- Percent who went to graduate schools: 55% (76/138)
- Percent who majored in science or healthcare fields in graduate schools: 55% (42/76)
- Percent who went to med schools: 6.5% (9/138)

Summer Institute (From 2008-09 to 2014-15)

- Total number of students served: 417
- Number of high school graduates: 325
- Percent tracked for college information: 84% (273/325)
- Percent who graduated from high school: 100%
- Percent who entered college: 99% (270/273)
- Percent who provided major information: 93% (252/270)
- Percent who chose a science, math or health related major (STEMM): 85% (213/252)
- Percent tracked for post-college information: 51% (43/85)
- Percent who graduated from colleges: 86% (37/43)
- Percent who went to graduate schools: 27% (10/37)
- Percent who majored in science or healthcare fields in graduate schools: 50% (5/10)
- Percent who went to med schools: 11% (4/37)

USSTRIDE (From 1994-95 to 2014-15)

- Total number of students served: 456 (57 active)
- Percent who completed USSTRIDE: 95% (380/399)
- College graduates: 399 (including PB)
- Percent whom the SSTRIDE Office is able to track: 88% (353/399)
- Percent who went to a medical school: 64% (227/353)
- Percent who went to FSU COM: 59% (133/227)
- Percent who went to a graduate a school: 24% (83/353)
- Percent who chose STEMM related major in graduate schools: 90% (75/83)
- Med school graduates: 141
- Percent who were tracked for residency information: 89% (125/141)
- Percent who entered a primary residency program: 58% (73/125)
- In practice: 81 (8 untracked)
- Practice in underserved areas: 40% (32/81)

SSTRIDE Outcomes Report for FSU College of Medicine Annual Book

- Practice in FL: 40% (32/81)

HMS (From 2006-07 to 2014-15)

- Total number students served: 91
- Percent who completed HMS: 81% (51/63)
- College graduates: 60
- Percent whom the SSTRIDE Office is able to track: 87% (52/60)
- Percent who went to medical schools: 85% (44/52)
- Percent who went to graduate schools: 12% (6/52)
- Graduate school majors related in science, medicine and healthcare: 50% (3/6)
- In residency: 10
- Percent who entered residency in primary care: 80% (8/10)

Bridge (From 2001-12 to 2014-15)

- Total number of students served: 137
- Percent who came from USSTRIDE: 41.6%
- Exited from Bridge: 125 (118 completed, 7 withdrew or dismissed)
- Percent of the students who completed Bridge: 94% (118/125)
- Percent of ALL the Bridge students (including the ones who did not complete the program) whom the SSTRIDE Office is able to track: 95% (119/125)
 - ❖ Please note that the outcomes below include the tracked students who ever participated in the program
- Percent who went to medical schools: 100% (119/119; 118 went to FSU COM)
- Graduated from medical schools: 64 (graduation rate: 95.5%, with 3 withdrew or dismissed)
- Percent who entered residency in primary care: 73% (47/64)
- In practice: 32
- Percent who are practicing in under-served areas: 53% (17/32)
- Percent who are practicing in Florida: 47% (15/32)
 - ❖ Please note that the outcomes below only include the tracked students who completed Bridge program
- Percent who went to FSU COM: 100% (118/118)
- Graduated from FSU COM: 63 (graduation rate: 95.5%, with 3 withdrew or dismissed)
- Percent who entered residency in primary care: 75% (47/63)
- In practice: 31
- Percent who are practicing in under-served areas: 52% (16/31)
- Percent who are practicing in Florida: 45% (14/31)
