July 2014
The U.S. Department of Agriculture (USDA) prohibits discrimination against its customers, employees, and applicants for employment on the bases of race, color, national origin, age, disability, sex, gender identity, religion, reprisal, and where applicable, political beliefs, marital status, familial or parental status, sexual orientation, or if all or part of an individual's income is derived from any public assistance program, or protected genetic information in employment or in any program or activity conducted or funded by the Department. (Not all prohibited bases will apply to all programs and/or employment activities.)

If you wish to file a Civil Rights program complaint of discrimination, complete the USDA Program Discrimination Complaint Form, found online at http://www.ascr.usda.gov/complaint_filing_cust.html, or at any USDA office, or call (866) 632-9992 to request the form. You may also write a letter containing all of the information requested in the form. Send your completed complaint form or letter to us by mail at U.S. Department of Agriculture, Director, Office of Adjudication, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410, by fax (202) 690-7442 or email at program.intake@usda.gov.

Individuals who are deaf, hard of hearing or have speech disabilities may contact USDA through the Federal Relay Service at (800) 877-8339; or (800) 845-6136 (in Spanish).

USDA is an equal opportunity provider and employer.
The following items are for you to review and regard as part of your CCFP Annual Training. The first part of the book applies to all types of contractors and the rest applies as indicated.

CCFP Annual Reminders:

**All Contractor Types (I, S, A, H, D, U)**

- Set up your FY 2015 files for the CCFP
- Make sure your records are updated, onsite and available at all times
- Ensure that the And Justice For All poster is posted, along with the WIC Flyer (unless distributed to parents) and the Building for the Future Flyer (multi-sites only)
- If catered, remember to renew or complete competitive procurement procedures before September 30, 2014 (see page 11 for more information)

**Independent Centers (I) and Sponsors of Affiliated Centers (S)**

- If you use the binder method, make a new FY 2015 3-ring binder for Free and Reduced-Price Applications, Child Participation Information, Infant Feeding Forms and Enrollment Rosters (see binder explanation below)
- Collect new Free and Reduced-Price Applications, Child Participation Information and Infant Feeding Forms from parents/guardians
  - Tip: Do not send the forms home; instead, have an informed staff person “man” a table during drop-off and pick-up times to help parents complete them.
  - Tip: The Child Care Enrollment Form in MIPS collects child participation information.
  - A recommended method for keeping these forms organized is to create a binder with A-Z tabs with a separate roster for each letter (or combination of letters – i.e., xyz); the F/R Applications, Child Participation Forms and Infant Feeding forms for the children listed on each roster page can then be filed behind that roster in the binder.
- Create New Enrollment Roster
  - **Every** child must be listed on the roster, even if they only attend for one day, and even if they do not eat. This includes infants, school-age children attending before and after-school programs, as well as all VPK children.
- Go to [www.floridahealth.gov/ccfp](http://www.floridahealth.gov/ccfp) if you’d like to watch a refresher module on approving Free and Reduced-Price Applications and creating Enrollment Rosters (found under the Training Opportunities link).
**Afterschool Meals Program (A)**

- Ensure all your afterschool sites have been determined eligible within the last five years. If not, re-determine area eligibility (see guidance on page 13).

**Day Care Home Sponsors (D)**

- Ensure all Tier I providers that are qualified by school or census data have been determined eligible within the last five years. If not, re-determine tiering eligibility. Pull report from MIPS to easily identify when each date expires (see guidance on page 14).
- Tip: The Child Care Enrollment Form in MIPS collects the required child participation information.
- Check the License Expiration Report in MIPS (under Contractor Information on your menu) to ensure DOH has the most current licenses on file for your providers.

**Sponsors of Unaffiliated Centers (U)**

- Remind your centers to collect new Free and Reduced-Price Applications, Child Participation Information and Infant Feeding Forms from parents/guardians
  - Tip: Centers may use the Child Care Enrollment Form in MIPS to meet the requirement of collecting child participation information.
- Create new Enrollment Rosters for your centers
  - **Every** child must be listed on the roster, even if they only attend for one day, and even if they do not eat. This includes infants, school-age children attending before and after-school programs, as well as all VPK children.
  - If using the binder method, make new FY 2015 3-ring binders for all your centers for filing the Rosters, Free and Reduced-Price Applications, Child Participation Information, and Infant Feeding Forms.
- Check the License Expiration Report in MIPS (under Contractor Information on your menu) to ensure DOH has the most current licenses on file for your centers.
- Go to [www.floridahealth.gov/ccfp](http://www.floridahealth.gov/ccfp) if you’d like to watch a refresher module on approving Free and Reduced-Price Applications and creating Enrollment Rosters (found under the Training Opportunities link).
Tips for a Successful Review

Below are six areas in which errors are frequently found during reviews. Use the tips that are applicable to your program type to help improve the success of your future reviews.

Free and Reduced-Price Meal Applications

- Ensure that all required information is recorded on the application (Refer to the Eligibility Guide for Child Care Centers)
- Check Food Assistance Program and TANF numbers, last four digits of Social Security numbers, and parents' signatures
- Ensure the frequency of each income is specified or the "no income" box is checked
- Convert incomes with different frequencies to a total annual amount
- Children with missing or incomplete applications must be classified as Non-Needy until all required information is received and another classification can be verified

New Policy Change – There are now two options for determining the effective date of a household’s eligibility category: Option A and Option B. Each CCFP contractor must choose the option they will use and approve all applications using only that option. (See Policy Memo April 24, 2014- Effective Date of Income Eligibility Determinations)

Enrollment Rosters

- Record the child’s correct full name and/or nickname on the roster and use that name consistently on all CCFP forms
- Drop-ins and VPK children must be listed on the roster, even if the children only attend part-time or even for one day
- All enrolled children need to be on the roster, even if some of their paperwork is outstanding
  😊 TIP – Write a “P” (for pending) in pencil by the child’s name until all the paperwork is in. Erase the “P” when all forms are received and the final Free/Reduced/Non-Needy determination is made.
- Record a last date of attendance for children who are no longer attending, (i.e. children who do not attend for a whole calendar month)
- The summary section at the bottom of each page of the roster must be compiled at the end of the month with the total number of Free/Reduced/Non-Needy children
- The total number of Free/Reduced/Non-Needy children from the summary sections of the enrollment roster pages should match the totals submitted on the Monthly Claim for Reimbursement

Meals Claimed

- Record all meal counts within one hour of service (does not apply to day care home providers)
- Meal counts may be lower than daily sign-in sheets, attendance records, or number of delivered catered meals, but should never be higher
- Serve meals during the approved meal service times listed on the CCFP Site Information Sheet and Provider Data Sheet
Meal Pattern Requirements

- Use the Menu Review Checklist when planning menus to ensure all requirements are met
- Review the Guide to Crediting Foods to ensure menu items are creditable
- Make sure that children 2 years of age and older are receiving lowfat (1%) or fat-free (skim) milk; whole milk is recommended for children between the ages of 1 and 2
- Use a cycle menu, either your own or one recommended by CCFP, to help with meal planning and to reduce errors
- Have copies of CN labels or Manufacturer’s Analysis sheets for all main dish commercially processed/combo foods on your menu and be sure to use the calculations on the label to ensure the correct amounts are being served

© TIP – The CCFP website (www.floridahealth.gov/ccfp) has a tutorial and a calculator for determining the correct serving sizes from CN labels

Food Costs

- You must purchase enough food to provide the appropriate number of servings and serving sizes for all children being served, including infants
- Use the Milk Usage Calculator on the CCFP website as a planning tool to ensure that enough milk will be purchased each month
- To estimate the amount of money that should be spent on food for the current month, aim to spend at least 50% of the amount of the previous month’s total reimbursement on food
- Pay attention to administrative and non-food operating costs to make sure they are not cutting into the amount of money allocated for food

Expenditure Records

- Store all monthly claim documentation in one envelope for easy reference; use the CCFP Monthly Documentation Checklist (located in MIPS under Blank Forms/Documents) to ensure you have all required records
- Keep all original receipts; copies are recommended, especially for receipts like thermal receipts which fade; however, copies alone are not sufficient to support CCFP reimbursement
- Operating and Administrative Expenditure Worksheets should be completed monthly, using the appropriate columns to record all expenses (self-calculating spreadsheets can be found on our website under Regulations, Guidance and Record Keeping).
- If claiming labor costs, Personnel Activity Reports (PARs) must be completed for all employees claimed and must be signed by both the employee and his/her supervisor (self-calculating PAR forms can be found in MIPS and on our website under Regulations, Guidance and Record Keeping).

Food Service Inspection Requirements
Child Care Food Program

Child Care Food Program (CCFP) regulations require child care facilities to have a current health/sanitation permit or satisfactory food service inspection report issued by a local authority at least yearly. Centers must provide a copy of their current food service inspection documentation as part of the application process and also make it available during a CCFP monitoring review. Food service inspection documentation is valid for one year from date of issuance or until the expiration date on the document, whichever date is earlier.

For DCF licensed child care centers:
The Department of Children and Families (DCF) provides food service inspections to licensed child care centers in 62 counties. DCF has updated the child care standards for centers (Chapter 65C-22, Florida Administrative Code effective 8/1/2013). As part of licensing, DCF inspects for food service according to standard 65C-22.002 Physical Environment and 65C-22.005 Food and Nutrition. A valid licensing inspection report or a Food Hygiene Inspection Addendum indicating compliance with the standards in effect at the time of inspection is required.

For religious-exempt child care centers:
The Environmental Health section of the local county health department will provide food service inspections to religious-exempt child care centers, when requested. When requesting an inspection, a completed Request for Food Service Inspection form must be submitted to the local county health department. Please contact (Sponsor enter contact name and phone number here) for request form and local county health department contact list.

For public/private schools:
Environmental Health from the local County Health Department (CHD) is responsible for food service inspections and issuing DOH Food Permits to public and private schools.

For locally licensed child care centers:
Local licensing is responsible for food service inspections in five counties: Broward, Hillsborough, Palm Beach, Pinellas, and Sarasota. Food service documentation will be determined by the county of issuance. See the table below for local licensing and food service inspection contact information.

Revised 2/7/2014
According to FNS instruction 113-1, Section XI, training on Civil Rights is required annually for all levels of CCFP administration. Please ensure you are compliant with the following information and your "And Justice for All" poster is displayed in a prominent place. For replacement posters call Danielle Eddings at 850-245-4323.

This PowerPoint presentation can be found on our website under Training Opportunities for your use.

***Civil Rights in the Child Care Food Program (CCFP)***

**Why is Civil Rights important?**

Ensures equal access to the Child Care Food Program

**What is Discrimination?**

The act of distinguishing one person or group of persons from others, either intentionally, by neglect, or by the effect of actions or lack of actions based on their protected classes

**Six Protected Classes**

- Race
- Color
- National Origin
- Age
- Sex
- Disability

**Assurances**

A civil rights assurance is incorporated in all agreements between the state agency and contractor in order to ensure that ALL children have access to the child nutrition programs.

Agreements between sponsors and their facilities also include civil rights assurances.

**Public Notification System**

Display in a prominent place the "And Justice For All" poster.

Nondiscrimination Statement

Minimum Statement:
(use only if limited space is available)

"This institution is an equal opportunity provider" or "The Child Care Food Program is an equal opportunity provider."

Handling Complaints

Right to File a Complaint:
Any person alleging discrimination based on race, color, national origin, age, sex, or disability has a right to file a complaint within 180 days of the alleged discriminatory action.

Complaints:
- Written or verbal
- Anonymous complaints should be handled as any other complaint
- State agencies can develop complaint forms, but the use of such forms cannot be a prerequisite for acceptance of a complaint
Handling Complaints

Compliance Reviews

Civil rights compliance must be evaluated during:
- Pre-approval Reviews (Question on the pre-approval form and observation of practices)
- Post-award or Routine Compliance Reviews (Site, Sponsor and Provider Review Forms)

Resolving noncompliance

Noncompliance is a factual finding that any civil rights requirement, as provided by law, regulation, policy, instruction or guidelines, is not being adhered to by a contractor or its sponsored facilities.

Noncompliance may be the result of:
- A review of civil rights compliance during routine reviews
- A special review or
- An investigation

Once noncompliance is determined, steps must be taken to immediately obtain voluntary compliance.

Continued noncompliance may lead to suspension or termination.

Data Collection and Reporting

Each contractor is required to collect racial/ethnic data and maintain the data on file for three years plus the current year.

This information is reported on site/provider information forms and site/provider review forms.

Data Collection and Reporting

The purpose is to:
- Determine how effectively FNS programs are reaching potential eligible persons and beneficiaries
- Identify areas where additional outreach is needed
- Complete reports, as required
Language Assistance

Contractors have a responsibility to take steps to ensure meaningful access to their programs and activities by persons with Limited English Proficiency (LEP).

LEP describes individuals who do not speak English as their primary language and who have a limited ability to read, speak, write, or understand English.

Translated materials are available from the CCFP.

Reasonable accommodations for persons with disabilities

Americans with Disabilities Act - prohibits discrimination based on a disability in all services, programs, and activities provided to the public by State and local governments, except public transportation services. This means that agencies must ensure persons with disabilities have:

- Program accessibility (phone, mail, etc.)
- Effective communication with agency staff
- Easy access to the building itself

Equal opportunity for religious organizations

Ensures a level playing field for the participation of faith-based organizations and other community-based organizations (FB/CBO) in USDA programs

Creates new opportunities to serve more people in need

USDA is working to ensure that FB/CBO have equal access to USDA funding opportunities, especially those groups that have not partnered with the government before

Good Customer Service

Providing good customer service is key to avoiding the appearance or perception by anyone of unlawful discriminatory statements or actions

Civil Rights Training

All staff must receive training on all aspects of civil rights compliance on an annual basis, including:

- Effective public notification systems
- Complaint procedures
- Compliance review techniques
- Resolution of noncompliance
- Collection and use of racial/ethnic data
- Requirements for language assistance
- Requirements for reasonable accommodation of persons with disabilities
- Customer service
- Conflict resolution

Resolving conflict

Conflict comes about from differences - in needs, values and motivations. Sometimes through these differences we complement each other, but sometimes we will conflict.

Conflict is not a problem in itself - it is what we do with it that counts.

Area Eligibility: Qualifying Afterschool Meals Program (AMP) Sites

An AMP site must be located within the geographical boundaries of a school zone in which 50 percent or more of the children enrolled are eligible for free or reduced-price school meals. This is referred to as area eligibility. School zones for elementary, middle, or high schools are used in determining area eligibility.

Each site must have its area eligibility re-determined at least every five years. Below are the guidelines for re-determining area eligibility:

1. Re-determination of each site's area eligibility must be completed at least once every five years. (Example: Initial determination is made January 16, 2012, and is effective January 1, 2012. Re-determination must be completed by the end of January 2017, and will be effective January 1, 2017.) The report from MIPS, titled “AMP Site Eligibility Determination Date” lists the determination date for all sites and can be used as an aid to ascertain when the site eligibility must be re-determined.

2. If an afterschool site relocates to a different school zone, the eligibility of the site must immediately be re-determined, using the most recent 50% School List.

3. Each year, contact the county school board to determine if school zones have remained the same, or have changed, and document the details of this contact. If public school zones have changed:
   a. All new sites must be approved using the new school zones.
   b. Existing sites may keep their eligibility until the end of their five-year period of eligibility. After the five-year period, the eligibility of the existing sites must be re-determined using the most recent school zones and 50% School List.

4. When choosing to re-determine a site's area eligibility prior to eligibility expiration, use the most current 50% School List in existence when the re-determination takes place.

5. If a site is terminated from the AMP and subsequently added back on the AMP, the most recent 50% School List must be utilized to make a current area eligibility determination.

6. When a new 50% School List is issued:
   a. Contractors must use the new list for determining the area eligibility of any new site(s) and any existing sites whose five-year eligibility is exhausted.
   b. Existing sites that are within their five-year eligibility period may retain their area eligibility until the end of their current five-year period.

7. USDA, DOH, or a sponsor of multiple sites has the authority to change an area eligibility determination if new information becomes available to indicate that the site is no longer eligible.

PLEASE NOTE: Some schools on the 50% School List (e.g. exceptional schools, university lab schools, Florida School for the Deaf and Blind, Juvenile Justice Schools, charter schools, virtual schools, etc.) do not have traditional school zones and are not to be used to determine area eligibility.
Day Care Homes: Tiering Eligibility

DCH Sponsors are required to re-determine tiering eligibility of Tier I providers qualified by school or census data every five years. DCH Sponsors can pull a report from MIPS that will identify the next determination date.

1. Log-in to MIPS
2. Expand “Provider Information”
3. Then click on “Provider Tier I Determination Date”
4. Select the Current Fiscal Year (this eliminates errant data)
5. Click Preview Report
   o The report lists providers by Tier I category (School, Census and Provider Income)
   o Providers are listed in chronological order by determination.

See the examples below. The report (see right box) displays the determination date and next determination due date for each provider.

Remember that the following must be updated annually:

- Provider Income Statement form:
  o For providers qualifying as Tier I based on provider income or Food Assistance/TANF eligibility (back-up documentation required to be on file)
  o For Tier I providers qualifying to claim “own” children for meals
- Tier II Household Income Statement form for all children in Tier II DCH for which provider will be reimbursed at the high rate.
This facility participates in the Child Care Food Program (CCFP), a Federal program that provides healthy meals and snacks to children child care settings.

Each day more than 2.6 million children participate in the CCFP at day care homes, child care centers, and afterschool programs across the country. Providers are reimbursed for serving nutritious meals that meet USDA requirements. The program plays a vital role in improving the quality of child care and making it more affordable for low-income families.

**Meals**

CCFP facilities follow meal requirements established by USDA.

**Participating Facilities**

Many different homes and centers operate the CCFP and share the common goal of bringing nutritious meals and snacks to participants. Participating facilities include:

- **Child Care Centers**: Licensed or approved public or private nonprofit child care centers. Head Start programs, and some for-profit centers.
- **Family Day Care Homes**: Licensed or approved private homes.
- **Afterschool Programs**: Sites in low-income areas provide free snacks and/or meals to school-age children and youth.
- **Homeless Shelters**: Emergency shelters provide food services to homeless children.

**Eligibility**

State agencies reimburse facilities that offer non-residential child care to the following children:

- children age 12 and under,
- migrant children age 15 and younger, and
- youth through age 18 in afterschool programs in needy areas.

**Civil Rights**

The U.S. Department of Agriculture (USDA) prohibits discrimination against its customers, employees, and applicants for employment on the bases of race, color, national origin, age, disability, sex, gender identity, religion, reprisal, and where applicable, political beliefs, marital status, familial or parental status, sexual orientation, or if all or part of an individual's income is derived from any public assistance program, or protected genetic information in employment or in any program or activity conducted or funded by the Department. (Not all prohibited bases will apply to all programs and/or employment activities.) If you wish to file a Civil Rights program complaint of discrimination, complete the USDA Program Discrimination Complaint Form, found online at [http://www.ascr.usda.gov/complaint_filing_cust.html](http://www.ascr.usda.gov/complaint_filing_cust.html), or at any USDA office, or call (866) 632-9992 to request the form. You may also write a letter containing all of the information requested in the form. Send your completed complaint form or letter to us by mail at U.S. Department of Agriculture, Director, Office of Adjudication, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410, by fax (202) 690-7442 or email at program.intake@usda.gov. Individuals who are deaf, hard of hearing or have speech disabilities may contact USDA through the Federal Relay Service at (800) 877-8339; or (800) 845-6136 (in Spanish). USDA is an equal opportunity provider and employer.
