --> 0:53:34.330
Hamilton, Laura E.
By the facility, I don't know where that seems.

0:53:39.160 --> 0:53:41.170
Kocevar, Kate E
Uh hello, all this is Kate.

0:53:41.420 --> 0:53:43.810
Kocevar, Kate E
As I listened to this wonderful banter back and forth.

0:53:44.880 --> 0:53:49.250
Kocevar, Kate E
I'm now I have to put on my head from representing the surveyors.

0:53:49.320 --> 0:53:52.850
Kocevar, Kate E
Yes, we're going to need something that outlines what the facility considers.

0:53:53.670 --> 0:53:56.450
Kocevar, Kate E
I'm nurses who are trained in resuscitation.

0:53:59.630 --> 0:54:2.520
Hamilton, Laura E.
OK, so adding the as defined by the trauma center.

0:54:3.450 --> 0:54:5.170
Kocevar, Kate E
Yeah, like per policy or something.

0:54:5.390 --> 0:54:5.730
Hamilton, Laura E.
OK.

0:54:5.180 --> 0:54:18.210
Kocevar, Kate E
There's got to be something that we're going to be able to have to be able to go back and say yes, this is, you know, this these, these individuals who are claiming to be this are actually hospitals policy trained in resuscitation based on the facilities policy.

0:54:19.120 --> 0:54:21.490
Dinova, Lisa
Kate, would that have to be a policy or it could be an?

0:54:21.540 --> 0:54:22.790
Dinova, Lisa
Or could it be an education plan?

0:54:23.770 --> 0:54:25.810
Dinova, Lisa
Because I know we talked about education plans before.

0:54:26.950 --> 0:54:30.650
Kocevar, Kate E
I am what's the difference in in what you see as as an education plan?

0:54:30.660 --> 0:54:31.710
Kocevar, Kate E
And as I see as a policy.

0:54:35.640 --> 0:54:36.150
Kocevar, Kate E
There you go.

0:54:33.240 --> 0:54:36.450
Dinova, Lisa
One is more formal than the other one, the education.

0:54:37.420 --> 0:54:44.730
Dinova, Lisa
So when an education plan worked because lots of other things that we do are covered by education plans in some facilities.

0:54:44.740 --> 0:54:48.410
Dinova, Lisa
So I I just want to clarify, I do everything in policies, but I just wanna make.

0:54:46.920 --> 0:54:49.190
Kocevar, Kate E
Well, some facilities call an education plan.

0:54:49.200 --> 0:54:50.500
Kocevar, Kate E
Some call them guidelines.

0:54:50.510 --> 0:54:51.90
Kocevar, Kate E
Some call them.

0:54:51.530 --> 0:54:55.240
Dinova, Lisa
So you don't care what it's called, as long as it's something written beautiful.

0:54:51.100 --> 0:54:55.310
Kocevar, Kate E
You know I need something that yeah. Yep.

0:54:57.330 --> 0:54:57.720
Kocevar, Kate E
Yeah.

0:54:57.730 --> 0:55:7.990
Kocevar, Kate E
And that it's at least able to we can eat at least crosswalk it over it because again, remember these these particular this particular wording has to apply to 36 trauma centers.

0:55:17.940 --> 0:55:28.440
Hamilton, Laura E.
OK, so now put that in words for me, as defined by the trauma center as written by the trauma center defined as written by the trauma center.

0:55:33.830 --> 0:55:34.580
Kocevar, Kate E
They called hers.

0:55:33.650 --> 0:55:44.50
Marta Morales Jackson South
I think as I think as defined by the trauma center is giving us the the ability to say, OK, this is how I define it, boom with a policy or here.

0:55:44.180 --> 0:55:46.830
Marta Morales Jackson South
These are my standards of practice for trauma.

0:55:47.120 --> 0:55:51.430
Marta Morales Jackson South
You know, it gives us just as defined by us, meaning the trauma center.

0:55:52.240 --> 0:55:55.920
Dinova, Lisa
Melanie typed into the chat as defined in policy slash standard.

0:55:56.750 --> 0:55:57.170
Marta Morales Jackson South
Perfect.

0:55:57.220 --> 0:55:57.390
Hamilton, Laura E.
OK.

0:56:3.500 --> 0:56:3.990
Hamilton, Laura E.
OK.

0:56:4.0 --> 0:56:7.560
Hamilton, Laura E.
So at a minimum, 2 trauma resuscitation.

0:56:7.570 --> 0:56:21.290
Hamilton, Laura E.
Train nurses, as defined by the trauma Center standard policy per shift, shall be in hospital taking primary assignment and be immediately available for the trauma resuscitation area.

0:56:28.730 --> 0:56:29.500
Hamilton, Laura E.
Who loves it?

0:56:32.180 --> 0:56:33.520
Dinova, Lisa
Lisa loves it if that counts.

0:56:33.890 --> 0:56:34.560
Hamilton, Laura E.
Woohoo.

0:56:35.510 --> 0:56:37.250
Hamilton, Laura E.
How many stakeholders love it?

0:56:37.850 --> 0:56:39.310
Marta Morales Jackson South
I love it, Jackson South.

0:56:40.260 --> 0:56:40.690
Hamilton, Laura E.
OK.

0:56:40.700 --> 0:56:41.250
Hamilton, Laura E.
Thanks.

0:56:41.700 --> 0:56:43.330
Hamilton, Laura E.
Any public comments on this?

0:56:47.400 --> 0:56:49.90
Hamilton, Laura E.
All right guys, it's 356.

0:56:49.100 --> 0:56:50.870
Hamilton, Laura E.
So we won't get into anything else.

0:56:50.880 --> 0:56:53.830
Hamilton, Laura E.
I thank you all for the discussion.

0:56:54.820 --> 0:56:57.570
Hamilton, Laura E.
We will pick back up again next week.

0:56:57.820 --> 0:56:58.590
Hamilton, Laura E.
Have a good one.

0:56:58.640 --> 0:57:0.610
952f7920-9dc3-4423-833e-d6c5ec517b49
I have a good day everyone.

0:57:1.390 --> 0:57:1.850
Hamilton, Laura E.
And by.

0:57:2.740 --> 0:57:3.170
Kocevar, Kate E
Thank you all.
